Torring, Peter Triantafillou, 2013-02-08 Traditional forms of top down government are being challenged by the growing complexity and fragmentation of social and political life and the need to mobilize and activate the knowledge ideas and resources of private stakeholders In response to this important challenge there has been a persistent proliferation of interactive forms of public governance that bring together a plethora of public and private actors in collaborative policy arenas This book explores how these new forms of interactive governance are working in practice and analyses their role and impact on public policy making in different policy areas and in different countries The need for facilitating managing and giving direction to interactive policy arenas is also addressed through empirical analyses of different forms of metagovernance that aim to govern interactive forms of governance without reverting to traditional forms of hierarchical command and control Finally the normative implications of interactive policy making are assessed through studies of the democratic problems and merits associated with interactive policy making Remaking Governance Janet

Newman, 2005-09-21 This book highlights the dynamics of the social cultural and institutional practices involved in remaking

governance It is structured around three key themes the remaking of peoples publics and politics Remaking governance focuses on the dynamics of change as new strategies active citizenship public participation partnership working and democratic renewal encounter existing institutions It explores different sites and practices of governing from the remaking of Europe to the increasing focus on community and personhood in governing social life The authors critically engage with existing theory in a range of disciplines to explore how the social is constituted through governance practices This includes the ways in which the spaces and territories of governing are remade and the peoples constituted how the public domain is re imagined and new forms of state citizen relationships fostered how the remaking of governance shapes our understanding of politics changing the ways in which citizens engage with political power and the selves they bring to that engagement Remaking governance is essential reading for academics and students of political science social policy sociology and public administration and management and for those engaged in policy evaluation and reform Janet Newman is Professor of Social Policy at The Open University Her previous book Modernising governance New Labour policy and society is a key text on undergraduate and masters programmes across Europe Australasia and North America *Local Democracy in Modern Mexico* Arturo Flores,2005 This in depth study of local government in Mexico raises issues which go far beyond the territory it covers It will be of absorbing interest to all students of local democracy and participatory methods not only in Latin America but in Western and Eastern Europe the USA Africa Asia and elsewhere where initiatives and experimentation are driven by socio economic change Everywhere citizen participation has become an important part of the democratisation debate and this is certainly the situation in contemporary Mexico This book presents a revealing insight of the wide range of participatory mechanisms including plebiscites referenda and neighbourhood committees which have been introduced by different political parties at the local level in Mexico After presenting the overall picture the author examines the implementation of the participatory agenda in three localities Remaking Governance , **Public Service Logic** Stephen Osborne,2020-10-29 This book is based upon and extends the theoretical and empirical work of the author over the last decade It integrates material deriving from his previous conceptual and empirical work in this field together with new empirical evidence from emerging research Public Service Logic challenges the product dominant assumptions of the New Public Management NPM about the nature and management of public service delivery Whilst the NPM has led to some important developments in public management it has also had significant limitations and weaknesses The book presents an alternative to this as a framework for the future delivery and reform of public services globally It draws upon the extant literature in the field of service management to argue for a Public Service Logic PSL for the delivery of public services This situates public service delivery within the vibrant and influential field of service dominant research and theory It argues that effective public service management requires both that these services are understood as services not as products and that consequently public service management requires a focus on value creation as its over arching rationale The book presents a

major new framework of value creation for public service delivery as a basis for public service reform explores the role of service managers and staff and of citizens and service users in this value creation process and evaluates the implications of this new framework for both the strategic and operational management of public service delivery their performance management and the development and innovation of new forms of public services It will be of interest to researchers and students in the fields of public management and public administration as well as to policy makers and public service managers
