depth annotated Bible using the newest and most inclusive translation state of the art notes from leading biblical authorities and maps

**The Hardened Heart and Tragic Finitude** Dan O. Via, 2012-11-05 This book has two main theses First for the biblical Christian doctrine of sin the root of the human problem is hardness of heart the corruption of the core self of the seat of understanding and will On the other hand for an important strand of Greek tragedy the root of human harm doing is the nonculpable blindness and anxiety of finitude that despite the initial nonculpability lead to evil and suffering The Hardened Heart shows that these two different interpretations of human existence are amenable to a degree of synthesis that leads to this conclusion hardness of heart and our ordinary finitude together collude to cause sin in its fullness The second thesis of this volume is that exegetical studies disclose a deconstructive strand in certain biblical texts that represents the finite world that God created as a source of distress and harm doing in something like the tragic sense This subdominant deconstructive position challenges the dominant biblical vision in which the creation came forth from God's creative word as good without qualification

**Undistorted God** Ray Waddle, 2014-08-19 Ray Waddle encourages us to find meaning inside sometimes despite the contentious times we live in He helps readers see through spiritual insecurity and distraction to see God in new places in the sky in writing in walking in music in memory in Gospel reading the bread and wine worship the very name Jesus and get beneath social habits or routine theological assumptions in order to find a fresh core of epiphany

**The Philosophy of Christology** Hue Woodson, 2022-01-31 Given the perpetual problem of the historical Jesus there remains an ongoing posing of the question to and a continuous seeking of the meaningfulness of Christology From the earliest reckoning with the relationship between Jesus of Nazareth and the Christ of faith what it means to do Christology today remains at the methodological center of the task and scope of every systematic theology Whether giving an account of Albert Schweitzer's bringing an end to the quest for the historical Jesus in 1906 or attending to Rudolf Bultmann's period of no quest culminating with his demythologization project in the 1940s how we still think of Christology as a matter of questions and concerns with meaning speaks to an unavoidable philosophizing of Christology In this way The Philosophy of Christology offers both a particular history of Christology in conjunction with a particular philosophy of Christology which assesses the theological contributions by a group of Bultmannians following Bultmann in the 1950s and 1960s up to what can be reimaged by repurposing Jacques Derrida's philosophical question into the meaning of love in 2002

**Steve Biko** Traci Wyatt, 2020-07-20 During the mid 1960s to the late 1970s black college students in South Africa became frustrated with apartheid Bantu education policy Bantustans white liberal organizations and European branded Christianity Their anger with white nationalism under apartheid caused them to mobilize rise up and fight against systemic oppression for their liberation The timing was pregnant with purpose for the new generation of leaders to rise since the ANC and PAC were banned creating an aboveground silence amongst black anti apartheid revolutionaries The reader will be lured into the struggle blood loss tears and victories of blacks fighting against apartheid in South Africa Readers will learn about the ideology and way of life

adopted by black youth known as black consciousness The book analyzes how students became so devoted in their beliefs and application of the tenets of black consciousness that it was likened to the gospel message It describes how the teachings of black consciousness were used as psychological weapons of war to liberate the minds of blacks white liberals and the white apartheid regime The primary focus of this book is on the life message and journey of BC's preeminent leader Steve Biko who led the radical movement along with his colleagues to empower his people and encourage the nation to seek and possess truer humanity His message takes center stage while his life takes several unexpected turns as the system hunts him down However the most controversial yet surprising component of this work would be the comparison of Biko's life and death with Jesus's life and death at Calvary from the cradle to the grave Though Biko was not necessarily a professed Christian his life's work and message make chilling parallels to the life of Jesus Christ which are captured here This book is bound to awaken the soul and mind of the reader as they become raptured in the intersectionality of race justice and faith
