New Life For The Doctor:

Brainwavez D.W.G Pope,2013-12-12 An old man who is at the end of his life is fortunate to have his brain transplanted into the body of a young man who died during a brain operation During the operation an inert part of the old mans brain was activated which after 12 months caused his brain to develop giving him extraordinary powers and a second life full of adventures he could have only dreamed about in his previous life Dr. Wortle's School Anthony Trollope,2016-01-05 DR WORTLE The Rev Jeffrey Wortle D D was a man much esteemed by others and by himself He combined two professions in both of which he had been successful had been and continued to be at the time in which we speak of him I will introduce him to the reader in the present tense as Rector of Bowick and proprietor and head master of the school established in the village of that name The seminary at Bowick had for some time enjoyed a reputation under him not that he had ever himself used so new fangled and unpalatable a word in speaking of his school Bowick School had been established by himself as preparatory to Eton Dr Wortle had been elected to an assistant mastership at Eton early in life soon after he had become a Fellow of Exeter There he had worked successfully for ten years and had then retired to the living of Bowick On going there he had determined to occupy his leisure and if possible to make his fortune by taking a few boys into his house By dint of charging high prices and giving good food perhaps in part also by the quality of the education which he imparted his establishment had become popular and had outgrown the capacity of the parsonage He had been enabled to purchase a field or two close abutting on the glebe gardens and had there built convenient premises He now limited his number to thirty boys for each of which he charged 200 a year It was said of him by his friends that if he would only raise his price to 250 he might double the number and really make a fortune In answer to this he told his friends that he knew his own business best he declared that his charge was the only sum that was compatible both with regard to himself and honesty to his customers and asserted that the labours he endured were already quite heavy enough In fact he recommended all those who gave him advice to mind their own business The Doctor and the Apostle Jeffrey A. Nelson,2020-08-18 What could a first century church planter and tentmaker who helped forge the earliest years of a new religious movement possibly have in common with a British time traveling alien who first appeared in the 1960s to teach children about history Doctor Who has been a beloved science fiction franchise for over fifty years Paul s letters have been around for quite a while longer with the earliest ones that he wrote dated less than a generation after the life of Jesus Both have inspired and instructed people on how to live and have stoked the imagination for what individual and communal life can be in their own way And both were or are deeply flawed sometimes struggling against their own tendencies or those of others in order to help bring about something greater for their respective worlds The Doctor and the Apostle explores the similarities and differences between Doctor Who s title character and Paul of Tarsus comparing and contrasting the stories of each Whether a fan of one or the other or both the reader will gain a greater understanding of the possibilities of a life of faith as well as a deeper appreciation of how pop culture and

Scripture may help inform one another **Dad's Not Home Yet** S.R. Wood,2020-04-14 Three young boys two being brothers and the next door neighbor vowed to become the brothers three Each had a matching neck chain inscribed to be worn as their pledge to each other David the youngest called his mother and asked her to tell his dad he was ready to come home Dad s not home yet I will come get you On her way to pick up David from school she was T boned in an intersection Two days later she died David s brother Michael was devastated and blamed God and his dad for his mother s death Michael formed a deep disdain for his father David and his father relocated to South America His father died in Rio and David moved to California to complete his higher education to become a writer and teach creative writing David developed a relationship with a young lady David also had health issues When the doctor recommended surgery David was reunited with his boyhood friend and also reconnected with his brother A reunion was planned and David s young lady friend invited two of her closest friends to join them for dinner Romance developed Life was filled with surprises and peaks and valleys The excitement in the lives of these three couples will not only amaze you they will thrill your heart David s brother was an attorney His defense of a young man facing vehicular homicide charges will keep you riveted to your seat A multimillionaire agnostic had a life changing experience when he met Dr Michael Worthington Dad s Not Home Yet is a thriller and a testament of reality You will relate to the events in the lives of the brothers three Jewish Doctors and the Holocaust Ross W. Halpin,2019-01-14

This is the first attempt to explain how Jewish doctors survived extreme adversity in Auschwitz where death could occur at any moment The ordinary Jewish slave labourer survived an average of fifteen weeks Ross Halpin discovers that Jewish doctors survived an average of twenty months many under the same horrendous conditions as ordinary prisoners Despite their status as privileged prisoners Jewish doctors starved froze were beaten to death and executed Many Holocaust survivors attest that luck God and miracles were their saviors The author suggests that surviving Auschwitz was far more complex Interweaving the stories of Jewish doctors before and during the Holocaust Halpin develops a model that explains the anatomy of survival According to his model the genesis of survival of extreme adversity is the will to live which must be accompanied by the necessities of life specific personal traits and defence mechanisms For survival all four must co exist
