Trans-Atlantic Migration Toyin Falola, Niyi Afolabi, 2007-11-21 This book argues that a new cadre of African immigrants are finding themselves in the New World mostly well educated high income earning professionals and belonging to the category termed African brain drain they constitute the antinomy of those Africans who were forcibly removed from Africa during slavery Along with this sense of freedom and voluntary migration comes a paradox that of living in two worlds and negotiating the pleasures and agonies that come with living in exile For the new African immigrant the primary factor motivating migration is the desire for a better life

whether fleeing political persecution economic crisis refugee crisis or a combination thereof The overall consequences include displacement alienation and the not so enchanting reality of exile In its encompassing structure and multivalent perspectives Trans Atlantic Migration sets in motion the shifting theoretical and pragmatic verity that the new African diaspora and transatlantic migrations are paths laden with paradoxes that only time negotiations compromises and sense of identities can ultimately resolve

Unwelcome Shores Bernadette Ludwig, 2025-12-09 *Unwelcome Shores* is an ethnographic study of the Liberian refugee community in Staten Island New York home to the largest per capita concentration of Liberians in the U S that sheds light on the racialization of Black refugees and the racism they have experienced at every step of their migration journey In this pioneering study sociologist Bernadette Ludwig explores how Liberians have responded to such racist exclusions noting how members of this community reject the informal refugee label once they are resettled in the United States Liberian migrants often view the label as a liability since the larger general public the media and the U S government tend to regard Black refugees as an economic and social burden unworthy of assistance Indeed Black refugees humanity is often ignored Ludwig contends in favor of overemphasizing presumed barbaric violence endemic wars cultural backwardness and diseases By detailing the lack of aid and support for Black refugees and describing how Liberian refugees in particular have had to overcome various struggles and barriers in coming to the U S and while living here *Unwelcome Shores* highlights the overarching role of race and anti Black racism in American society
