New England Knight

Benjamin C. Ray

New England Knight:

The New England Knight Emerson W. Baker, John G. Reid, 1998 Born of obscure origins in 1651 William Phips became a sea captain out of Boston an adventurer in search of Spanish treasure in the Caribbean After years of privateering he became the first royal governor of Massachusetts in 1692 This biography presents a well rounded picture of Phips As an unusual figure among colonial governors his uniqueness helps us to understand the politics and society of New England during his era 20 illustrations **A Storm of Witchcraft** Emerson W. Baker, 2015 This fascinating account of the Salem Witch Trials explores their religious social and political dimensions their origins their critics and their aftermath as well as their influence on the American cultural imagination to the present day *Daily Life during the Salem Witch Trials* K. David Goss, 2012-06-06 There are few episodes in American history as interesting and controversial as the Salem Witch Trials This work provides a revealing analysis of what it was like to live in Massachusetts during that time creating a nuanced profile of New England Puritans and their culture What was it like to live in the colony of Massachusetts during the last decade of the 17th century the decade famed for the Salem Witch Trials *Daily Life during the Salem Witch Trials* answers that question offering a vivid portrait essential to anyone seeking to understand the traumatic events of the time in their proper historical context The book begins with a historical overview tracing the development of the Puritan experiment in the Massachusetts colony from 1620 to 1692 It then explores the cultural values and day to day concerns of Puritan society in the late 17th century including trends and patterns of behavior in family life household activities business and economics political and military responsibilities and religious belief Each chapter interprets a different aspect of daily life as it was experienced by those who lived through the social crisis of the witch trials of 1692 93 helping readers better comprehend how the history making events of those years could come to pass *Massachusetts Reports* Massachusetts. Supreme Judicial Court, 1851

The New England Knight Emerson W. Baker, John G. Reid, 1998-01-01 Born of obscure origins in 1651 William Phips became a sea captain out of Boston an adventurer in search of Spanish treasure in the Caribbean After years of privateering he became the first royal governor of Massachusetts in 1692 This biography presents a well rounded picture of Phips As an unusual figure among colonial governors his uniqueness helps us to understand the politics and society of New England during his era 20 illustrations **Finding List of the Chicago Public Library** Chicago Public Library, 1884 *Satan and Salem* Benjamin C. Ray, 2015-05-29 The result of a perfect storm of factors that culminated in a great moral catastrophe the Salem witch trials of 1692 took a breathtaking toll on the young English colony of Massachusetts Over 150 people were imprisoned and nineteen men and women including a minister were executed by hanging The colonial government which was responsible for initiating the trials eventually repudiated the entire affair as a great delusion of the Devil In *Satan and Salem* Benjamin Ray looks beyond single factor interpretations to offer a far more nuanced view of why the Salem witch hunt spiraled out of control Rather than assigning blame to a single perpetrator Ray assembles portraits of several major

characters each of whom had complex motives for accusing his or her neighbors In this way he reveals how religious social political and legal factors all played a role in the drama Ray s historical database of court records documents and maps yields a unique analysis of the geographic spread of accusations and trials ultimately showing how the witch hunt resulted in the execution of so many people far more than any comparable episode on this side of the Atlantic In addition to the print volume Satan and Salem will also be available as a linked e book offering the reader the opportunity to investigate firsthand the primary sources and maps on which Ray s groundbreaking argument rests Learn more at satanandsalem.org **Hot**

Protestants Michael P. Winship, 2019-02-26 The rise and fall of transatlantic puritanism is told through political theological and personal conflict in this exceptional history Publishers Weekly starred review Begun in the mid sixteenth century by Protestant nonconformists keen to reform England s church and society while saving their own souls the puritan movement was a major catalyst in the great cultural changes that transformed the early modern world Providing a uniquely broad transatlantic perspective this groundbreaking volume traces puritanism s tumultuous history from its initial attempts to reshape the Church of England to its establishment of godly republics in both England and America and its demise at the end of the seventeenth century Shedding new light on puritans whose impact was far reaching as well as on those who left only limited traces behind them Michael Winship delineates puritanism s triumphs and tribulations and shows how the puritan project of creating reformed churches working closely with intolerant godly governments evolved and broke down over time in response to changing geographical political and religious exigencies Among the fairest and most readable accounts of the glorious failure that was trans Atlantic Puritanism The Wall Street Journal Exhilarating popular history convincingly captures in one bold retelling decades of scholarship on Puritanism s origins developments and characteristics Times Literary Supplement Winship has established himself as a leading authority on the history of the Puritans While many works have focused on a specific aspect of Puritan history there are fewer works that show Puritanism as a multinational movement in Europe and the Americas This book fills those gaps Library Journal A Choice Outstanding Academic Titles [The City-State of Boston](#) Mark Peterson, 2019-04-23 A groundbreaking history of early America that shows how Boston built and sustained an independent city state in New England before being folded into the United States In the vaunted annals of America s founding Boston has long been held up as an exemplary city upon a hill and the cradle of liberty for an independent United States Wrestling this iconic urban center from these misleading tired clich s The City State of Boston highlights Boston s overlooked past as an autonomous city state and in doing so offers a pathbreaking and brilliant new history of early America Following Boston s development over three centuries Mark Peterson discusses how this self governing Atlantic trading center began as a refuge from Britain s Stuart monarchs and how through its bargain with the slave trade and ratification of the Constitution it would tragically lose integrity and autonomy as it became incorporated into the greater United States Drawing from vast archives and featuring unfamiliar figures alongside well known ones such as John Winthrop Cotton

Mather and John Adams Peterson explores Boston's origins in sixteenth century utopian ideals its founding and expansion into the hinterland of New England and the growth of its distinctive political economy with ties to the West Indies and southern Europe By the 1700s Boston was at full strength with wide Atlantic trading circuits and cultural ties both within and beyond Britain's empire After the cataclysmic Revolutionary War Bostoners aimed to negotiate a relationship with the American confederation but through the next century the new United States unraveled Boston's regional reign The fateful decision to ratify the Constitution undercut its power as Southern planters and slave owners dominated national politics and corroded the city state's vision of a common good for all Peeling away the layers of myth surrounding a revered city The City State of Boston offers a startlingly fresh understanding of America's history

In the Devil's Snare Mary Beth Norton, 2007-12-18 Award winning historian Mary Beth Norton reexamines the Salem witch trials in this startlingly original meticulously researched and utterly riveting study In 1692 the people of Massachusetts were living in fear and not solely of satanic afflictions Horrifyingly violent Indian attacks had all but emptied the northern frontier of settlers and many traumatized refugees including the main accusers of witches had fled to communities like Salem Meanwhile the colony's leaders defensive about their own failure to protect the frontier pondered how God's people could be suffering at the hands of savages Struck by the similarities between what the refugees had witnessed and what the witchcraft victims described many were quick to see a vast conspiracy of the Devil in league with the French and the Indians threatening New England on all sides By providing this essential context to the famous events and by casting her net well beyond the borders of Salem itself Norton sheds new light on one of the most perplexing and fascinating periods in our history

Right here, we have countless book **New England Knight** and collections to check out. We additionally give variant types and plus type of the books to browse. The gratifying book, fiction, history, novel, scientific research, as well as various additional sorts of books are readily approachable here.
