Matisse Nouveau Pierre Matisse, Andrews McMeel Publishing, 2003-03      *Matisse's Poets* Kathryn Brown, 2017-09-21

Throughout his career Henri Matisse used imagery as a means of engaging critically with poetry and prose by a diverse range of authors Kathryn Brown offers a groundbreaking account of Matisse's position in the literary cross currents of 20th century France and explores ways in which reading influenced the artist's work in a range of media This study argues that the *livre d'artiste* became the privileged means by which Matisse enfolded literature into his own idiom and demonstrated the centrality of his aesthetic to modernist debates about authorship and creativity By tracing the compositional and interpretive choices that Matisse made as a painter print maker and reader in the field of book production this study offers a new theoretical account of visual art's capacity to function as a form of literary criticism and extends debates about the gendering of 20th century bibliophilia Brown also demonstrates the importance of Matisse's self placement in relation to the French literary canon in the charged political climate of the Second World War and its aftermath Through a combination of archival resources art history and literary criticism this study offers a new interpretation of Matisse's artist's books and will be of interest to art historians literary scholars and researchers in book history and modernism      *Art Nouveau* Hans

Rabinow, Dorthe Aagesen, Metropolitan Museum of Art (New York, N.Y.), 2012 Throughout his long career Henri Matisse 1869-1954 continually expanded the boundaries of his art By repeating images in pairs trios and series he conducted an ongoing dialogue with his earlier works in order to as he put it push further and deeper into true painting In this fresh approach to a much studied artist prominent scholars from the United States and Europe examine more than sixty works in concise chapters that focus on this aspect of Matisse's working process From early pairs such as *Young Sailor I* and *II* 1906 and *Le Lexe I* and *II* 1907-8 through a series of late studio scenes from Vence 1946-48 Matisse is shown revisiting a given theme with the aim of devising innovative often radical solutions to such problems as how to portray light handle paint select colors and manipulate perspective New technical studies of the early paired works and photographs documenting the evolution of his later paintings help to elucidate Matisse's complex evolution In numerous excerpts from letters and interviews he is revealed as an artist who regularly questioned himself and his methods a man of powerful intellect who regarded each new painting as an adventure A significant addition to art historical literature *Matisse In Search of True Painting* is a revelatory study of a seminal figure in 20th century modernism Page 4 of cover      **Making Modernism** Michael C.

**"Interior Portraiture and Masculine Identity in France, 1789-1914"** Heather Belnap Jensen, 2017-07-05 Focusing specifically on portraiture as a genre this volume challenges scholarly assumptions that regard interior spaces as uniquely feminine Contributors analyze portraits of men in domestic and studio spaces in France during the long nineteenth century the preponderance of such portraits alone supports the book's premise that the alignment of men with public life is oversimplified and more myth than reality The volume offers analysis of works by a mix of artists from familiar names such as David Delacroix Courbet Manet Rodin and Matisse to less well known image makers including Dominique Doncre Constance Mayer Anders Zorn and Lucien Etienne Melingue The essays cover a range of media from paintings and prints to photographs and sculpture that allows exploration of the relation between masculinity and interiority across the visual culture of the period The home and other interior spaces emerge from these studies as rich and complex locations for both masculine self expression and artistic creativity **Interior Portraiture and Masculine Identity in France 1789-1914** provides a much needed rethinking of modern masculinity in this period

**The Still Life in the Fiction of A. S. Byatt** Elizabeth Hicks, 2010-08-11 This book explores the ways in which English writer A S Byatt's visual still lifes descriptions of real or imagined artworks and what are termed verbal still lifes scenes such as laid tables rooms and market stalls are informed by her veneration of both realism and writing It examines Byatt's adoption of the Barthesian concept of textual pleasure showing how her ekphrastic descriptions involve consumption and take time to unfold for the reader thereby highlighting the limitations of painting It also investigates the ways in which Byatt's still lifes demonstrate her debts to English modernist author Virginia Woolf French writer Marcel Proust and the Pre Raphaelite Brotherhood of nineteenth century Britain A number of Byatt's verbal still lifes are read as semiotic markers of her characters particularly with regard to economic status and class Further her descriptions uniting food and sexuality are perceived as part of her overall representation of pleasure Finally Byatt's employment of vanitas iconography in many of her portrayals of death is discussed showing how her recurring motif of Keats's Ode on a Grecian Urn teases out the still life's inherent tension between living passion and cold artwork
