New Essays On Fichtes Later Jena Wissenschaftslehre Spesp:

New Essays on Fichte's Later Jena Wissenschaftslehre Daniel Breazeale, Tom Rockmore, 2002 The philosophical thought of J G Fichte particularly his later work is at the very center of a paradigm shift currently underway in the field of German Idealism Crucial to this reassessment is Fichte's Wissenschaftslehre Nova Methodo of 1796-99 the manuscript at the heart of this collection and an articulation of the philosopher's Wissenschaftslehre or overall system of philosophy that Fichte discussed in lectures at the University of Jena Edited by two of the foremost Fichte scholars in the world the essays collected here provide a much needed introduction to the major themes of the most important period of Fichte's philosophical thought and thus to German Idealism itself even as they make a persuasive case for the originality and continuing significance of the later Jena Wissenschaftslehre Beginning with the Foundations of Natural Right several of these essays convey the breadth and striking originality of Fichte's social thought during this period and its profound influence on subsequent thinkers such as Hegel Others offer the most sustained and multifaceted discussion to date of the distinctive character of Fichte's first revised presentation of the foundation

After Jena Daniel Breazeale, Tom Rockmore, 2008-01-30 The career of J G Fichte a central figure in German idealism and in the history of philosophy divides into two distinct phases the first period in which he occupied the chair of critical philosophy at the University of Jena 1794-1799 and the following period after he left Jena for Berlin Due in part to the inaccessibility of the German texts Fichte scholarship in the English speaking world has tended to focus on the Jena period neglecting the development of this major thinker's mature development The essays collected in this book begin to correct this imbalance Concerned in a variety of ways with Fichte's post Jena philosophy these essays by distinguished and emerging scholars demonstrate the depth and breadth of Fichte scholarship being done in English With an introduction that locates the essays in philosophical and historical terms the book divides into three related categories Fichte's development his view of religion and other aspects of his popular or not so popular philosophy From a wide range of perspectives the essays show how Fichte's later development reflects the philosophical concerns of his time the specific debates in which he engaged and the complex events of his philosophical career

Nietzsche, German Idealism and Its Critics Katia Hay, Leonel R. dos Santos, 2015-10-16 Nietzsche is known as a severe critic of German Idealism but what exactly is the relation between his thought and theirs And how does Nietzsche's stance differ from the critique of idealism in Kierkegaard and Schopenhauer The papers from leading international specialists in German Idealism Schopenhauer Kierkegaard and Nietzsche address these questions The aim of the volume is to introduce novel ways of addressing the complex relations between Nietzsche and his immediate philosophical predecessors Schopenhauer Kierkegaard Hegel Schelling Fichte and Kant The focus is on the profound interconnections and affinities between their ways of thinking Each paper considers one particular aspect of Nietzsche's philosophy such as his notion of spirit law power will his physiology or his critique of morality in relation to the above mentioned philosophers This largely systematic approach reveals surprising

affinities between Nietzsche and the German idealists despite their patent differences and generates new perspectives from which to understand and reinterpret Nietzsche's thought Contributors Maria J Branco Danielle Cohen Levinas Joao Constancio Carlos J Correia Katia Hay Lore H hn Jose Justo Elisabetta Marques J de Sousa Frederick Neuhouser Leonel R dos Santos Philipp Schwab Herman Siemens Fichte Johann Gottlieb Fichte, 2018-07-05 No detailed description available for Fichte *The Enigma of Fichte's First Principles* David W. Wood, 2021-04-06 Presenting new critical perspectives on J G Fichte's Wissenschaftslehre this volume of English articles by an international group of scholars addresses the topic of first principles in Fichte's writings Especially discussed are the central text of his Jena period the 1794-95 *Grundlage der gesamten Wissenschaftslehre* as well as later versions like the *Wissenschaftslehre nova methodo* 1796-99 and the presentations of 1804 and 1805 Also included are new studies on the first principles of the particular sub disciplines of Fichte's system such as the doctrines of aesthetics nature right ethics and history *Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen*, 2005 **Deutsche Nationalbibliografie**, 2005-07 The Johns Hopkins Guide to Literary Theory and Criticism Michael Groden, Martin Kreiswirth, Imre Szeman, 2005 Publisher Description
