## **Public Parks/private Partners:**

**Public Parks, Private Partners** Kathy Madden, Project for Public Spaces, 2000      **Public Parks, Private Partners** Project For Public Spaces, Incorporated, 2000-12-01      **Partnership. Private corporations. Public corporations** Albert Hutchinson Putney, 1908      **Hyperlocal** Jennifer S. Vey, Nate Storrington, 2022-10-25 An examination of how the hyper local is the locus of real change Many of America s downtowns waterfronts and innovation districts have experienced significant revitalization and reinvestment in recent years but concentrated poverty and racial segregation remain persistent across thousands of urban suburban and rural neighborhoods The coronavirus pandemic magnified this sustained and growing landscape of inequality Uneven patterns of economic growth and investment require a shift in how communities are governed and managed This shift must take into account the changing socioeconomic realities of regions and the pressing need to bring inclusive economic growth and prosperity to more people and places In this context place based hyperlocal governance structures in the United States and around the globe have been both part of the problem and part of the solution These organizations range from community land trusts to business improvement districts to neighborhood councils However very little systematic research has documented the full diversity and evolution of these organizations as part of one interrelated field Hyperlocal helps fill that gap by describing the challenges and opportunities of place governance The chapters in Hyperlocal explore both the tensions and benefits associated with governing places in an increasingly fragmented and inequitable economic landscape Together they explore the potential of place governance to give stakeholders a structure through which to share ideas voice concerns advocate for investments and co design strategies with others both inside and outside their place They also discuss how place governance can serve the interests of some stakeholders over others in turn exacerbating wealth based inequities within and across communities Finally they highlight innovative financing organizing and ownership models for creating and sustaining more effective and inclusive place governance structures The authors hope to provoke new thinking among place governance practitioners policymakers private sector leaders urban planners scholars students and philanthropists about how why and for whom place governance matters The book also provides guidance on how to improve place governance practice to benefit more people and places      Growth Management and Public Land Acquisition Christopher Coutts, 2016-04-15 Bringing together a team of national experts this volume offers a detailed look at the links between public land acquisition programs and efforts to yield smart growth outcomes in the USA Both public land acquisition programs and state and local growth management efforts have been examined in detail but while there is growing recognition that land acquisition can play an important role in smart growth outcomes there has so far been little research into the nexus of these areas of public policy This book investigates various aspects of the land acquisition smart growth linkage and describes model programs and makes recommendations for the adoption of land acquisition efforts nationally and internationally It will appeal to practising planners policy makers public officials and citizen groups as well as academics

of urban planning environmental studies geography and other disciplines which examine issues of urban sprawl

**Companion to Public Space** Vikas Mehta, Danilo Palazzo, 2020-05-13 The Companion to Public Space draws together an outstanding multidisciplinary collection of specially commissioned chapters that offer the state of the art in the intellectual discourse scholarship research and principles of understanding in the construction of public space Thematically the volume crosses disciplinary boundaries and traverses territories to address the philosophical political legal planning design and management issues in the social construction of public space The Companion uniquely assembles important voices from diverse fields of philosophy political science geography anthropology sociology urban design and planning architecture art and many more under one cover It addresses the complete ecology of the topic to expose the interrelated issues challenges and opportunities of public space in the twenty first century The book is primarily intended for scholars and graduate students for whom it will provide an invaluable and up to date guide to current thinking across the range of disciplines that converge in the study of public space The Companion will also be of use to practitioners and public officials who deal with the planning design and management of public spaces Publicprivate partnerships key elements of federal building and facility partnerships : report to the Honorable Stephen Horn, Committee on Government Reform, House of Representatives. ,

**Parks Plants and People** Lynden B Miller, 2009-08-25 Offers advice on planning public spaces in urban areas discussing the positive effects that parks and gardens can have on cities and their residents and covering design maintenance volunteers public funding and private donations with a list of plants and other resources The Everyday Practice of Public Art Cameron Cartiere, Martin Zebracki, 2015-11-19 The Everyday Practice of Public Art Art Space and Social Inclusion is a multidisciplinary anthology of analyses exploring the expansion of contemporary public art issues beyond the built environment It follows the highly successful publication The Practice of Public Art eds Cartiere and Willis and expands the analysis of the field with a broad perspective which includes practicing artists curators activists writers and educators from North America Europe and Australia who offer divergent perspectives on the many facets of the public art process The collection examines the continual evolution of public art moving beyond monuments and memorials to examine more fully the development of socially engaged public art practice Topics include constructing new models for developing and commissioning temporary and performance based public artworks understanding the challenges of a socially engaged public art practice vs social programming and policymaking the social inclusiveness of public art the radical developments in public art and social practice pedagogy and unravelling the relationships between public artists and the communities they serve The Everyday Practice of Public Art offers a diverse perspective on the increasingly complex nature of artistic practice in the public realm in the twenty first century **Great City Parks** Alan Tate, 2015-03-05 Great City Parks is a celebration of some of the finest achievements of landscape architecture in the public realm It is a comparative study of thirty significant public parks in major cities across Western Europe and North America Collectively they give a clear picture of why parks have been

created how they have been designed how they are managed and what plans are being made for them at the beginning of the twenty first century Based on unique research including extensive site visits and interviews with the managing organisations this book is illustrated throughout with clear plans and photographs with this new edition featuring full colour throughout Tate updates his seminal 2001 work with 10 additional parks including The High Line in NYC Golden Gate Park in San Francisco and Westergasfabriek Amsterdam All the previous city parks have also been updated and revised to reflect current usage and management This book reflects a belief that well planned well designed and well managed parks and park systems will continue to make major contributions to the quality of life in an increasingly urbanized world      **Public/private**

**Partnerships for Major League Sports Facilities** Judith Grant Long,2013 This volume takes readers inside the high stakes game of public private partnerships for major league sports facilities explaining why some cities made better deals than others assessing the best practices and common pitfalls in deal structuring and facility leases as well as highlighting important differences across markets leagues facility types public actors subsidy delivery mechanisms and urban development aspirations It concludes with speculations about the next round of facility replacement amidst rapid changes in broadcast technology shrinking domestic audiences and the globalization of sport      *The New Public Governance* Stephen P. Osborne,2010-01-21 Despite predictions that new public management would establish itself as the new paradigm of Public Administration and Management recent academic research has highlighted concerns about the intra organizational focus and limitations of this approach This book represents a comprehensive analysis of the state of the art of public management examining and framing the debate in this important area The New Public Governance sets out to explore this emergent field of research and to present a framework with which to understand it Divided into five parts the book examines Theoretical underpinnings of the concept of governance especially competing perspectives from Europe and the US Governance of inter organizational partnerships and contractual relationships Governance of policy networks Lessons learned and future directions Under the steely editorship of Stephen Osborne and with contributions from leading academics including Owen Hughes John M Bryson Don Kettl Guy Peters and Carsten Greve this book will be of particular interest to researchers and students of public administration public management public policy and public services management      Environment and Social Justice Dorceta E. Taylor,2010-08-26 The environmental justice movement an organized social and political force in America in the 80s is a global phenomenon today as activists worldwide try to understand the relationship between environment race ethnicity and social inequality This volume examines domestic and international environmental issues

Public Parks, Private Power Julia Hunter Palmer,2009      Who Cleans the Park? John Krinsky,Maud Simonet,2017-03-24 America s public parks are in a golden age Hundreds of millions of dollars both public and private fund urban jewels like Manhattan s Central Park Keeping the polish on landmark parks and in neighborhood playgrounds alike means that the trash must be picked up benches painted equipment tested and leaves raked Bringing this often invisible work into view however

raises profound questions for citizens of cities In *Who Cleans the Park* John Krinsky and Maud Simonet explain that the work of maintaining parks has intersected with broader trends in welfare reform civic engagement criminal justice and the rise of public private partnerships Welfare to work trainees volunteers unionized city workers sometimes working outside their official job descriptions staff of nonprofit park conservancies and people sentenced to community service are just a few of the groups who routinely maintain parks With public services no longer being provided primarily by public workers Krinsky and Simonet argue the nature of public work must be reevaluated Based on four years of fieldwork in New York City *Who Cleans the Park* looks at the transformation of public parks from the ground up Beginning with studying changes in the workplace progressing through the public private partnerships that help maintain the parks and culminating in an investigation of a park's contribution to urban real estate values the book unearths a new urban order based on nonprofit partnerships and a rhetoric of responsible citizenship which at the same time promotes unpaid work reinforces workers domination at the workplace and increases the value of park side property *Who Cleans the Park* asks difficult questions about who benefits from public work ultimately forcing us to think anew about the way we govern ourselves with implications well beyond the five boroughs

*The Presidio* Lisa Benton-Short,1998 The story of the Presidio's conversion from military post to national park **Insurgent Public Space** Jeffrey Hou,2010-04-21 Winner of the EDRA book prize for 2012 In cities around the world individuals and groups are reclaiming and creating urban sites temporary spaces and informal gathering places These insurgent public spaces challenge conventional views of how urban areas are defined and used and how they can transform the city environment No longer confined to traditional public areas like neighbourhood parks and public plazas these guerrilla spaces express the alternative social and spatial relationships in our changing cities With nearly twenty illustrated case studies this volume shows how instances of insurgent public space occur across the world Examples range from community gardening in Seattle and Los Angeles street dancing in Beijing to the transformation of parking spaces into temporary parks in San Francisco Drawing on the experiences and knowledge of individuals extensively engaged in the actual implementation of these spaces *Insurgent Public Space* is a unique cross disciplinary approach to the study of public space use and how it is utilized in the contemporary urban world

Appealing to professionals and students in both urban studies and more social courses Hou has brought together valuable commentaries on an area of urbanism which has up until now been largely ignored      **New York's New Edge** David Halle, Elisabeth Tiso, 2014-12-09 The story of New York's west side no longer stars the Sharks and the Jets Instead it's a story of urban transformation cultural shifts and an expanding contemporary art scene The Chelsea Gallery District has become New York's most dominant neighborhood for contemporary art and the streets of the west side are filled with gallery owners art collectors and tourists Developments like the High Line historical preservation projects like the Gansevoort Market the Chelsea galleries and plans for megaprojects like the Hudson Yards Development have redefined what is now being called the Far West Side of Manhattan David Halle and Elisabeth Tiso offer a deep analysis of the transforming district in New York's New Edge and the result is a new understanding of how we perceive and interpret culture and the city in New York's gallery district From individual interviews with gallery owners to the behind the scenes politics of preservation initiatives and megaprojects the book provides an in depth account of the developments obstacles successes and failures of the area and the factors that have contributed to them      **African Engagements** , 2011-05-27 With the end of the Cold War the world seemed to move from a bipolar to a unipolar system with the neoliberal West globally imposing its laws However it has been acknowledged that other actors such as China India and Brazil have become increasingly influential helping to lead to a new multipolarity at the global level The question of what this emerging multipolarity means for Africa is important Will Africa become crushed in a mounting struggle over raw materials and political hegemony between superpowers and fall victim to a new scramble for Africa Or does this new historic conjuncture offer African countries and groups greater room for negotiation and manoeuvring eventually leading to stronger democracy and enhanced growth The chapters in this volume offer food for thought on how Africa's engagements with the world are currently being reshaped and revalued and importantly on whose terms
