The Prehistory of the Crusades Burnam W. Reynolds, 2016-10-06 There is a vigorous debate on the exact beginnings of the Crusades as well as a growing conviction that some practices of crusading may have been in existence at least in part long before they were identified as such The Prehistory of the Crusades explores how the Crusades came to be seen as the use of aggressive warfare to Christianise pagan lands and peoples Reynolds focuses on the Baltic or Northern Crusades an aspect of the Crusades that has been little documented thus bringing a new perspective to their historical and ideological origins Baltic Crusades were distinctive because they were not directed at the Holy Land and they were not against Muslim opponents but rather against pagan peoples From the Emperor Charlemagne's wars against the Saxons in the 8th and 9th centuries to the Baltic Crusades of the 12th century this book explores the sanctification of war in creating the ideal of crusade In so doing it shows how crusading ultimately developed in the 12th and 13th centuries The Prehistory of the Crusades provides a valuable insight into the topic for students of medieval history and the Crusades

The History of Jihad Robert Spencer, 2018 It is taken for granted even among many Washington policymakers that Islam is a fundamentally peaceful religion and that Islamic jihad terrorism is something relatively new a product of the economic and political ferment of the twentieth century But in *The History of Jihad From Muhammad to ISIS* Islamic scholar Robert Spencer proves definitively that Islamic terror is as old as Islam itself as old as Muhammad the prophet of Islam who said I

have been made victorious through terror Spencer briskly traces the 1 400 year war of Islamic jihadis against the rest of the world detailing the jihad against Europe including the 700 year struggle to conquer Constantinople the jihad in Spain where non Muslims fought for another 700 years to get the jihadi invaders out of the country and the jihad against India where Muslim warriors and conquerors wrought unparalleled and unfathomable devastation in the name of their religion Told in great part in the words of contemporary chroniclers themselves both Muslim and non Muslim The History of Jihad shows that jihad warfare has been a constant of Islam from its very beginnings and present day jihad terrorism proceeds along exactly the same ideological and theological foundations as did the great Islamic warrior states and jihad commanders of the past The History of Jihad From Muhammad to ISIS is the first one volume history of jihad in the English language and the first book to tell the whole truth about Islam s bloody history in an age when Islamic jihadis are more assertive in Western countries than they have been for centuries This book is indispensable to understanding the geopolitical situation of the twenty first century and ultimately to formulating strategies to reform Islam and defeat radical terror The Crusades to the Holy Land Alan V. Murray, 2015-04-28 Based on the latest scholarship by experts in the field this work provides an accessible guide to the Crusades fought for the liberation and defense of the Holy Land one of the most enduring and consequential conflicts of the medieval world The Crusades to the Holy Land were one of the most important religious and social movements to emerge over the course of the Middle Ages The warfare of the Crusades affected nearly all of Western Europe and involved members of social groups from kings and knights down to serfs and paupers The memory of this epic long ago conflict affects relations between the Western and Islamic worlds in the present day The Crusades to the Holy Land The Essential Reference Guide provides almost 90 A Z entries that detail the history of the Crusades launched from Western Europe for the liberation or defense of the Holy Land covering the inception of the movement by Pope Urban II in 1095 up to the early 14th century This concise single volume work provides accessible articles and perspective essays on the main Crusade expeditions as well as the important crusaders countries places and institutions involved Each entry is accompanied by references for further reading Readers will follow the career of Saladin from humble beginnings to becoming ruler of Syria and Egypt and reconquering almost all of the Holy Land from its Christian rulers learn about the main sites and characteristics of the castles that were crucial to the Christian domination of the Holy Land and understand the key aspects of crusading from motivation and recruitment to practicalities of finance and transport The reference guide also includes survey articles that provide readers with an overview of the original source materials written in Latin Arabic Greek Hebrew Armenian and Syriac **Modern Islamist Movements** Jon Armajani, 2011-09-09 Modern Islamist Movements provides a clear and accessible examination of the history beliefs and rationale of Islamist Groups and their grievances with the West and governments within the majority Muslim world while examining some of these groups visions for a global Islamic empire A clear and accessible text that examines the history beliefs and rationale for violence emerging from Islamist movements
