The Path to God's Promise Ahuva Batya Scharff, 2023-10-13 One of the last things Elinor Simentov wants is to be a prophet of God but God has other plans A Jewish woman of no particular renown Elinor is told by God to give a warning to all who will listen Will she serve as a prophet sacrificing her goals for herself self image and reputation in order to do something that may be completely useless God's message is simple Humankind must radically change course or face extinction To give warning God uses prophecy to urge humans to change Transported through past present and horrific potential futures Elinor is asked to share her visionary experiences and conversations with God to urge us to take action As we are barraged month after month by once in a lifetime storms record setting heat waves shifting polar vortexes horrendous floods and decades long droughts it's hard to continue to ignore the signs and omens The Path to God's Promise combines dire warnings about climate change with the transformative power of prophetic experience It asks whether or not it is too late for us to save ourselves and challenges us to live vastly different lives
