Education, 1998 **The Commuter Nation** Carlos Antonio Torre, Hugo Rodríguez Vecchini, William Burgos, 1994 Forceful arguments analyze the migration phenomenon in Puerto Rico from different points of view the parallel between migration in Corcega and migration in Puerto Rico by Hugo Rodriguez Vecchini and the definition of Puerto Rican offered by Juan Manuel Garcia Passalacqua *Dutch Caribbean: Prospects Demo* Betty N Sedoc- Dahlberg, 2021-11-14 First Published in 1990 This volume of essays on the Dutch Caribbean considers areas that are of increasing importance on the international scene and on which little has been written The Dutch Caribbean shares many of the features of the French Spanish and English speaking Caribbean Like these other linguistic zones the Dutch Caribbean emerged from a history of slavery and colonialism with economies rooted in or characterized by the plantation system Fishers At Work, Workers At Sea David Griffith, 2011-02-02 Small scale fishing a house hold based enterprise in Puerto Rico rarely provides sufficient income for a family but it anchors their culture and sense of themselves within that culture Even when family members must engage in wage work to supplement house hold income they think of themselves as fishers Liche typifies these wage workers When he was quite young he left the island to struggle in other lands to work to raise a family to send home the money he earned Ten twenty thirty years passed during which he did not once fish or even see the ocean But in a boat building factory in New Jersey in a bakery in the Bronx on the production line of a chemical factory on dozens of construction sites every single day he made a mental review of the waters the isles and cays and entertained no thought that was not related to his return Fishers at Work Workers at Sea describes Puerto Rican fishing families as they negotiate homeland and diaspora It considers how wage work affects their livelihoods and identities at home and how these independent producers move in and out of global commodity markets Drawing on some 100 life histories and years of fieldwork David Griffith and Manuel Vald s Pizzini have developed a complex often moving portrait of the men and women who fiercely struggle to hang onto the coastal landscapes and cultural heritage tied to the Caribbean Sea **The Cambridge History of Latin America** Leslie Bethell, 1984 This is an authoritative large scale history of the whole of Latin America from the first contacts between native
