Public Sector Reform Governance In South Africa:

Public Sector Reform in South Africa 1994-2021 Robert Cameron, 2022-08-02 Public Sector Reform in South Africa 1994-2021 is an examination of specific public sector reforms in three core Public Administration areas in the democratic South Africa political administrative relationships the delegation of authority to senior managers and performance management

Public Sector Reform Karen Miller, 2005 This ground breaking volume provides a comprehensive review of public sector reforms and the impact of these reforms on the management of the civil service and the political administrative interface The focus is a study of how public sector reforms have impacted upon the executive arm of government with reference to developed and developing countries South Africa a country which has undergone an enormous amount of reforms is used as a case study to highlight how public sector reforms have impacted upon the executive arm of government The book therefore provides an insight into the functioning of government the relationship between politicians and senior civil servants and an analysis of contemporary public management in a changing global context It will prove invaluable for a broad range of people studying or working in the field of governance public management public administration development studies and international relations

Global Trends in Public Sector Reform Michel S. de Vries, Juraj Nemec, 2012-12-20 Have the underlying ideas behind New Public Management NPM been forgotten This book investigates whether this idea is reflected in the real world of public administration or if it is mere wishful thinking The investigations in this volume comprise studies of not only European countries but also major Asian African and Latin American countries that is countries of which much less is known regarding the developments in Public Administration reform It provides the reader with a remarkable overview of what is actually happening in countries all over the world More importantly the chapters provide ample information which is indicative for an answer to the question raised above What has remained of NPM and what is the role of NPM tools in public administration today

New Public Management in Africa Benon C. Basheka, Lukamba-Muhiya. Tshombe, 2017-08-25 The administrative sciences have been dominated by a turn to managerial perspectives in the late 20th and early 21st centuries and in the spirit of this turn New Public Management or NPM promises to produce efficient responsible and client oriented public services The reforms carried out in the pursuit of New Public Management are often accompanied by great optimism and rapid enthusiastic steps toward implementation Even in highly developed industrial countries however these fundamental reforms often overlook the political and cultural contexts of the implementing country New Public Management in Africa Emerging Issues and Lessons provides much needed theoretical foundations for NPM reforms in the African context and reflects on the success of existing reforms in the development of several African states The individual contributions in this timely volume provide important analyses of academic discourse practical policy achievements and desiderata The book as a whole however provides a valuable impetus for public administration research in and on African states sharing findings on the results of reforms to date and adjustments required for these reforms to succeed For public administration

researchers outside of Africa this book offers a review of New Public Management case studies that are unavailable or difficult to find elsewhere contributing much to the exchange between African and Western administration science research and demonstrating that African administrative research is well prepared to help resolve global challenges *Civil Society Organisations and State-Owned Enterprises in South Africa* Julieth Gudo, 2024-06-03 This book examines the important role which civil society organisations in South Africa play in challenging poor corporate governance in state owned enterprises and demanding better government accountability transparency and citizen participation The book provides a powerful examination of the shortcomings in corporate governance in South Africa s state owned enterprises highlighting how civil society organisations as citizen representatives can push for change It examines the legal provisions used by civil society organisations in South Africa to advance good corporate governance and accountability in state owned enterprises The book demonstrates the need for an enabling legal environment for civil society organisations to challenge poor governance in state owned enterprises Also critical is enforcing laws so those responsible for poor corporate governance in SOEs are held accountable The book will be useful to policy advisors public servants and social justice activists as well as to postgraduate students and researchers who are interested in African governance and accountability **The Politics and Governance of**

Basic Education Brian Levy, Robert Cameron, Ursula Hoadley, Vinothan Naidoo, 2018-08-24 This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations All over the world economic inclusion has risen to the top of the development discourse A well performing education system is central to achieving inclusive development but the challenge of improving educational outcomes has proven to be unexpectedly difficult Access to education has increased but quality remains low with weaknesses in governance comprising an important part of the explanation The Politics and Governance of Basic Education explores the balance between hierarchical and horizontal institutional arrangements for the public provision of basic education Using the vivid example of South Africa a country that had ambitious goals at the outset of its transition from apartheid to democracy it explores how the interaction of politics and institutions affects educational outcomes By examining lessons learned from how South Africa failed to achieve many of its goals it constructs an innovative alternative strategy for making process combining practical steps to achieve incremental gains to re orient the system towards learning **Global Encyclopedia of Public Administration, Public Policy, and Governance** Ali

Thirty Years of Public Sector Reforms in Africa Paulos Chanie, Paschal B. Mihyo, 2013 Over the past three decades African countries have been reforming their public sector with a view to improving efficiency effectiveness accountability and transparency as part of efforts to improve the delivery of public services Reform actions have included privatisation public private partnerships commercialisation and adoption of private sector approaches in managing public organisations This book put together by OSSREA reviews measures by African countries in that regard the extent to which the measures have achieved their intended results as well as the factors behind the failure to achieve those results where this was the case

Reforming the Malawian Public Sector Richard Tambulasi, 2010-06-01 Reforming the Malawian Public Sector argues that the new public management model that Malawi like most African countries adopted under the influence of donor organisations has not led to the intended development The book

examines decentralisation performance contracting and publicprivate partnerships as key aspects of the reforms and comes to the conclusion that at best it can be argued that the failures have been due to poor implementation and this could be attributed to the fact that the process was led by donors who lacked the necessary institutional infrastructure The book uses the 2005 6 fertiliser subsidy programme which the government embarked on despite donor resistance that it went against market models but which turned out to be overwhelmingly successful to demonstrate the states developmental ability and potential This volume is essential reading for academics students and practitioners seeking a deeper understanding of public administration management policy development and governance in Africa and the rest of the developing world The book is dedicated to the memory Guy Mhone a Malawian who was among Africas leading scholars in public administration and governance His works focused mainly on public sector reforms and development

Handbook of Politicization and Political Patronage B. G. Public Sector Reforms in Developing Countries Charles Conteh, Ahmed Shafiqul Huque, 2014-04-03 The underpinning assumption of public management in the developing world as a process of planned change is increasingly being recognized as unrealistic In reality the practice of development management is characterized by processes of mutual adjustment among individuals agencies and interest groups that can constrain behaviour as well as provide incentives for collaborative action Paradoxes inevitably emerge in policy network practice and design The ability to manage government departments and operations has become less important than the ability to navigate the complex world of interconnected policy implementation processes Public sector reform policies and programmes as a consequence are a study in the complexities of the institutional and environmental context in which these reforms are pursued Building on theory and practice this book argues that advancing the theoretical frontlines of development management research and practice can benefit from developing models based on innovation collaboration and governance The themes addressed in Public Sector Reforms in Developing Countries will enable public managers in developing countries cope in uncertain and turbulent environments as they seek optimal fits between their institutional goals and environmental contingencies

The Politics of Successful Governance Reforms Mark Robinson, 2013-10-18 This book examines the factors that give rise to successful

governance reforms in developing countries focusing on the importance of political commitment supportive institutions and the timing of reforms It reviews the lessons arising from the design and implementation of successful governance reforms in Brazil India Uganda and other parts of Africa through comparative analysis of experience with public financial management anti corruption civil service reform and innovations in service delivery The contributors suggest that three factors are critical in explaining positive outcomes strong consistent commitment from politicians to initiate and sustain reforms a high level of technical capacity and some degree of insulation from societal interests at least in the early phases for designing and managing reforms incremental approaches with cumulative benefits are more likely to produce sustainable results Explicit attention to the political feasibility of reform identifying and building incentives for reform and a more gradual and piecemeal approach are all integral to the success of future governance reforms

Emerging and Potential Trends in Public Management John Diamond, Joyce Liddle, 2012-08-20 Challenging some of the established practices of public policy and administration which have been called into question by the financial and banking crises of 2008 this title investigates public sector management and the public managers acting in the interests of civil society to get to the heart of best practice

Public Administration in Africa Shikha Vyas-Doorgapersad, Lukamba-Muhiya. Tshombe, Ernest Peprah Ababio, 2017-09-25 With contributions from leading regional scholars Public Administration in Africa Performance and Challenges examines the complexities of the art of governance from the unique African perspective The editors bring together a cohesive study of the major issues and regions by taking an analytic approach with the strong problem solution application Regions addressed range from South Africa Congo Uganda Nigeria Ghana Mauritius and Botswana Themes include colonialism reform poverty economy decentralization financing media political structures and more Beginning with an analysis of the relationship of policy design and its destination service delivery the book discusses the historical development of a state that has gone through upheavals in government and explores a decayed political economy that ultimately results in a need for sweeping measures The text examines the issues emerging policy makers in Africa must tackle namely poverty and the denial or lack of resources to keep a dignified human life It highlights how the media can be a catalyst for good governance and provides analytical aspects of implementing good governance reforms The book concludes with an examination of the concepts of decentralization and devolution in measuring service delivery performance and an exploration of Africa's economic success story It also details the African Peer Review Mechanisms in selected African countries and provides a holistic analysis of local government functioning in Africa These features and more make it an interdisciplinary reference for diverse social economic political and administrative issues

Rethinking Development Challenges for Public Policy K. Hanson, G. Kararach, T. Shaw, 2012-04-05 Covers topical issues for Africa's development economics and politics of climate change water management public service delivery and delivering aid The authors argue that these issues should be included in the post MDG paradigm and add an important voice to recent moves by academics

and practitioners to engage with each other
