*The Culture of Punishment* Michelle Brown, 2009-10-15 Against the backdrop of unprecedented mass imprisonment punishment permeates everyday American life carrying with it complex cultural meanings This study shows how racial class distinctions have become entwined with the distinctions between the punished those who sanction but do not suffer punishment

**Peculiar Institution** David Garland, 2011-02-01 The U S death penalty is a peculiar institution and a uniquely American one Despite its comprehensive abolition elsewhere in the Western world capital punishment continues in dozens of American states a fact that is frequently discussed but rarely understood The same puzzlement surrounds the peculiar form that American capital punishment now takes with its uneven application its seemingly endless delays and the uncertainty of its ever being carried out in individual cases none of which seem conducive to effective crime control or criminal justice In a brilliantly provocative study David Garland explains this tenacity and shows how death penalty practice has come to bear the distinctive hallmarks of America s political institutions and cultural conflicts America s radical federalism and local democracy as well as its legacy of violence and racism account for our divergence from the rest of the West Whereas the elites of other nations were able to impose nationwide abolition from above despite public objections American elites are unable and unwilling to end a punishment that has the support of local majorities and a storied place in popular culture In the course of hundreds of decisions federal courts sought to rationalize and civilize an institution that too often resembled a lynching producing layers of legal process but also delays and reversals Yet the Supreme Court insists that the issue is to be decided by local political actors and public opinion So the death penalty continues to respond to popular

will enhancing the power of criminal justice professionals providing drama for the media and bringing pleasure to a public audience who consumes its chilling tales Garland brings a new clarity to our understanding of this peculiar institution and a new challenge to supporters and opponents alike **The Works of Jeremy Bentham** Jeremy Bentham,1843

Underivative Duty Thomas Hurka,2011-02-17 These ten new essays by leading contemporary philosophers constitute the first collective study of a group of British moral philosophers active between the 1870s and 1950s including Henry Sidgwick Hastings Rashdall G E Moore H A Prichard W D Ross and A C Ewing The essays help recover the history of this neglected period they treat it as a unity draw out the connections between the thinkers engage philosophically with their ideas and in so doing show how much they can contribute to present day philosophical debates **The Theatre of Death** P J Klemp,2016-10-19 This book discusses some rituals of justice such as public executions printed responses to the Archbishop of Canterbury s execution speech and King Charles I s treason trial in early modern England Focusing on the ways in which genres shape these events multiple voices I analyze the rituals genres and the diverse perspectives from which we must understand them The execution ritual like such cultural forms as plays and films is a collaborative production that can be understood only and only incompletely by being alert to the presence of its many participants and their contributions Each of these participants brings a voice to the execution ritual whether it is the judge and jury or the victim executioner sheriff and other authorities spiritual counselors printer or spectators and readers And each has at least one role to play No matter how powerful some institutions and individuals may appear none has a monopoly over authority and how the events take shape on and beyond the scaffold The centerpiece of the mid seventeenth century s theatre of death was the condemned man s last dying utterance This study focuses on the words and contexts of many of those final speeches including King Charles I s 1649 Archbishop William Laud s 1645 and the Earl of Strafford s 1641 as well as those of less well known royalists and regicides Where we situate ourselves to view hear and comprehend a public execution through specific participants eyes ears and minds or accounts shapes our interpretation of the ritual It is impossible to achieve a singular carefully indoctrinated meaning of an event as complex as a state sponsored public execution Along with the variety of voices and meanings the nature and purpose of the rituals of justice maintain a significant amount of consistency in a number of eras and cultural contexts Whether the focus is on the trial and execution of the Marian martyrs English royalists in the 1640s and 1650s or the Restoration s regicides the events draw on a set of cultural expectations or conventions Because rituals of justice are shaped by diverse voices and agendas with the participants scripts and counterscripts converging and colliding they are dramatic moments conveying profound meanings Published by University of Delaware Press Distributed worldwide by Rutgers University Press *An Introduction to Penology: Punishment, Prisons and Probation* Lawrence Burke,Dr Helena Gosling,2022-11-23 An Introduction to Penology is a concise informative scholarly guide that will speak to a variety of audiences interested in how the notion of punishment plays out in community and custodial settings with people who have

broken the law With a particular focus on prisons and probation the book provides an opportunity for readers to critically engage with the concept of punishment in theory and practice and consider different ways in which we as a society can respond to lawbreaking The text will allow students to pursue a more in depth study of two of the main criminal justice institutions through the lens of their organisational structures cultures service delivery and responses to the needs of minority and vulnerable groups Throughout the text students will be encouraged to critically engage with longstanding penological debates taking into consideration the theory policy and practice of punishment and will explore ways in which we can rethink penology on an individual and social level and begin to make a case for social justice rather than criminal justice This innovative and contemporary text is a must read for students studying criminology criminal justice penology and those interested in pursuing a career in either the prison or probation services Lol Burke is Professor in Criminal Justice and Dr Helena Gosling is a Senior Lecturer in Criminal Justice at Liverpool John Moores University

*Legal nature of exemption from punishment* I. Efremova, 2022-01-29 This monograph is dedicated to studying the most difficult and valuable problem of criminal law the discharge from punishment A legal nature of exemption from responsibility its types causes and terms of its use are examined in this work Criminal law and enforcement issues are analyzed This monograph is to be used by law enforcement officers tribunals science workers graduate students undergraduates and students of law schools

**Plato on Punishment** Mary Margaret Mackenzie, 2023-11-15 Punishments hurt Therefore they must be justified but philosophical attempts to do so founder in contradictions and moral difficulties Danger faces the unwary penologist yet he persists for with social organization comes the need to punish those who do wrong Plato on Punishment draws together philosophy law and the history of ideas in the classical topic of Plato's penology it discusses this philosopher's attitude towards punishment in relation to the whole of his philosophy Mackenzie begins by examining the three major theories of punishment current today retribution utilitarianism and reform arguing that held separately they are objectionable maintained simultaneously they provoke intolerable conflict Thus attempt to justify punishment is necessarily doomed to failure However Mackenzie claims that compelling reasons lead people to punish Drawing on the development of the moral values of early and classical Greece she shows how the institution of punishment is entailed by ordinary moral attitudes Finally Mackenzie presents Plato's theory of reformatory punishment in relation to the whole of his moral theory She argues that although his theory of punishment appears formidable when viewed as a product of his moral theory it requires the strong foundation of an unacceptable Platonic metaphysics Plato succumbs to the demands imposed by tradition of moral justice thus demonstrating how heavy the pressure of ordinary moral attitudes can be reinforced by tradition we like Plato are compelled to justify punishment although the rationale we employ is but imperfect Mackenzie criticizes the modern philosophy of punishment She participates in the current controversy about the development of Greek values And her account of Plato's theory of punishment is the first to employ both the perspective of classical scholarship and a modern philosophical viewpoint The

major contribution of this original work is the fusion of three elements the philosophy of punishment the history of ideas and Platonic scholarship into a single argument we should not punish but we must Punishments hurt Therefore they must be justified but philosophical attempts to do so founder in contradictions and moral difficulties Danger faces the unwary penologist yet he persists for with social organization comes the need to punish those who do Empiriomonism Alexander Aleksandrovich Bogdanov,2020-01-13 Empiriomonism is Alexander Bogdanov's scientific philosophical substantiation of Marxism In Books One and Two he combines Ernst Mach's and Richard Avenarius's neutral monist philosophy with the theory of psychophysical parallelism and systematically demonstrates that human psyches are thoroughly natural and are subject to nature's laws In Book Three Bogdanov argues that empiriomonism is superior to G V Plekhanov's outdated materialism and shows how the principles of empiriomonism solve the basic problem of historical materialism how a society's material base causally determines its ways of thinking Bogdanov concludes that empiriomonism is of the same order as materialist systems and since it is the ideology of the productive forces of society it is a Marxist philosophy **Punish and Critique** Adrian Howe,2005-10-27 Acknowledgements Introduction 1 Political economies of punishment 2 New histories of punishment regimes 3 The Foucault Effect from penology to penalty 4 Feminist analytical approaches to women's imprisonment 5 Postmodern feminism and the question of penalty 6 Towards a postmodern penal politics Bibliography
