Sullivan,2003-09-02 The Zinfandel grape currently producing big rich luscious styles of red wine has a large loyal even fanatical following in California and around the world The grape grown predominantly in California has acquired an almost mythic status in part because of the caliber of its wines and its remarkable versatility and in part because of the mystery surrounding its origins Charles Sullivan a leading expert on the history of California wine has at last written the definitive history of Zinfandel Here he brings together his deep knowledge of wine with the results of his extensive research on the grape in the United States and Europe in a book that will entertain and enlighten wine aficionados and casual enthusiasts In this lively book Sullivan dispels the false legend that has obscured Zinfandel s history for almost a century reveals the latest scientific findings about the grape s European roots shares his thoughts on the quality of the wines now being produced and looks to the future of this remarkable grape Sullivan reconstructs Zinfandel s journey through history taking us from Austria to the East Coast of the U S in the 1820s to Gold Rush California and through the early days of the state s wine industry He considers the ups and downs of the grape s popularity including its most recent and according to Sullivan most brilliant up He also unravels the two great mysteries surrounding Zinfandel the myth of Agoston Haraszthy s role in importing Zinfandel and the heated controversy over the relationship between California Zinfandel and Italian Primitivo Sullivan ends with his assessments of the 2001 and 2002 vintages firmly setting the history of Zinfandel into the chronicles of grape history

Rosano,2000-10-01 Mondavi Martini Sebastiani Gallo Bargetto and Perelli Minetti Who could deny the importance of Italians to the development of America s wine industry It is little known that Italians have been planting vineyards and making wine in America since the early colonial days when Filippo Mazzei was the vineyard consultant for Thomas Jefferson Grapes were planted and nurtured in virtually every corner of America where Italians settled Wine making was as sacrosanct as making bread or pasta Here is the story of Italian immigrants whose descendants now dominate American wine making How they struggled and endured How they persisted in the face of Prohibition and facilitated legislation permitting home wine making of 200 gallons per family The intrigue the feuds the love affairs and financial triumphs are all in this authenticated history from the earliest days of America to the new Italian American wine makers
