Rome and Carthage Reginald Bosworth Smith, 1911 **The Punic Wars 264-146 BC** Nigel Bagnall, 2014-06-06 The three Punic Wars lasted over 100 years between 264 BC and 146 BC They represented a struggle for supremacy in the Mediterranean between the bludgeoning land power of Rome bent on imperial conquest and the great maritime power of Carthage with its colonies and trading posts spread around the Mediterranean This book reveals how the dramas and tragedies of the Punic Wars exemplify many political and military lessons which are as relevant today as when Hannibal and Scipio Africanus fought to determine the course of history in the Mediterranean Rome and Carthage R. Bosworth Smith, 2017-12-19 The battles for control of the lands of Middle Sea This book usefully concisely and comprehensively describes the history of the conflict that raged for a century between the Roman Republic and the Carthaginian Empire In the ancient world these were among the largest conflicts ever fought At the outset of this struggle the Carthaginians who had come from Phoenician beginnings were the dominant power in the Mediterranean region Rome was aggressively in the ascendant grasping territory with ruthless efficiency Each side realised that there was only room for one power of imperial influence in the region and that this was a war without compromise victory or annihilation The famous and infamous commanders of both forces appear within these pages including the indomitable Hannibal Barca and Scipio Africanus together with the equally renowned battles and campaigns that they fought from Spain to Italy and upon the sands of North Africa itself The contest resulted of course in the destruction of Carthage as Rome rose to be the most significant imperial power of the ancient world Contains useful battle field maps Leonaur editions are newly typeset and are not facsimiles each title is available in softcover and hardback with dustjacket our hardbacks are cloth bound and feature gold foil lettering on their spines and fabric head and tail bands **The Punic Wars** Ruben Ygua, 2019-05-27 Greeks and Carthaginians had disputed the island of Sicily for several centuries without reaching a decisive result The Etruscans maintained an alliance with Carthage which allowed them for some time to control the Tyrrhenian until a naval defeat marked the beginning of Etruscan decadence and allowed Greek expansion into the western Mediterranean Sicily became a battleground not only between Greeks and Carthaginians but also between the powerful Delos League headed by Athens and its rival Sparta From that conflict the city of Syracuse emerged as the main Sicilian force and managed to reject some Carthaginian offensives In the 3rd century BC the conflict seemed to have reached a point of equilibrium with some advantage for Carthage which controlled most of Sicily Then a third force emerged on the horizon Rome The new power had subdued the Italian peninsula after several centuries of fighting and even Pyrrhus and the cities of Magna Grecia were defeated by the Roman legions that now stopped at the edge of the sea directed their first looks towards Sicily *The Punic Wars, 264-146 BC* Nigel Bagnall, 2002 The three Punic Wars lasted over 100 years between 264 BC and 146 BC They represented a struggle for supremacy in the Mediterranean between the bludgeoning land power of Rome bent on imperial conquest and the great

maritime power of Carthage with its colonies and trading posts spread around the Mediterranean This book reveals how the dramas and tragedies of the Punic Wars exemplify many political and military lessons which are as relevant today as when Hannibal and Scipio Africanus fought to determine the course of history in the Mediterranean Back cover **Carthaginian Armies of the Punic Wars, 264-146 BC** Gabriele Esposito,2023-11-23 The Carthaginians were undoubtedly the most formidable enemies of the ever expanding Roman Republic due to their sophisticated and often well led military forces Although the citizens of Carthage itself a seafaring mercantile state by tradition may not have had the same military ethos as the Romans they compensated by fielding varied multinational armies consisting of subject allied and mercenary contingents many of them recruited from the most famous warrior peoples of the Mediterranean These included the incomparable Numidian light cavalry the famed slingers of the Balearic islands fierce Celts and skilled Spanish swordsmen not forgetting the famous war elephants During the first of the three conflicts that they fought against the Roman Republic the famous Punic Wars the Carthaginians completely reformed their land forces along Hellenistic lines and invited an experienced Spartan officer to command it During the Second Punic War they obtained a series of stunning victories over the Romans under the brilliant leadership of their own Hannibal Barca marauding through Italy for some fifteen years Gabriele Esposito reconstructs the history organization and weapons of the Carthaginian military forces across the Punic Wars 264 146 BC The weapons armor and tactics of each of the various ethnic components is analyzed and the accessible text is supported by dozens of excellent color photographs showing replica equipment in use *The Roman Army of the Punic Wars 264-146 BC* Nic Fields,2007-05-22 Long before the Second Punic War 218 201 BC Rome s influence extended no further than the Alps and the wars that it fought consisted of small scale raids and cattle rustling with perhaps the occasional battle between armies Nevertheless within a century the seeds of an empire had been sown in Iberia Africa and the Greek east and the Roman Republican army became the most successful of its day establishing standards of discipline organization and efficiency that set a bench mark for the later armies of Rome With the evolution of the Roman Republic came the adoption of the Manipular legion a formation taken from the hoplite phalanx and first used in mass deployment against the North African nation of Carthage during the Punic Wars In this book Nic Fields examines the evolution of the Roman army from its defeat at Cannae through to their final success at Zama which saw a small city based force evolve into a Mediterranean powerhouse demonstrating how and why it became the most highly organized sophisticated force in the ancient world **An Introduction to Silius Italicus and the Punica** John Jacobs,2020-12-10 In a much needed comprehensive introduction to Silius Italicus and the Punica Jacobs offers an invitation to students and scholars alike to read the epic as a thoughtful and considered treatment of Rome s past present and perilous future The Second Punic War marked a turning point in world history Rome faced her greatest external threat in the famous Carthaginian general Hannibal and her victory led to her domination of the Mediterranean Lingering memories of the conflict played a pivotal role in the city s transition from

Republic to Empire from foreign war to civil war Looking back after the events of AD 69 the senator poet Silius Italicus identified the Second Punic War as the turning point in Rome's history through his *Punica* After introductory chapters for those new to the poet and his poem Jacobs close reading of the epic narrative guides students and scholars alike through the *Punica* All Greek and Latin passages are translated to ensure accessibility for those reading in English Far more than simply a retelling of Rome's greatest triumph the *Punica* challenges its reader to make sense of the Second Punic War in light of its full impact on the subsequent course of the city's history

[The Jugurthine War 112–106 BC](#) Nic Fields, 2025-05-22 The fascinating story of Republican Rome's gruelling six year campaign against the insurgent Numidian warlord Jugurtha Jugurtha the adoptive son of Micipsa king of the Numidians was initially a much respected ally of Rome fighting gallantly alongside the Romans during the Numantine War in Iberia Over the course of the campaign however the ambitious and hot headed Jugurtha fell in with more unsavoury company who urged him to stage a coup d'etat and wrest control of Numidia from the legitimate heirs to the throne Although he was warned not to consort with some of Rome's more crooked governing elites this advice fell on deaf ears beginning a civil war Rome's response was to decide on war to punish Jugurtha for his acts of aggression Among the commanders proving their worth against this formidable opponent would be Quintus Metellus and Caius Marius Here classical historian Dr Nic Fields narrates the events of a bruising six year campaign against the wily elusive Jugurtha He explores how Roman military performance was hampered by petty rivalries knee jerk partisanship and grubby jostling between commanders With photographs and artwork bringing the clashes in North Africa to life the maps and diagrams provide context for this lengthy campaign The war constituted an important stage in the Roman subjugation of North Africa and the rise of the empire
