New Congo:

The Tragic State of the Congo Jeanne M. Haskin, 2005 In the mineral rich dirt poor Congo the promise of democratic elections now offers to ignite a glorious future for the country or a final conflagration D.R. Congo Loso Kiteti Boya, 2010 Book Synopsis This book recounts from the perspective of a Congolese native the five hundred year journey of the people of the Democratic Republic of Congo It analyzes dispassionately the facts of the turbulent history of the country and its continuing impact on the life of the modern day Congolese In the book we set out to begin the search for the Congolese answers to the DR Congo s historical paradox of a very rich country living a very poor life in a neighborhood in which it is the biggest and yet the weakest country We travel back five hundred years to rediscover the ancient kingdom of Congo and look closely at its people institutions value and belief systems customs and practices and try to establish the linkages between the present cultural values belief system and practices of the modern day Congolese with those of their past Through the revisiting of the past we try to identify the ways and means of a more effective strategy for social political and economic renaissance in the DR Congo Although a diary the book is not a chronological presentation of the Congo s history The reader can expect to travel back and forth on the meandering road of the Congolese journey The DR Congo is a land of ecological gigantism and an environmental Garden of Eden It has the second largest freshwater river in the world the Congo River a powerful source of clean energy and the second largest tropical rain forest in the world the largest number of big lakes in Africa including Lake Tanganyika one of the largest assortment of minerals and precious metals and gems in the world including uranium and a large landmass of 906 000 square miles stretching over two time zones with a population of less than seventy million translating into one the lowest population densities in the world Such an array of diverse and rich natural resources and the extraordinary economic power potential of DR Congo have always attracted envy and invasions from foreign countries multinational companies and individuals over the centuries the latest being the attack of the combined armies of Rwanda Uganda and Burundi in August 1998 The history of the DR Congo is also the history of the darkness of the human heart extreme cruelty and violence greed and selfishness by the early European explorers the slave traders the Zanzibari Arab slave merchants of the last centuries and the neocolonialists and cold warriors of the twentieth century It is the history of treason of the Congo by the Congolese the betrayal of the public trust of the people and of the pursuit of power at all costs and bad management of the economy by the Congolese leaders and the politicians from the medieval kings of the kingdom of the Congo to the present day ruling class The book follows the less publicized but crucial journeys of the numerous Congolese slaves to the Americas documenting their early settlements in the United States the Caribbean Islands and Brazil and reconnecting their present day descendants in the Americas to their Congolese roots and ancestry

BAMONIMAMBO (The Witnesses): Rediscovering DR CONGO and BRITISH ISLES Common History Norbert X & Deo MBU-MPUTU & KATYA KASEREKA, **Africa's Deadliest Conflict** Walter C. Soderlund, E. Donald Briggs, Tom

Pierre Najem, Blake C. Roberts, 2013-09-03 *Africa's Deadliest Conflict* deals with the complex intersection of the legacy of post colonial history a humanitarian crisis of epic proportions and changing norms of international intervention associated with the idea of human security and the responsibility to protect R2P It attempts to explain why despite a softening of norms related to the sanctity of state sovereignty the international community dealt so ineffectively with a brutal conflict in the Democratic Republic of the Congo which between 1997 and 2011 claimed an estimated 5.5 million In particular the book focuses on the role of mass media in creating a will to intervene a role considered by many to be the key to prodding a reluctant international community to action Included in the book are a primer on Congolese history a review of United Nations peacekeeping missions in the Congo and a detailed examination of both US television news and New York Times coverage of the Congo from 1997 through 2008 Separate conclusions are offered with respect to peacekeeping in the Age of R2P and on the role of mass media in both promoting and inhibiting robust international responses to large scale humanitarian crises
