**Public Relations for Public Schools** Doyle M. Bortner, 1972      *Public Relations in Schools* Theodore J. Kowalski, 2011

For educational administration and leadership students studying school and community relations A contemporary and practice based school public relations text that centers on the importance of communication relationships and technology Outfitting students with a wealth of practical practice based knowledge that they can take directly into the halls of their school the new fifth edition of *Public Relations in Schools* has a fresh contemporary focus on both how administrators can effectively communicate with the community and how building strong relationships with stakeholders can ultimately lead to overall school improvement Through a blend of theoretical and tacit knowledge this text offers students an in depth guide to
