Matter Of Faith:

It'S a Matter of Faith Barbara J. Tarver,2014-07-15 Does it seem to you that some Christians seem to get all the breaks and things seem to always go their way Have you wondered why this happens to them and not you This book explains how one person has gotten Gods attention and favor in her life and how you can get it too Learn how she stood in faith when everything around her looked totally impossible See how God miraculously saved a home from foreclosure just in the nick of time Read about the two year journey of believing for a car that was provided the day before it was desperately needed There are examples to follow throughout Gods Word Find out how Abraham Noah Ezekiel Daniel and others received favor from God just by believing what God told them was the absolute truth and standing on His promises Learn how to truly grow in faith and favor by following those examples Philippians 4 19 says But my God shall supply all your needs according to His riches in glory by Christ Jesus You can experience the power of prayers prayed in faith believing and see the miraculous happen in your life God does not exclude people If He does it for one person Hell do it for you The Works Locke,1794

H.,2022-07-20 In *The Protestants Plea for a Socinian* R H engages deeply with the theological tensions simmering in early modern Protestant thought The text navigates the complexities of Socinianism a theological framework that emphasizes reason and critical inquiry over dogma R H s literary style is marked by a careful balance of rigorous argumentation and accessible prose enabling a broader audience to grapple with the nuanced positions of Socinian belief The book situates itself within a historical context marked by intense doctrinal debates especially as Protestantism faced challenges from both Catholic and Enlightenment ideologies R H is known for a background steeped in both Protestant theology and Enlightenment thought which likely shaped his approach in constructing a rationale for Socinianism from a Protestant perspective His scholarly pursuits reflect an engagement with the writings of Socinus and various Protestant reformers revealing an earnest desire to reconcile principles of faith with reasoned discourse

R H's own experiences and convictions regarding freedom of thought and conscience play a pivotal role in shaping the arguments presented. This provocative text is highly recommended for theologians, historians, and lay readers interested in the intersections of faith, reason, and the evolution of religious thought. R H invites readers to reconsider their entrenched beliefs while fostering a spirit of dialogue and understanding, making this work not only a scholarly contribution but also a relevant discourse in today's pluralistic society.

A Comprehensive Study of the Doctrine of Justification: The history of the Christian church pivots on the doctrine of justification by faith. Once the core of the Reformation, the church today often ignores or misunderstands this foundational doctrine. Theologian James White calls believers to a fresh appreciation of, understanding of, and dedication to the great doctrine of justification and then provides an exegesis of the key Scripture texts on this theme.
