New Ideas In The Alekhine Defence:

New Ideas in the Alekhine Defence Graham Burgess,1996 **A Chess Opening Repertoire for Blitz & Rapid** Evgeny Sveshnikov,Vladimir Sveshnikov,2016-03-23 Playing blitz is one of the great joys in every chess player s life In modern times faster time controls have become more important than ever Every day innumerable numbers of rated blitz and rapid games are being played in online and over the board competitions and championships In blitz even more than in classical chess it is important to make the right decisions quickly and almost instinctively That is why world famous opening expert Grandmaster Evgeny Sveshnikov and his son International Master Vladimir Sveshnikov have created a chess opening repertoire for club players that is forcing both narrow and deep and aggressive The aim is to be in control as much as possible You want to be the one who decides which opening is going to be played you want to dictate the technical and strategic choices And you want to keep the pressure increasing your opponent s chances to stumble In designing their repertoire father and son Sveshnikov have made a crucial choice they do not want you to end up in positions where finding the theoretically best move is all important but in positions where it is relatively easy to keep finding the moves with the greatest practical effect and use If you play the lines the Sveshnikovs have selected your results will improve You may even end up playing their variations in slow chess as well **Winning Chess Openings** , *The Mammoth Book of Chess* Graham Burgess,2022-03-03 A terrific work that is particularly suited for those from beginner to club player JOHN WATSON The Week in Chess The fully revised and updated award winning bestselling classic chess book by FIDE Master and chess world record holder Graham Burgess Comprehensive and clear this fully revised and updated fourth edition of Graham Burgess s bestselling chess classic is an invaluable guide to help any player progress to good club level and better It provides a complete guide to the main chess openings along with hundreds of test positions for players at every level This new edition includes Expanded and updated sections on playing online chess and using computers A complete and detailed guide to all the main chess openings Hundreds of new training exercises for players of all standards Courses in tactics attacking strategy combinations and endgames Analysis of some of the greatest games ever played Information and advice on club national and international tournaments A comprehensive A Z glossary of chess terminology Practical advice and information for further study New sections on endgame studies and problems with all examples from 2020 or 2021 **The Mammoth Book of the World's Greatest Chess Games** . Wesley So,Michael Adams,Graham Burgess,John Nunn,John Emms,2021-08-05 Improve your chess by studying the greatest games of all time from Adolf Anderssen s Immortal Game to Magnus Carlsen s world championship victories and featuring a foreword by five times World Champion Vishy Anand This book is written by an all star team of authors Wesley So is the reigning Fischer Random World Champion the 2017 US Champion and the winner of the 2016 Grand Chess Tour Michael Adams has been the top British player for the last quarter of a century and was a finalist in the 2004 FIDE World Championship Graham Burgess is the author of thirty books a former champion of the Danish region of

Funen and holds the world record for marathon blitz chess playing John Nunn is a three time winner of both the World Solving Championship and the British Chess Federation Book of the Year Award John Emms is an experienced chess coach and writer who finished equal first in the 1997 British Championship and was chess columnist of the Young Telegraph The 145 greatest chess games of all time selected analysed re evaluated and explained by a team of British and American experts and illustrated with over 1 100 chess diagrams Join the authors in studying these games the cream of two centuries of international chess and develop your own chess playing skills whatever your current standard Instructive points at the end of each game highlight the lessons to be learned First published in 1998 a second edition of The Mammoth Book of the World s Greatest Chess Games in 2004 included an additional twelve games Another new edition in 2010 included a further thirteen games as well as some significant revisions to the analysis and information regarding other games in earlier editions of the book facilitated by the use of a variety of chess software This 2021 edition further updated and expanded now includes 145 games The authors have made full use of the new generation of chess analysis engines that apply neural network based AI

The Magic Tactics of Mikhail Tal Karsten Muller, Raymund Stulze, 2014-03-07 Mikhail Tal was one of the greatest geniuses of chess history The magician from Riga as he was known because of his dazzling attacking games took the chess world by storm and in 1961 at the age of twenty three he won the world championship His sacrificial style made Tal immensely popular with chess players all over the world In this book Grandmaster Karsten Muller and chess journalist Raymund Stulze have created an instructional chess tactics guide by investigating and explaining the secrets of his breathtaking combinations Moreover the authors have selected from the games Tal played one hundred exercises which will teach amateurs how they can finish a game with a stunning sacrifice *World Champion Openings* Eric Schiller, 1997

New Ideas in the Alekhine Defense Graham Burgess, 1996-01-01 **How to Out-Prepare Your Opponent** Jeroen Bosch, 2022-06-23 The number of hours you can spend on opening preparation is endless Books videos and databases offer hundreds of ever widening variations But how do you find your way through this labyrinth Where do you start And maybe even more importantly where do you stop International Master Jeroen Bosch provides a solution to those answers He presents a structured approach to the study of openings and the preparation for a club match or a tournament game Every time strapped chess improver will love Bosch s approach instead of studying more hours or memorizing more lines he advises you to start making smart choices The goal is not to reach a slight advantage in every possible line The goal is to dictate what will happen on the board You want to get a position you understand and are happy to play and make your opponent feel uncomfortable Jeroen Bosch provides you with all the tools you need to dominate the opening phase of the game how to use move order and how to use tactics He explains when to play a main line when to come up with an opening surprise or when to risk a gambit And much much more *New Statesman Society* , 1996-04
