

Matsuri Festivals Of A Japanese Town

Philomena Keet

Matsuri Festivals Of A Japanese Town:

Matsuri Michael Ashkenazi, 1993-03-01 A study of the importance of festivals in Japanese society which also contains a bilingual glossary *Food and Wine Festivals and Events Around the World* C. Michael Hall, Liz Sharples, 2008-09-10 Food and Wine Festivals and Events Around the World is a pioneering text that recognises the importance of this rapidly growing aspect of the tourism industry Food and wine festivals and events play a significant role in rural and urban development and regeneration and the impacts of these events can be far ranging at a social political economic and environmental level This innovative book recognises the development of food and wine festivals as a part of regional and national tourism strategies and uses international case studies to illustrate practice and contextualise theory Bringing together an international contributor team of experts this is the first book to study this profitable and expanding area of the tourism industry and provides a unique resource for those studying in the fields of tourism event management and culinary arts [The Culture of Japan as Seen through Its Leisure](#) Sepp Linhart, Sabine Fr?hst?ck, 1998-01-01 The Culture of Japan as Seen through Its Leisure brings together scholars of various disciplines from around the globe to discuss different forms of leisure activities in past and present Japan thus enriching our knowledge of Japanese culture Arranged in five sections the volume focuses on everyday activities such as leisure sports travel and nature theater and music playing games and gambling The editors place the treated leisure activities into a historical frame of reference and relate them to the well known classification scheme of games by Roger Caillois *The Garland Encyclopedia of World Music* Robert C. Provine, Yosihiko Tokumaru, J. Lawrence Witzleben, 2017-11-22 This volume explores not only the close ties that link the cultures and musics of East and Northeast Asia but also the distinctive features that separate them **Recent Social, Environmental, and Cultural Issues in East Asian Societies** Mervi? , Mika Markus, 2019-11-15 East Asian societies continue to react to developments occurring in the Western part of the world as well as influence development elsewhere due to the global reach of East Asian economies and the increased political weight of East Asian societies These systems have distinctive features often connected with local social and cultural traditions However these traditions are constantly being reinterpreted and the changing meanings attached to them must be taken into account Recent Social Environmental and Cultural Issues in East Asian Societies is an essential research book that explores various social environmental and cultural issues challenging modern East Asian cultures and their implications on society Featuring a wide range of topics such as local identity social risk and government policy this book is ideal for researchers policymakers sociologists managers anthropologists politicians diplomats academicians and students *The Rousing Drum* Scott Schnell, 1999-06-01 Ritual is too often equated with unvarying or repetitive behavior This impression is encouraged by the ethnographic tendency toward an overly narrow time frame which highlights current relationships and conditions rather than long term developments The Rousing Drum takes a different view It adopts a historical perspective encompassing several hundred years in exploring the role of ritual as an effective medium

for negotiating sociopolitical and economic change The setting is Furukawa a town located in Japan s mountainous interior Every spring the local Shinto shrine festival provides an opportunity for enacting social relationships and attitudes By day a portable shrine containing the spirit of the guardian deity is escorted through town in a stately procession At night however a different scenario unfolds A barrel shaped drum is borne through the nighttime streets on a massive grid like platform Prominent members of the community are obliged to ride upon the platform while teams of young adults rush out and attack it as it passes through their respective neighborhoods The action can become quite unruly and random fights and injuries are accepted as inevitable correlates In analyzing the festival over time Schnell reveals a dramatic transformation The drum ritual which originated as a minor preliminary to the other events emerged during the late 1800s as an occasion for airing hostilities and settling scores As Japan s modernization progressed the ritual performance came to embody a symbolic challenge to institutionalized authority and occasionally escalated into politically motivated violence While the religious ceremonies observed during the day were appropriated by local power holders the nighttime drum ritual represented a folk response to the officially sanctioned liturgy The festival as a whole thus represented the clash of competing ideologies within the context of a single public forum Today s ritual rather tame by comparison is being transformed into a tourist attraction aligned with the town s economic development objectives Schnell s careful examination of the ethnohistorical data offers a valuable new perspective on Japanese festivals as well as the events and conditions that influence their development His innovative look at ritual behavior over time persuades us that we can grasp the underlying significance of such activities only if we consider them within the context of larger historical patterns *Historical Dictionary of Shinto* Stuart D. b.

Picken,2002-01-15 This dictionary contains entries which identify the principal historical and mythological names that are central to the Shinto tradition but also demonstrate the relationship of Shinto to Japanese culture Subjects covered include the relationship of Shi **Occidentalism : Images of the West** James G. Carrier,1995-04-13 This is an investigation of Western cultural identity It shows how people s images of themselves and others reflect the power that different groups in a society have to shape these images The contributors describe these images in Western academic writing popular Western culture and societies outside the West in this counterpart to Edward Said s Orientalism Occidentalism is an investigation of images of Western cultural identity Edward Said s Orientalism revolutionized Western understanding of non Western cultures by showing how Western projected images shaped the Occidental of the Orient but those who follow Said have not until now reflected that understanding back onto Western societies Occidentalism shows how images of the West shape people s conceptions of themselves and others and how these images are in turn shaped by members of Western and non Western societies alike The contributors describe and explicate these images in a variety of areas from Western academic writing to popular Western culture from societies within and outside the West to show how power and conflict shape such conceptions **Architecture, Festival and the City** Jemma Browne,Christian Frost,Ray Lucas,2018-10-26 Historically the

urban festival served as an occasion for affirming shared convictions and identities in the life of the city Whether religious or civic in nature these events provided tangible expressions of social cultural political and religious cohesion often reaffirming a particular shared ethos within diverse urban landscapes Architecture has long served as a key aspect of this process exhibiting continuity in the flux of these representations through the parading of elaborate ceremonial floats the construction of temporary buildings the dressing of existing urban space the alternative occupations of the everyday and the construction of new buildings and spaces which then become a part of the background fabric of the city This book examines how festivals can be used as a lens to examine the relationship between city and citizen and questions whether this is fixed through time or has been transformed as a response to changes in the modern urban condition Architecture Festival and the City looks at the multilayered nature of a diverse selection of festivals and the way they incorporate both orderly authoritative and disorderly subversive components The aim is to reveal how the civic nature of urban space is utilised through festival to represent ideas of belonging and identity Recent political and social gatherings also raise questions about the relationship of these events to ritual and whether traditional practices can serve as meaningful references in the twenty first century Tokyo Fashion City Philomena Keet,2016-09-13 The fashionable eccentric pedestrians of Tokyo are captured with hundreds of portrait photographs in this fun guide to Tokyo street fashion Tokyo is considered one of the world s style capitals for its vibrant youth fashion culture Part guide book part fashion photography album Tokyo Fashion City takes a stroll through eight Tokyo neighborhoods each with its own unique fashion characteristics to see what streetwise young Tokyoites are wearing where they re shopping what they re eating and drinking and where they re hanging out Author Philomena Keet and photographer Yuri Manabe accompany the reader to Harajuku where high fashion rubs shoulders with hip hop style to Shibuya birthplace of the gal and stomping ground for Tokyo s most sophisticated fashionistas to hipster hangout Daikanyama to the goth and geek meccas of Shinjuku and Ikebukuro to bohemian Koenji and otaku neighborhood Nakano to Ginza s lunching ladies and dapper gentlemen to the cosplay paradise of Akihabara and to the narrow lanes of East Tokyo where everyday Japanese fashion gets a traditional touch Each chapter is packed with photographs of young fashionistas captured as they go about their daily lives with info rich captions and insightful text giving the background to the trends and tribes featured With the inclusion of area maps and shop and cafe listings Tokyo Fashion City is an indispensable resource for readers wishing to keep a finger on Tokyo s style pulse *Shinto* George Williams,2009 Discusses the history of the Shinto religion in Japan describing its origins basic beliefs rituals and festivals and its place in Japanese society *Super Cheap Japan* Matthew Baxter,2023-12-01 Super Cheap Japan is the ultimate budget travel guide to Japan full of the most useful up to date information for a cheap holiday in Japan With extensive tax free shopping crazily discounted train passes and an unbelievable exchange rate Japan is the place to spend your next holiday Unlike other guides this book shows you exactly how where and when you can save money Go shopping for 4 clothes in Tokyo enjoy inexpensive hikes in Nikko or visit Kyoto s beautiful

Religious Celebrations Bloomsbury Publishing, 2011-09-13 This two volume work presents a comprehensive survey of all the ways people celebrate religious life around the globe Religious Celebrations is an alphabetically organized encyclopedia that covers more than 800 celebratory occasions from all of the world's major religious communities as well as many of the minor faith traditions The encyclopedia provides a complete reference tool for examining the myriad ways people worldwide celebrate their religious lives across religious boundaries providing information on numerous celebratory activities never before covered in a reference work Offering the most comprehensive coverage of religious holidays ever assembled this two volume book covers festivals commemorations holidays and annual religious gatherings all over the world with special attention paid to the celebrations in larger countries Entries written by distinguished researchers and specialists on different religious communities capture the unique intensity of each event be it fasting or feasting frenzied activity or the universal cessation of work a huge gathering of the faithful en masse or a small family centered event The work spotlights celebrations that currently exist without overlooking now abandoned celebrations that still impact the modern world

Asian Folklore Studies, 1994 *Riding the Black Ship* Aviad E. Raz, 2020-03-23 In 1996 over 16 million people visited Tokyo Disneyland making it the most popular of the many theme parks in Japan Since it opened in 1983 Tokyo Disneyland has been analyzed mainly as an example of the globalization of the American leisure industry and its organizational culture particularly the company manual By looking at how Tokyo Disneyland is experienced by employees management and visitors Aviad Raz

shows that it is much more an example of successful importation adaptation and domestication and that it has succeeded precisely because it has become Japanese even while marketing itself as foreign Rather than being an agent of Americanization Tokyo Disneyland is a simulated America showcased by and for the Japanese It is an America with a Japanese meaning

Coal Mining Communities and Gentrification in Japan Tai Wei Lim, Naoko Shimazaki, Yoshihisa Godo, Yiru Lim, 2019-05-06 This book offers a multidisciplinary analysis of approach in the field of energy studies of Japan examining post closure coal mining towns in Japan and their gentrification It considers the impact of closures on the agricultural industry the re absorption of laid off coal miners into service and industrial sectors and the gentrification of former coal mines into agricultural farms and communities It also considers the historical process of gentrification in terms of origins social history continuity discontinuity and cooperation resistance The historical background of coal mine closures analyses nostalgic recollection about mine closures and Sakubei's UNESCO drawings of life in the coal mines and other cultural materials related to coal energy and the mining industry in general in Japan

Religion and the Environment Susan Power Bratton, 2020-12-30 How does religion relate to our global environment Religion and the Environment provides a comprehensive and accessible introduction to this controversial question by covering the following important themes the religion environment interface pre and post industrial religious practices related to resource extraction and the rise of the Anthropocene an analysis of religious response to the impacts of contemporary industrialization globalization and urbanization religious thought leadership policy formation and grassroots activism relative to the environment Religion and the Environment will offer students and general readers a sophisticated yet accessible exploration of the relationship between religion and the environment through case studies ranging from climate change to the impacts of warfare This engaging book will be an excellent addition to introductory courses and those approaching the topic for the first time

Tour of Duty Constantine Nomikos Vaporis, 2009-11-12 Alternate attendance sankin kotai was one of the central institutions of Edo period 1603-1868 Japan and one of the most unusual examples of a system of enforced elite mobility in world history It required the daimyo to divide their time between their domains and the city of Edo where they waited upon the Tokugawa shogun Based on a prodigious amount of research in both published and archival primary sources Tour of Duty renders alternate attendance as a lived experience for not only the daimyo but also the samurai retainers who accompanied them Beyond exploring the nature of travel to and from the capital as well as the period of enforced bachelorhood there Constantine Vaporis elucidates for the first time the significance of alternate attendance as an engine of cultural intellectual material and technological exchange Vaporis argues against the view that cultural change simply emanated from the center Edo and reveals more complex patterns of cultural circulation and production taking place between the domains and Edo and among distant parts of Japan What is generally known as Edo culture in fact incorporated elements from the localities In some cases Edo acted as a nexus for exchange at other times culture traveled from one area to another without passing

through the capital As a result even those who did not directly participate in alternate attendance experienced a world much larger than their own Vaporis begins by detailing the nature of the trip to and from the capital for one particular large scale domain Tosa and its men and goes on to analyze the political and cultural meanings of the processions of the daimyo and their extensive entourages up and down the highways These parade like movements were replete with symbolic import for the nature of early modern governance Later chapters are concerned with the physical and social environment experienced by the daimyo s retainers in Edo they also address the question of who went to Edo and why the network of physical spaces in which the domainal samurai lived the issue of staffing political power and the daily lives and consumption habits of retainers Finally Vaporis examines retainers as carriers of culture both in a literal and a figurative sense In doing so he reveals the significance of travel for retainers and their identity as consumers and producers of culture thus proposing a multivalent model of cultural change

The Nature of the Japanese State Brian J. McVeigh, 2013-09-13 Brian J McVeigh uses a unique anthropological approach to step outside flawed stereotypes of Japanese society and really engage in the current debate over the role of bureaucracy in Japanese politics To many in the West Japan appears as a paradox a rational high tech economic superpower and yet at the same time a deeply ritualistic and ceremonial society This adventurous new study demonstrates how these nominally conflicting impressions of Japan can be reconciled and a greater understanding of the state achieved

Ritual Catherine Bell, 2009-12-29 From handshakes and toasts to chant and genuflection ritual pervades our social interactions and religious practices Still few of us could identify all of our daily and festal ritual behaviors much less explain them to an outsider Similarly because of the variety of activities that qualify as ritual and their many contradictory yet in many ways equally legitimate interpretations ritual seems to elude any systematic historical and comparative scrutiny In this book Catherine Bell offers a practical introduction to ritual practice and its study she surveys the most influential theories of religion and ritual the major categories of ritual activity and the key debates that have shaped our understanding of ritualism Bell refuses to nail down ritual with any one definition or understanding Instead her purpose is to reveal how definitions emerge and evolve and to help us become more familiar with the interplay of tradition exigency and self expression that goes into constructing this complex social medium
