New Forest:

New Forest (Slow Travel) Emily Baker, 2023-07-07 This new thoroughly updated and expanded second edition of Bradt's New Forest part of the award winning Slow Travel series of guides to UK regions focuses on this peaceful enchanting area in Hampshire. Walkers, cyclists, wildlife lovers, families and foodies are all catered for with coverage of a wide range of attractions. The only comprehensive travel guidebook to this compact increasingly popular national park, barely 90 minutes from London, it contains all the practical information you need to enjoy time here including accommodation options ranging from fine hotels to campsites where grazing ponies may nose at your tent flap. Such free-roaming animals are integral to both the New Forest's charm and its suitability for a Slow guide. Here ponies and cows routinely halt traffic while donkeys peer into shop windows. In a region named one of the world's top 10 destinations for outdoors enthusiasts in the 2022 TripAdvisor Traveller's Choice Awards, truly wild creatures abound too. Sites of Special Scientific Interest cover over half the national park. All the UK's six native reptile species occur alongside its largest population of Dartford warblers. Given the region's name, the landscape varies surprisingly. Wander through ancient broad-leaved woodlands originally established as hunting grounds for King William I, William the Conqueror, or marvel at towering conifers at Rhinefield Arboretum. Explore miles of heathland, the yachting town of Lymington or the great coastal spit leading to Hurst Castle where the ghost of King Charles I is said to wander by night. Alternatively, visit distinctive villages from 13th-century Beaulieu with its abbey palace and National Motor Museum to Burley, infamous for witchcraft. Alongside providing practical information with a personal touch, experienced travel writer and local resident Emily Laurence Baker leads visitors behind the scenes to explain the working Forest, outlining how various organisations manage the land, how grazing animals have shaped it for centuries and how the commons system functions. She further brings the New Forest to life through interviews with local people, from butchers to conservationists and agisters to verderers, making Bradt's New Forest the must-have guide for all visitors to this beguiling region.

The Children of the New Forest Captain Marryat, 2008-09-29 The Children of Colonel Beverley, a Cavalier officer killed at the Battle of Naseby, are believed to have died in the flames when their house is burned by soldiers. However, they escape and are raised by Jacob Armitage, a gamekeeper in his cottage in the New Forest. The children adapt from an aristocratic lifestyle to that of simple cottagers who are concealed as the grandchildren of Armitage. After Armitage's death, Edward Beverley leaves and works for the Sympathetic Puritan. He then joins the army of the future King Charles II and, after the Royalist defeat at the Battle of Worcester, he escapes to France and lives in exile until the Restoration. His siblings continue to live in the New Forest and they are reunited on the King's return.

English Forests and Forest Trees, Historical, Legendary, and Descriptive, 1853 *Worldwide Destinations and Companion Book of Cases Set* Brian G. Boniface, Chris Cooper, 2009 The book of case studies is designed to be used in conjunction with its companion text *World Wide Destination: The Geography of Travel and Tourism*. However, the book can be used as a stand-alone resource for the

teaching and learning of tourism destinations across the world **Forests and People** Thomas Sikor,Johannes Stahl,2011
As the editors note in their introduction the attention to rights in forestry differs from rights based approaches in international development and other natural resource fields in three critical ways First redistribution is a central demand of activists in forestry but not in other fields Many forest rights activists call for not only the redirection of forest benefits but also the redistribution of forest tenure to redress historical inequalities Second the rights agenda in forestry emerges from numerous grassroots initiatives setting forest related human rights apart from approaches that derive legitimacy from transnational human rights norms and are driven by international and national organizations Third forest rights activists attend to individual as well as peoples collective rights whereas approaches in other fields tend to emphasize one or the other set of rights **Forests and Dragonflies** Worldwide Dragonfly Association,2006 **Housing in the South East**

Great Britain: Parliament: House of Commons: South East Regional Committee,2010 The South East Plan contains an annual target for new homes that provides a benchmark which can be reviewed Sub regions will have their own targets that allow local circumstances to be taken into account but the regional overview is valuable to ensure consistency and to enable review of the regional target as a whole It is important that any review of housing targets in the South East takes into account the range of numbers put forward their underlying reasons and the consequences of not meeting any decided targets The economic downturn has meant that fewer homes are being built and there are concerns that the lack of infrastructure provision alongside housing development is stopping schemes from making progress The Committee recommends that the Government review the funding mechanisms currently available for this infrastructure It feels it is important that the Homes and Communities Agency is given the resources it needs in future years The Committee also acknowledges that while focusing development on brownfield land is important to stimulate regeneration there must be care that concentrating development in such areas does not have adverse effects such as using up urban land or valuable urban greenspace The Committee also recommends that greater attention be paid to alternative models for providing housing land that the region provides the right mix of homes and that the Government stick to its timetable for the Code for Sustainable Homes ensuring that all housing has a zero carbon rating by 2016 Fodor's Essential England Fodor's Travel Guides,2025-07-22 Whether you want to dine in London marvel at Stonehenge or explore the Cotswolds the local Fodor s travel experts in England are here to help Fodor s Essential England guidebook is packed with maps carefully curated recommendations and everything else you need to simplify your trip planning process and make the most of your time Fodor s Essential guides were named by Booklist as the Best Travel Guide Series of 2020 Fodor s Essential England travel guide includes AN ILLUSTRATED ULTIMATE EXPERIENCES GUIDE to the top things to see and do MULTIPLE ITINERARIES to effectively organize your days and maximize your time MORE THAN 60 DETAILED MAPS and a FREE PULL OUT MAP to help you navigate confidently COLOR PHOTOS throughout to spark your wanderlust HONEST RECOMMENDATIONS FROM LOCALS on the best sights
