**Public Relations** H. Frazier Moore, Bertrand R. Canfield, 1977 *Public Relations--principles, Cases, and Problems* H. Frazier Moore, 1981 Public Relations, Principles, Cases, and Problems H. Frazier Moore, Frank B. Kalupa, 1985-01-01

**Public Relations; Principles, Cases, and Problems** Bertrand R. Canfield, H. Frazier Moore, 1973 **Public Relations** H. Frazier Moore, 1977 **Public Relations; Principles, Cases, and Problems [By] Bertrand R. Canfield and H. Frazier Moore** Bertrand R. Canfield, H. Frazier Moore (Joint Author), 1973 **Paradox in Public Relations** Kevin L. Stoker, 2020-03-25 Paradox in Public Relations A Contrarian Critique of Theory and Practice is a thought provoking exploration of public relations aiming to promote changes in meaning and perception by creating new meta realities for public relations The term Public Relations was embraced by early practitioners primarily because it sounded more professional than the often pejorative alternatives This book argues for a reframing of some of the popular realities associated with modern day public relations and uses psychological and organizational change theory to critique paradoxes in public relations theory and practice By examining public relations through the lens of paradox we can begin to identify the logical fallacies that have inhibited progress and innovation in public relations practice and theory The book explores the paradoxical nature of key concepts including public interest relationship management accountability stewardship loyalty community and ethics It also recommends new conceptualizations for understanding the field This book will be of interest to media communication public relations and advertising faculty and graduate students particularly those interested in public relations theory and ethics Scholars from other disciplines can also use this exploration of paradox in PR as a learning tool for identifying logical fallacies and inconsistencies *Community Relations and Public Relations Bibliography* United States. Department of the Army, 1957 **Public Relations Research Annual** Larissa A. Grunig, James E. Grunig, 2020-07-24 The purpose of this second volume is to challenge and extend the field of research in public relations Taking a proactive approach to creating a stable yet not stagnant annual the editors directly solicited chapters on exciting and intriguing subjects Assuming some prior knowledge interests and commitment of their readers the editors hope that each chapter's report on original research provides enough context for understanding even if the area of inquiry is new to the readers Public Relations Research Annual Volume 2 continues to advance within the discipline beyond anecdotes to practical theories and research Educators practitioners and researchers will find this annual's presentations and critiques useful in creating a systematic framework for their own endeavors *Social, Political, and Economic Contexts in Public Relations* Hugh M. Culbertson, Dennis W. Jeffers, Donna Besser Stone, Martin Terrell, 2012-10-12 Two commissions within the Public Relations Society of America have recently defined courses in case study analysis research methods and behavioral science theory as central to an acceptable public relations curriculum To date these three streams within PR education have run independently of each other The authors produced this volume because they believe that there is a growing demand for an integrative

applied theory approach to the study of public relations cases The need for PR professionals to study the social political and economic contexts of public relations carefully had been apparent for some time as issues management and environment scanning emerged as focal points of modern public relations Yet there was no systematic framework for such study This volume however with its strong foundation in theory provides just that framework and is highly suitable for graduate level courses in public relations

Public Relations Russell S. Spindler,1958 , **The Global Foundations of Public Relations** Robert E. Brown,Burton St. John III,Jenny Zhengye Hou,2021-09-27 The Global Foundations of Public Relations Humanism China and the West explores the growing humanistic turn in public relations processes and proposes that this has compelling parallels in the roots of Chinese philosophies As the leader of growth and power across the Pacific Rim public relations in China is not developing in isolation from the West but via mutual accommodations and culturally complex interactions By collecting cases and reflections on PR practices from both Chinese and Western scholars the chapters propose that Chinese philosophies are playing a role in the development of modern Chinese PR practices and focusing less on the obvious differences and contrasts seek to highlight their spiritual philosophical and political confluences The conclusions drawn enhance and advance our understanding of public relations globally This innovative work is of interest to educators and researchers in the fields of public relations strategic communications and public diplomacy

**Introduction to Public Relations and Advertising** D F du Plessis,2000 Introduction to Public Relations and Advertising introduces the reader to the basics of public relations and advertising in a single textbook Topics include the functions effects and critical issues of public relations as well as the history of advertising and its relationship to marketing The unit on advertising covers theoretical models advertising campaigns and critical research issues Introduction to Public Relations and Advertising is used by the Department of Communication at the university of South Africa and will prove invaluable for other students of communication as well as practitioners who need to reflect on the fundamentals of public relations and advertising
