Queering Tribal Folktales from East and Northeast India Kaustav Chakraborty, 2020-12-08 This book explores queer potentialities in the tribal folktales of India. It elucidates the queer elements in the oral narratives of four indigenous communities from East and Northeast India which are found to be significant repositories of gender fluidity and non-normative desires. Departing from the popular understanding that Otherness results largely from undue exposure to Western permissiveness, the author reveals how minority sexualities actually have their roots in aboriginal indigenous cultures and do not necessarily constitute a mimicry of the West. The volume endeavours to demystify the politics behind such vindictive propagation to sensitize the queerphobic mainstream about the essential endogenous presence of the queer in the spaces that are aboriginal. Based on extensive interdisciplinary research, this book is a first of its kind in the study of indigenous queer narratives. It will be useful to scholars and researchers of queer studies, gender studies, tribal and indigenous studies, literature, cultural studies, postcolonialism, sociology, political studies, and South Asian studies.

Conference Proceedings Dr. Sheetal Sharma & Dr. Shruti Singh, The International Conference on Emerging Socio-cultural and Political Issues: India and Europe is organised by Amity Institute of Social Sciences, Amity University Noida, Uttar Pradesh, in collaboration with Jean Monnet Module and Centre for European Studies, Jawaharlal Nehru University, on May 24-25, 2021. The aim of the conference is to develop an understanding of the dynamics of social change and development taking place in European and Indian society. Both India and Europe are taking firm strides towards cooperation and development, specially in the post-pandemic era. In this context, the conference aims in developing on working new path for structuring and building new vision and ideas for strong partnership between the two. The main objective of the Conference is to deliver new understanding of various issues ranging from society, culture, politics, and environment. It shall look into these issues from a different prism in the post-pandemic era.

**Through the Gender Lens** Chilka Ghosh, 2024-02-01 As its name suggests, this book has viewed certain social practices, beliefs, and phenomena from a gender perspective. Perspectives of the male, female, and the third gender. Since there are essential differences between the ways the people of different sexual categories, those whose orientations match with their sex assigned at birth and those whose do not, are socialized and trained, people develop different perspectives of the same social phenomenon and react accordingly. Furthermore, they experience the same things as poverty and natural calamities for example in different ways. This is not to say that gender identities are not wrought by class, caste, and other socially produced differences. The volume explores and questions the different forms that the gender differences, twisted by class, caste, and rural-urban divides, take. It exposes the different ways in which gender difference affects our known world of family, health care, political rights, rapidly changing economic environment, and entertainment, as also the lesser-known world of folk lore and

tribal land rights      **North East India** Manis Kumar Raha,2014-01-01 NORTH EAST India is one of the most attractive regions of India Its attraction is not only for its extraordinary natural beauty but also for its diversities in different levels One can find the marked natural diversities and also diversities in ethnic level The people who belong to different tribal and non tribal groups live in different states of this region They have different genetical make up different ethnicities and identities different economic social political and religious systems While some of the biological and cultural parameters are common among some of them for many others these are quite different All these have made each ethnic group of this region a distinct and unique one All these colourful and friendly people have made the ethnic mosaic of India distinct and unique in the world Through this book the contributors have tried to highlight some of the important aspects of the economic and social life and also bio demographic pattern of some of the ethnic groups of this part of India There are thirty articles written by eminent and experienced academicians and scholars incorporated in this book and all these scholarly important and valuable articles will provide fresh information about the people of India s North East region to the readers and surely enrich their knowledge about this part of India and the people living here      Encyclopaedic Ethnography of the Himalayan Tribes: R-Z Narendra S.
