Galgano, 2005 A study of native responses to the imposition of Spanish spiritual and secular practices in North America American Indian History Day by Day Roger M. children's rodeos Here we learn how class religion language and race influenced the creation of distinct identities and ethnic boundaries but also provided opportunities for cross cultural interactions and intimacies And we see the critical importance of education in both reinforcing differences and opening a shared space for those differences to be experienced and bridged In this Adams's work offers a close up view of the transformation of one multicultural community but also of the transformation of childhood itself over the course of the twentieth century A unique blend of oral social and childhood history Three Roads to Magdalena is a rare living document of conflict and accommodation across ethnic boundaries in our ever evolving multicultural society Published in Cooperation with the William P Clements Center for Southwest Studies Southern Methodist University

The Intimate Frontier Ignacio Martínez, 2019-10-22 For millennia friendships have framed the most intimate and public contours of our everyday lives In this book Ignacio Martínez tells the multilayered story of how the ideals logic rhetoric and emotions of friendship helped structure an early yet remarkably nuanced fragile and sporadic form of civil society *societas civilis* at the furthest edges of the Spanish Empire Spaniards living in the isolated borderlands region of colonial Sonora were keen to develop an ideologically relevant and socially acceptable form of friendship with Indigenous people that could act as a functional substitute for civil law and governance thereby regulating Native behavior But as frontier society grew in complexity and sophistication Indigenous and mixed raced people also used the language of friendship and the performance of emotion for their respective purposes in the process becoming skilled negotiators to meet their own best interests In northern New Spain friendships were sincere and authentic when they had to be and cunningly malleable when the circumstances demanded it The tenuous origins of civil society thus developed within this highly contentious social laboratory in which friendships authentic and feigned set the social and ideological parameters for conflict and cooperation Far from the coffee houses of Restoration London or the lecture halls of the Republic of Letters the civil society illuminated

by Martinez stumbled forward amid the ambiguities and contradictions of colonialism and the obstacles posed by the isolation and violence of the Sonoran Desert

Native Insurgencies and the Genocidal Impulse in the Americas Nicholas A. Robins, 2005-10-26 This book investigates three Indian revolts in the Americas the 1680 uprising of the Pueblo Indians against the Spanish the Great Rebellion in Bolivia 1780-82 and the Caste War of Yucatan that began in 1849 and was not finally crushed until 1903 Nicholas A. Robins examines their causes course nature leadership and goals He finds common features they were revitalization movements that were both millenarian and exterminatory in their means and objectives they sought to restore native rule and traditions to their societies and they were movements born of despair and oppression that were sustained by the belief that they would witness the dawning of a new age His work underscores the link that may be found but is not inherent between genocide millennialism and revitalization movements in Latin America during the colonial and early national periods
