## Public Sculpture Of The City Of London Public Sculpture Of Britain Volume 7:

London's Waterfront and its World, 1666–1800 John Schofield, Stephen Freeth, 2023-12-21 This volume covering the period 1666 1800 considers the archaeology of the port of London on a wide scale from the City down the Thames to Deptford During this period with the waterfront at its centre London became the hub of the new British empire contributing to the exploitation of people from other lands known as slavery St Paul's Cathedral John Schofield, 2016-09-30 This is the first volume concerned solely with the archaeology of a major late 17th century building in London and the major changes it has undergone St Paul's Cathedral in the City of London was built in 1675 1711 to the designs of Sir Christopher Wren and has been described as an iconic building many times In this major new account John Schofield examines the cathedral from an archaeological perspective reviewing its history from the early 18th to the early 21st century as illustrated by recent archaeological recording documentary research and engineering assessment A detailed account of the construction of the cathedral is provided based on a comparison of the fabric with voluminous building accounts which have survived and evidence from recent archaeological investigation The construction of the Wren building and its embellishments are followed by the main works of later surveyors such as Robert Mylne and Francis Penrose The 20th century brought further changes and conservation projects including restoration after the building was hit by two bombs in World War II and all its windows blown out The 1990s and first years of the present century have witnessed considerable refurbishment and cleaning involving archaeological and engineering works Archaeological specialist reports and an engineering review of the stability and character of the building are provided Public Sculpture of Staffordshire and the Black Country George Thomas Noszlopy, Fiona Waterhouse, 2005-01-01 The Black Country is an area historically known as the cradle of the Industrial Revolution a thriving region built around deep coal seams conjuring up images of fiery red furnaces by night and black sooty citadels by day Yet today the resource rich region also features many striking public sculptures This volume provides a comprehensive catalog to all of the historic sculptures and public monuments in Staffordshire and the Black Country George Noszlopy and Fiona Waterhouse catalog each individual sculpture in detail including information about the sculptor the sculpture s historical and artistic significance the commissioning agent and the date of installation The volume also features 350 black and white photographs that document the diverse and rich beauty of the region s public monuments The ninth volume in the widely acclaimed award winning Public Sculpture of Britain series Public Sculpture of Staffordshire and the Black Country is an invaluable resource for British historians art scholars and travelers alike Public Pantheons in Revolutionary Europe E. Bouwers, 2011-11-21 The story of how the concept of a pantheon a building honouring great individuals spread across Revolutionary Europe and interacted with socio political and cultural changes Analysing the canon and iconography of each pantheon Bouwers shows how the commemoration of war and celebration of nationhood gave way to the protection of elite interests **People and their Pasts** P. Ashton, H. Kean, 2008-12-11 In this innovative and original

collection people are seen as active agents in the development of new ways of understanding the past and creating histories for the present Chapters explore forms of public history in which people s experience and understanding of their personal national and local pasts are part of their current lives *Public Sculpture of South London* Terry Cavanagh,2007 In this tenth volume in the Publich Sculpture of Britain series the varied and important though often little known public sculpture of the Boroughs of Wandsworth Lambeth Southwark and Lewsham is illustrated and catalogued in detail BOOK JACKET

Public Sculpture of Greater Manchester Terry Wyke, Harry Cocks, 2004-01-01 Public Sculpture of Greater Manchester is a complete catalog and illustrated guide to all of Greater Manchester's public sculptures and monuments Manchester historian Terry Wyke provides detailed individual entries for each sculpture featured including information about the artist and the commissioning agent date of installation and the sculpture's historical and artistic significance More than 350 black and white photographs reveal the diversity and beauty of Manchester's many public monuments. The eighth volume in Liverpool University Press s highly acclaimed and prize winning Public Sculpture of Britain series Public Sculpture of Greater Manchester will be an incomparable resource for both armchair and actual travelers as well as for English historians and art scholars alike These are excellent volumes in an outstanding and continuing series one of the most original and important such projects under way They set an international standard for the recording and publication of public sculpture Judging panel 2003 William MB Berger Prize for British Art History on the Public Sculpture of Britain series The Empire Strikes Back? Andrew S. Thompson, 2014-09-11 The Empire Strikes Back will inject the empire back .2005 into the domestic history of modern Britain In the nineteenth century and for much of the twentieth century Britain s empire was so large that it was truly the global superpower Much of Africa Asia and America had been subsumed Britannia s tentacles had stretched both wide and deep Culture Religion Health Sexuality Law and Order were all impacted in the dominated countries The Empire Strikes Back shows how the dependent states were subsumed and then hit back affecting in London's Global Office Economy Rob Harris, 2021-04-07 London's Global Office Economy From turn England itself Clerical Factory to Digital Hub is a timely and comprehensive study of the office from the very beginnings of the workplace to its post pandemic future The book takes the reader on a journey through five ages of the office encompassing sixteenth century coffee houses and markets eighteenth century clerical factories the corporate offices emerging in the nineteenth to the digital and network offices of the twentieth and twenty first centuries While offices might appear ubiquitous their evolution and role in the modern economy are among the least explained aspects of city development One third of the workforce uses an office and yet the buildings themselves their history design construction management and occupation have received only piecemeal explanation mainly in specialist texts This book examines everything from paper clips and typewriters to design and construction to workstyles and urban planning to explain the evolution of the office economy Using London as a backdrop Rob Harris provides built environment practitioners academics students and the general reader with a

fascinating illuminating and comprehensive perspective on the office Readers will find rich material linking fields that are normally treated in isolation in a story that weaves together the pressures exerting change on the businesses that occupy office space with the motives and activities of those who plan supply and manage it Our unfolding understanding of offices the changes through which they have passed the nature of office work itself and its continuing evolution is a fascinating story and should appeal to anyone with an interest in contemporary society and its relationship with work Guildhall Library of the City of London Guildhall Library (London, England),1889 A Strange Business Tames Hamilton, 2015-09-15 Britain in the nineteenth century saw a series of technological and social changes which continue to influence and direct us today Its reactants were human genius money and influence its crucibles the streets and institutions its catalyst time its control the market In this rich and fascinating book James Hamilton investigates the vibrant exchange between culture and business in nineteenth century Britain which became a center for world commerce following the industrial revolution He explores how art was made and paid for the turns of fashion and the new demands of a growing middle class prominent among whom were the artists themselves While leading figures such as Turner Constable Landseer Coleridge Wordsworth and Dickens are players here so too are the patrons financiers collectors and industrialists publishers entrepreneurs and journalists artists suppliers engravers dealers and curators hostesses shopkeepers and brothel keepers quacks charlatans and auctioneers Hamilton brings them all vividly to life in this kaleidoscopic portrait of the business of culture in nineteenth century Britain and provides thrilling and original insights into the working lives of some of the era s most celebrated artists Catalogue of the Guildhall Library of the City of London Guildhall (London). - Library, 1889
