Ocean Cruising 2006:

The Business and Management of Ocean Cruises Michael Vogel, Alexis Papathanassis, Ben Wolber, 2012 After decades of solid growth the worldwide ocean cruise sector has become a noticeable economic factor and a significant employer In the way it combines social technological and natural systems to form its products cruise tourism is an increasingly attractive area of study particularly with regards to the managerial challenges posed by the interaction of these systems This book brings together industry know how managerial experience and academic rigour to cover some of the most important and interesting managerial challenges associated with ocean cruises

The Business and Management of Ocean Cruises

Michael Vogel, Alexis Papathanassis and Ben Wolber, 2012 This book is divided into six parts which are organized to guide the reader step by step from the macro level of the cruise industry to the micro level of operations management on board cruise ships Part I chapters 1 4 sets the scene for the book by characterizing the conditions under which cruise lines operate Part II chapters 5 8 includes four chapters that address issues of significance for corporate managers in the cruise sector Part III chapters 9 11 deal with aspects of the marketing mix employed by cruise lines to attract passengers and fill their ships Part IV chapters 12 15 is concerned with managerial functions related directly to the cruise product Part V chapters 16 19 focuses on operational management functions on board cruise ships The final Part VI chapter 20 looks at future development possibilities for the cruise sector

Cruising the World's Oceans Kalman Dubov, 2021-12-19 From 25 September through 17 November 2016 I was fortunate to serve as the Rabbi aboard the Holland America flagship Amsterdam The ship embarked from Seattle Washington and at the journey s end arrived in San Diego California Each port of call from Vancouver British Columbia to the Hawaiian Islands then to the deep Pacific were all spectacular Fiji the French Polynesian islands of Tahiti Moorea Rarotonga in the Cook Islands and Nuku Hiva in the Marquesas made the voyage a fantastic experience I briefly review each location s history and if applicable Jewish history and presence and then describe my visit Each of these elements encapsulates another facet of this voyage Of special meaning was my visit to the only Synagogue in the deep Pacific Ahava v Achvah House of Love and Unity in Papeete Tahiti Jewish passengers who accompanied me for the Friday evening Shabbat Service were enthralled by the beauty warmth consideration and invitation of this small but vibrant Jewish community The moments we spent with them were the high point for those who came for this time of worship and celebration This voyage was a special time and I share these moments in this descriptive book

Channel Islands National Marine Sanctuary, Management Plan ,2008 Cruise Ship Tourism, 2nd Edition

Ross Dowling, Clare Weeden, 2017-01-25 Completely updated and revised Cruise Ship Tourism 2nd Edition covers the economic social and environmental impacts of cruising combining the latest knowledge and research to provide a comprehensive account of the subject Despite the industry growing rapidly there is a substantial gap in the related literature and this book addresses the key issues for researchers students and industry professionals A valuable one stop shop for those

interested in cruise ships and maritime tourism this new edition from major names in the field is also an invaluable resource for anyone concerned more widely with tourism and business development The Encyclopedia of Tourism and Recreation in Marine Environments Michael Lück, 2008 Marine tourism has become one of the fastest growing areas within the tourism industry With the increased use of marine environments comes the need for informed planning and sustainable management as well as for the education and training of planners managers and operators Combining the disciplines of marine scientists and tourism researchers this encyclopedia will bring together the terms concepts and theories related to recreational and tourism activities in marine settings Entries range from short definitions to medium and long articles **Indian Ocean Cruising Guide** Rod Heikell, 2019-01-01 A good general cruising guide covering the routes from Europe to Australia and points in between The Indian Ocean Cruising Guide covers all the usual points of interest for cruising yachtsmen from history to climate weather patterns formalities route planning and so on The general sections are followed by a country by country round up in which key ports are described in detail with the aid of harbour plans and photographs This second edition 2007 has been thoroughly revised and contains a lot of additional information on Malaysia and Thailand the Seychelles and the Chagos archipelago The introduction has been expanded and throughout there are new plans and photographs This guide is an ideal companion to Rod Heikell and Andy O Grady's *Ocean Passages and Landfalls* which discusses routes across the Indian Ocean The SAGE Handbook of Tourism Management Chris Cooper, Serena Volo, William C. Gartner, Noel Scott, 2021-08-04 The SAGE Handbook of Tourism Management is a critical authoritative review of tourism management written by leading international thinkers and academics in the field Arranged over two volumes the chapters are framed as critical synoptic pieces covering key developments current issues and debates and emerging trends and future considerations for the field The two volumes focus in turn on the theories concepts and disciplines that underpin tourism management in volume one followed by examinations of how those ideas and concepts have been applied in the second volume Chapters are structured around twelve key themes Volume One Part One Researching Tourism Part Two Social Analysis Part Three Economic Analysis Part Four Technological Analysis Part Five Environmental Analysis Part Six Political Analysis Volume Two Part One Approaching Tourism Part Two Destination Applications Part Three Marketing Applications Part Four Tourism Product Markets Part Five Technological Applications Part Six Environmental Applications This handbook offers a fresh contemporary and definitive look at tourism management making it an essential resource for academics researchers and students *Slow Travel and Tourism* Janet Dickinson, Les Lumsdon, 2010-09-23 It is widely recognized that travel and tourism can have a high environmental impact and make a major contribution to climate change It is therefore vital that ways to reduce these impacts are developed and implemented Slow travel provides such a concept drawing on ideas from the slow food movement with a concern for locality ecology and quality of life The aim of this book is to define slow travel and to discuss how some underlining values are likely to pervade new forms of sustainable development It also

aims to provide insights into the travel experience these are explored in several chapters which bring new knowledge about sustainable transport tourism from across the world In order to do this the book explores the concept of slow travel and sets out its core ingredients comparing it with related frameworks such as low carbon tourism and sustainable tourism development The authors explain slow travel as holiday travel where air and car transport is rejected in favour of more environmentally benign forms of overland transport which generally take much longer and become incorporated as part of the holiday experience The book critically examines the key trends in tourism transport and recent climate change debates setting out the main issues facing tourism planners It reviews the potential for new consumption patterns as well as current business models that facilitate hyper mobility This provides a cutting edge critique of the upstream drivers to unsustainable tourism Finally the authors illustrate their approach through a series of case studies from around the world featuring travel by train bus cycling and walking Examples are drawn from Europe Asia Australia and the Americas Cases include the Eurostar train as an alternative to air travel walking in the Appalachian Trail US the Euro Velo network of long distance cycling routes canoe tours on the Gudena River in Denmark sea kayaking in British Columbia Canada and the Oz Bus Europe to Australia

Democratic Management of an Ecosystem Under Threat Kelly Dunning, 2023-07-11 Using case studies from Florida and the Caribbean region this book summarizes the state of coral reef conservation today The question this book answers is what is the best way to protect the vulnerable coral reefs with an ever worsening climate crisis The book's contribution is looking closely at people's avenues to participate in coral reef management and how the public is increasingly making their voices heard in the management process

Cruise Sector Challenges Philip Gibson, Alexis Papathanassis, Petra Milde, 2011-11-19 This textbook presents a compendium of important issues that were discussed at the 2nd International Cruise Conference in Plymouth UK between the 18th and 20th February 2010 The focus of the conference was to consider emerging issues problems and solutions for the cruise industry at a time when trading conditions were perceived to be highly volatile

Cruising in the Global Economy Christine B.N. Chin, 2016-12-05 The business of cruise tourism in recent years has commanded news media attention especially on issues of environmental pollution passenger safety and worker rights yet consumer interest in cruise vacations has not been adversely affected by negative publicity and it continues to grow at an average of 8.9% per annum This unique mode of business focusing on the production and consumption of pleasure at sea and on land offers us an unprecedented opportunity to analyze the manner in which ongoing economic restructuring processes to bring about free markets in goods services and labour can and does involve both life on land and at sea This interdisciplinary analysis elicits an examination of states relationship to the maritime regulatory structure governing ship ownership management and operations cruise lines business strategies development of port communities to capture cruise related revenue changing leisure consumption

patterns and meanings and the employment of foreign migrant workers as seafarers **Storm Tactics Handbook** Larry Pardey, Lin Pardey, 2008-10-02 Since writing the previous edition of Storm Tactics Handbook Lin and Larry have voyaged an additional 55 000 miles This has taken them as far north as Norway twice across the Atlantic south to Argentina and into the Pacific around Cape Horn contrary to the prevailing winds then on a North Pacific circuit With insights gained from these recent voyages they have fully revised and expanded this text by more than 40% including seven completely new chapters among them Lessons from Cape Horn An interview on storm survival and heaving to with the late Sir Peter Blake Heaving to using a Gale Rider on 55 foot Morgan s Cloud Adding Rudder Protection Stops Discussions on avoiding chafe building and using storm staysails choosing storm gear when to deploy para anchors tactics for avoiding the worst areas of cyclonic storms and many more have been expanded to answer questions posed by readers and seminar attendees **Yachting**, 2007-11 *Trends and Issues in Global Tourism 2009* Roland Conrady, Martin Buck, 2009-11-25 As other industries the global travel and tourism industry has been facing immense challenges and highly visible upheaval since the beginning of the new millennium The International Tourism Exchange ITB Berlin the world s leading travel trade show aims at pinpointing the most important challenges identifying the trends and offering a platform to solve pressing problems The ITB Convention Market Trends Innovations has developed into a centre of excellence and a driving force for the global travel and tourism industry generating a much needed information platform This compilation unites the highlights of the convention in articles prepared by renowned professionals and scientists from the industry Readers may benefit from this comprehensive vision of the developments that are shaping the structure of the global tourism industry today and in the future This book is indispensable for tourism and travel professionals as well as for academics and students analysing current global tourism and travel trends *Environmental Management and Cruise Ships* Jens Kaulbars, 2008-06 Essay from the year 2008 in the subject Tourism Hotel Management University of Plymouth University of Plymouth course Managing Facilities language English abstract One of the currently most important topics worldwide is the environment mankind gradually destroying its natural surroundings at an alarming pace and what can be done to prevent our environment from meeting its premature fate which is closely tied to the one mankind will face Thus protecting the environment means preserving the human race As an issue affecting every part of life it is not surprising that the tourism industry has to deal with effective environmental management as well considering the best possible practice to balance environmental healthy actions with profit raising Moreover as leisure industry tourism is under immense pressure because it is not considered essential remaining classified as a luxury good Hayes 2004 although most people won t necessarily agree with this anymore Nevertheless it therefore provides an easy target for the attacks of environmental activists This alone generating a bad reputation and not even considering ethical aspects makes it clear that environmental management in tourism is very important In the end breeding cattle or growing rice maybe more devastating for the environment but plays a rather crucial part in maintaining life

Whereas it seems obvious that for example flying around the globe to a variety of destinations cannot possibly be as essential in retaining life on earth Another issue that needs to be taken into consideration is the marvellous marketing effect positive environmental management creates Most people love doing something good and protective for their environment while having a great time being on vacation The solution so it seems are environment caring types of holidays And if the modern forms of spending vacation are harming the environment why not coming back to more traditional types of holiday

Cruise Sector Growth Alexis Papathanassis,2009-10-21 Despite representing a fairly small fraction of global tourism activity the cruise sector has been experiencing a steady growth rate over the last years The 1st International Cruise Conference ICC and its proceedings documented here face the changes which accompany this process of growth The corresponding refereed papers are organized under the following themes New trends and innovations human resource management information technology and standardization The underlying motivation behind this collection of works is to bridge the gap between cruise theory and practice by providing a living research agenda aligned with the cruise sector s realities and needs

Tourism Charles R. Goeldner,J. R. Brent Ritchie,2011-09-27 The 12th Edition of Tourism Principles Practices Philosophies explores major concepts in tourism what makes tourism possible and how tourism can become an important factor in the wealth of any nation Written in global terms it provides an overview of the principles practices and philosophies that affect the cultural social economic psychological and marketing aspects of human travel and the tourism industry Among the topics given expanded coverage in this edition are B Bs time shares meetings and conventions sustainable tourism climate change social media and mobile marketing

Cruise Tourism & Innovation Alexis Papathanassis, Michael H. Breitner, Ate de Groot,2014 Innovation management is arguably essential for the profitability and growth sustainability of the cruise industry as it is for most areas of business endeavour Now more than ever the cruise sector is faced with significant challenges including safety and industry reputation in the aftermath of the Costa Concordia disaster al larger competitive scope and diminishing profit margins Given that innovation management can be perceived as a management attitude and cultural habit fostering inspiration is just as relevant as delivering innovation methodologies and guidelines On this basis the aim of this combined conference proceedings is to provide a creativity impulse and to illustrate the breadth and potential of innovation management in the cruise sector Sources on inspiration include mobile information and communication technologies multimedia and the internet and focus on areas as diverse as safety aesthetics culture and professional education
