hundreds more and offer intriguing clues to prove it Now through a series of exclusive interviews with Smiley and other key individuals Blanding teases out an astonishing tale of destruction and redemption The Map Thief interweaves Smiley's escapades with the stories of the explorers and mapmakers he knew better than anyone Tracking a series of thefts as brazen as the art heists in Provenance and a subculture as obsessive as the oenophiles in The Billionaire's Vinegar Blanding has pieced together an unforgettable story of high stakes crime The Works of Henry Fielding: Plays.-v.5. Maps of the Imagination
Peter Turchi, 2011-06-01 Maps of the Imagination takes us on a magic carpet ride over terrain both familiar and exotic Using the map as a metaphor fiction writer Peter Turchi considers writing as a combination of exploration and presentation all the while serving as an erudite and charming guide He compares the way a writer leads a reader through the imaginary world of a story novel or poem to the way a mapmaker charts the physical world To ask for a map says Turchi is to say Tell me a story With intelligence and wit the author looks at how mapmakers and writers deal with blank space and the blank page the conventions they use or consciously disregard the role of geometry in maps and the parallel role of form in writing how both maps and writing serve to re create an individual's view of the world and the artist's delicate balance of intuition with intention A unique combination of history critical cartography personal essay and practical guide to writing Maps of the Imagination is a book for writers for readers and for anyone interested in creativity Colorful illustrations and Turchi's insightful observations make his book both beautiful and a joy to read
