Preaching as a Theological Task David Buttrick,Thomas G. Long,Edward Farley,1996-01-01 How do particular world situations impact preaching How does a preacher use the gospel and Scripture to speak to those situations This volume in honor of homiletician David Buttrick explores the complex and important relationships between world gospel and Scripture and their relevance for preaching theology This book is for those seeking thoughtful and challenging new ways to approach the preaching task now and into the twenty first century **Letting the Other Speak** Tracy Hartman,2011-11-17 From prostitutes to polygamy witches to widows foreigners to slaves the Bible is full of texts about women who have been classified as other and pushed to the margins of society In the academy feminist liberation and post colonial theologians have challenged the disparaging categorization of these biblical women and redefined them as sacred insiders whose contributions to Judeo Christian history offer ongoing lessons about the inclusive nature of God Letting the Other Speak Proclaiming the Stories of Biblical Women helps pastors Christian educators professors and theological students bring the stories of six controversial biblical women to congregations by surveying historical and contemporary exegetical work on each passage modeling exegeting a congregation in preparation for moving from text to sermon and providing two sample sermons one prophetic and one pastoral for each text *The Aurora* ,1908 *Scripting a Sermon* Shauna Hannan,Gael Chandler,2024-11-12 Scripting a Sermon approaches common challenges for crafting sermons looking toward the essential components of filmmaking to help preachers create more potent sermons In this third volume in the Preaching and series Shauna K Hannan and Gael Chandler combine their expertise to focus on the convergences between the crafts of homiletics and filmmaking Looking to enliven the preached word this book draws attention to the ways in which the sermon is set up to captivate the audience For example sermon openings which are frequently disconnected from the sermon s overall point or needlessly long are explored through the techniques of filmmakers who use opening shots to introduce the narrative Readers will be enlightened to how filmmakers use these openings to set the tone of the film involve the audience in the characters story and establish expectations for what the audience will encounter throughout the film Hannan and Chandler give detailed and practical advice on specific aspects of this and other processes that preachers could use to craft far more effective sermons Other chapters cover building scenes and characters being a good editor of your work and crafting effective sermon endings Equipped with the wisdom of the best filmmakers skilled preachers will gain greater insight into powerful methods for captivating hearers and impacting our world **The Publishers' Circular and Booksellers' Record** ,1924

Preaching the Manifold Grace of God, Volume 1 Ronald J. Allen,2022-06-08 Preaching the Manifold Grace of God is a two volume work describing theologies of preaching from the historical and contemporary periods Volume 1 focuses on historical theological families Orthodox Roman Catholic Lutheran Reformed Anabaptist Anglican Episcopal Wesleyan Baptist African

American Stone Campbell Friends and Pentecostal Volume 2 focuses on families that are evangelical liberal neo orthodox postliberal existential radical orthodox deconstructionist Black liberation womanist Latinx liberation Mujerista Asian American Asian American feminist LGBTQAI Indigenous postcolonial and process In each case the author describes the circumstances in which the theological family emerged and describes the purposes and characteristics of preaching from that perspective What's Right with Preaching Today? Mike Graves, André Resner, 2021-03-09 In 1928 when Riverside Church NYC pastor Harry Emerson Fosdick asked the question in Harpers Magazine What s the Matter with Preaching Today he did not know that one response to that question had just entered the world in Humboldt Tennessee Fred B Craddock revolutionized preaching theory and practice by flipping pulpit logic from deductive to inductive often called the preaching as storytelling revolution and in so doing brought renewed interest and impact to the practice of preaching effectively rescuing it from an often tedious and moralizing fate With Fred preaching was anything but boring Rather it was an exciting and enlightening ride that led to the renewal of faith To honor Craddock s legacy Mike Graves and Andre Resner invited ten leading voices in homiletics to identify something that is right about preaching today In addition they issued a call to a wide variety of people to contribute stories about Fred s impact on their lives and ministries Twenty seven remembrances of Fred are included here throughout the book If you appreciate effective and engaging preaching as either a preacher or listener the essays and remembrances here will speak to you and provide encouragement about preaching s present and future With contributions from Ronald J Allen Barbara K Lundblad Alyce McKenzie Debra J Mumford Luke Powery Andre Resner Richard Ward Dawn Ottoni Wilhelm Paul Scott Wilson **The Literary World** ,1899
