Chomolungma Sings the Blues Ed Douglas, 2001. Everest, a mountain known all around the world and surrounded by the tragic romanticism of climbers risking everything for a dream. Although much has been written on the feats and accomplishments of these climbers, what about the people who actually live in the shadow of the mountain and the ways climbers and trekkers affect their lives? Ed Douglas spent time traveling in Nepal and Tibet talking to politicians, environmentalists and mountaineers to local people who live around the mountain; they call Chomolungma Goddess Mother of the World. This sensitive account of Douglas's travels explores the issues facing a region struggling to develop and change issues brought on by the growing mountaineering and trekking industries, issues that go far beyond how to clear up all the piling rubbish climbers leave behind. With honesty and humor, *Chomolungma Sings the Blues* sheds a new and different light on the mountain and its people.

American Menswear from the Civil War to the Twenty-First Century, Second Edition Daniel Delis Hill, 2024-01-20. In a glance at American menswear over the past 150 years, change has been sometimes glacial in its evolution, sometimes regressive and nostalgic, and other times abrupt and revolutionary. In this study of American menswear from the Civil War to the twenty-first century, that evolution is chronicled and documented with more than 700 illustrations. In addition to the main categories of suits, sportswear, and outerwear, each era also includes a detailed examination of sleepwear, underwear, swimwear, hats, neckwear, footwear, and accessories. Further, Daniel Delis Hill examines not only American men's dress and the structures of the menswear industry but also the historical and socioeconomic drivers that affected men's style, particularly the shifting conventions and iconoclasm of American ideas and ideals of masculinity.
