Estudios de derecho de familia. Tomo I Antonio J. Gómez Rincón, 2024-10-16 La historia nos ha enseñado que la familia tiene carácter universal ya que ha estado presente en todas las culturas pueblos y civilizaciones siendo un reflejo en miniatura de las mismas de allí que se haya considerado como un microestado siendo la familia el prototipo de vida del Estado y de la sociedad De tal manera que un Estado se rige tan sólo en sus principios e instituciones en la medida en que sean sólidas las bases de la familia *Studia et Documenta, vol. 8(2014)* Federico M. Requena, José Miguel Pero-Sanz, Laurent Touze, Miguel de Salis Amaral, Andrew Hegarty, Johannes Grohe, Carlo Pioppi, Francesc Castells, Yolanda Cagigas, Ángel Gómez-Hortigüela, 2014-03-31 To get to know in greater detail the history of Opus Dei and its founder to get to know the central characters what its documents say its influence on the Catholic Church and contemporary society Since 2007 this has been the task of the journal *Studia et Documenta* The journal gathers together studies annotated unpublished documents news of academic interest reviews and synopses and a comprehensive bibliographic bulletin Each volume contains in the region of 500 pages The articles are prepared by specialists and are subjected to the peer review system **Same Sex Couples - Comparative Insights on Marriage and Cohabitation** Macarena Sáez, 2015-05-06 This book shows six different realities of same sex families They range from full recognition of same sex marriage to full invisibility of gay and lesbian individuals and their families The broad spectrum of experiences presented in this book share some commonalities in all of them legal scholars and civil society are moving legal boundaries or thinking of spaces within rigid legal systems for same sex families to function In all of them there have been legal claims to recognize the existence of same sex families The difference between them lies in the response of courts Regardless of the type of legal system when courts have viewed claims of same sex couples and their families as problems of individual rights they have responded with a constitutional narrative protecting same sex couples and their families When courts respond to these claims with rigid concepts of what a family is and what marriage is as if legal concepts were unmodifiable same sex couples have remained outside the protection of the law Until forty years ago marriage was the only union considered legitimate to form a family Today more than 30 countries have granted rights to same sex couples including several that have opened up marriage to couples of the same sex Every day there is a new bill being discussed or a new claim being brought to courts seeking formal recognition of same sex couples Not all countries are open to changing their legal structures to accommodate same sex couples but even those with

no visible changes are witnessing new voices in their communities challenging the status quo and envisioning more flexible legal systems

Matrimonio y unión libre en menores de edad en México Julieta Pérez Amador, 2025-05-05 Este libro ofrece el primer estudio sistemático del matrimonio y la unión libre en menores de edad MULME en México desde el punto de vista de la demografía de las familias y del curso de vida El tema se aborda desde tres ejes analíticos la transmisión intergeneracional del comportamiento demográfico el ambiente del hogar de origen y su relación con la maternidad en la adolescencia Con base en la perspectiva de curso de vida que permite vincular la influencia de factores individuales familiares y contextuales se encuentra que la ocurrencia del MULME responde precisamente a la acción e interacción entre estos dominios Por un lado el MULME está asociado tanto a las características individuales incluida la biografía temprana como a las familiares

comprendidas la biografía de la madre y las dinámicas familiares que se viven en el hogar de origen Por otro lado como evento precoz en el curso de vida de niñas y adolescentes el MULME es detonador de la maternidad en la adolescencia Dado que estos dos eventos se relacionan con innumerables desventajas sociales su ocurrencia y su transmisión intergeneracional crean círculos de desventaja que persisten a través de las generaciones Este análisis puede servir como punto de partida de otros estudios que ahonden en los aspectos económicos sociales y culturales que dan como resultado la ocurrencia del MULME que profundicen sobre su reproducción intergeneracional y que analicen sus consecuencias demográficas y sociales

vea afectada en cuanto a consentimiento objeto o causa. Aun así, incluso el ordenamiento prevé la posibilidad de establecer modificaciones sustanciales de las condiciones de trabajo en las cuales el trabajador dispone de tres opciones: aceptarlas, impugnarlas o incluso rescindir la relación laboral. De igual manera, los retrasos o impagos en el salario y demás posibles incumplimientos contractuales son aspectos que pueden darse igualmente en el marco de una relación laboral. Sin embargo, en ocasiones las situaciones o modificaciones que se producen en el contrato de trabajo exceden de lo ordinario produciendo una situación de incumplimiento que afecta a la esfera más relevante de las relaciones de trabajo y activando la extinción causal recogida en el artículo 50 del Estatuto de los Trabajadores. En la presente obra se analizarán aquellos motivos que pueden justificar la resolución por parte del trabajador y que exigirán de la empresa una indemnización por despido improcedente, así como otros beneficios derivados del tipo de extinción como puede ser el acceso a la prestación por desempleo por cuanto se entiende que aunque la iniciativa última para el empleado es la situación creada por la empresa y en la que median los requisitos de gravedad y culpabilidad, la que produce la finalización última del vínculo. El derecho a la vida familiar de las personas con discapacidad Cristina Guilarte Martín-Calero, 2021-07-01. El presente libro tiene por objeto el análisis del artículo 23 de la Convención de Nueva York y su reflejo en el Derecho español. Esta norma persigue que las personas con discapacidad ejerciten sus derechos en igualdad de condiciones con las demás personas y para ello prohíbe las consecuencias discriminatorias de la discapacidad en materia familiar. Debe aclararse que este estudio no tiene por objeto analizar en detalle las instituciones que pone en juego el artículo 23 y que alcanzan a la práctica totalidad del derecho de familia, sino verificar desde un enfoque de derechos humanos si su regulación se adecúa a los dictados del texto internacional y si no es así, realizar propuestas de reforma que acomoden nuestro Derecho de familia a los postulados de la Convención. Incluyéndose las referencias oportunas al Derecho comparado que resultan sin duda imprescindibles en un trabajo de esta naturaleza.
