against the monolithic backdrop of cultural nationalism but rather was varied and uneven Moving children from the aesthetic to the political realm Albarr n situates them in their rightful place at the center of Mexico s revolutionary narrative by examining the avenues through which children contributed to ideas about citizenship and nation *American International Pictures* Rob Craig,2019-02-15 American International Pictures was in many ways the missing link between big budget Hollywood studios poverty row B movie factories and low rent exploitation movie distributors AIP first targeted teen audiences with science fiction horror and fantasy but soon grew to encompass many genres and demographics at times it was indistinguishable from many of the major studios From Abby to Zontar this filmography lists more than 800 feature films television series and TV specials by AIP and its partners and subsidiaries Special attention is given to American International Television the TV arm of AIP and an appendix lists the complete AITV catalog The author also discusses films produced by founders James H Nicholson and Samuel Z Arkoff after they left the company **Spanish Comics** Anne Magnussen,2020-11-01 Spanish comics represent an exciting and diverse field yet one that is often overlooked outside of Spain Spanish Comics offers an overview on contemporary scholarship on Spanish comics focusing on a wide range of comics dating from the Francoist dictatorship 1939 1975 the Political Transition 1970 1985 and Democratic Spain since the early 1980s including the emergence of the graphic novel in 2000 Touching on themes of memory gender regional identities and history the chapters in this collection demonstrate the historical and cultural significance of Spanish comics *The Enchanted Screen* Jack Zipes,2011-01-27 The Enchanted Screen The Unknown History of Fairy Tale Films offers readers a long overdue comprehensive look at the rich history of fairy tales and their influence on film complete with the inclusion of an extensive filmography compiled by the author With this book Jack Zipes not only looks at the extensive illustrious life of fairy tales and cinema but he also reminds us that decades before Walt Disney made his mark on the genre fairy tales were central to the birth of cinema as a medium as they offered cheap copyright free material that could easily engage audiences not only through their familiarity but also through their dazzling special effects Since the story of fairy tales on film stretches far beyond Disney this book therefore discusses a broad range of films silent English and non English animation live action puppetry woodcut montage Jim Henson cartoon and digital Zipes thus gives his readers an in depth look into the special relationship between fairy tales and cinema and guides us through this vast array of films by tracing the adaptations of major fairy tales like Little Red Riding Hood Cinderella Snow White Peter Pan and many more from their earliest cinematic appearances to today Full of insight into some of our most beloved films and stories and boldly illustrated with numerous film stills The Enchanted Screen is essential reading for film buffs and fans of the fairy tale alike **26 Seconds** Rossana D'Antonio,2025-05-13 Much as Eric Schollsberg s Fast Food Nation made people think about the way we eat this provocative memoir and expos challenges readers to question why given its long history of cover ups and systemic safety gaps we continue to trust the aviation industry On a stormy late May morning in 2008 TACA Airlines Flight 390 crashes at one of the

most dangerous airports in the world Honduras's Toncontin International Airport Five people die in the crash among them Rossana D'Antonio's brother pilot Cesare D'Antonio Suspecting Cesare will be made a scapegoat for the accident as so often happens to pilots Rossana decides to leverage her decades of experience as an engineer and set out in search of the truth Part memoir part exposé 26 Seconds interweaves Rossana's research regarding other parallel accidents with her own story Six months after the TACA crash Captain Sully Sullenberger lands his plane on the Hudson River Although authorities call his landing a miracle they also blame him for its necessity One year after the TACA 390 tragedy Air France 447 falls from the sky Again pilot error As Rossana digs deeper she exposes a culture that is too quick to conclude pilot error and an industry that experiences systemic weaknesses chooses profits over safety lies to its customers and is willing to risk lives to get its planes back up in the sky Ultimately she uncovers the smoking gun she's been looking for revealing the truth about TACA 390 exposing aviation cover ups and challenging us all to question the very systems we've been told we can trust with our lives
