The Whole Person Roberta Vienneau, 2023-07-19 In a world where many are disillusioned with the highly drug dependent medical establishment integrative medicine is gaining popularity because of its more holistic approach Holism by definition implies greater than the sum of its parts and is a response to reductionism especially biological reductionism in medicine The holistic model widely accepted in integrative healthcare today is a biopsychosocial model that aims to treat the whole person It is a systems hierarchy model that includes the universe to a cell particle so one s understanding of holism will be reflected in what one considers relevant To a pulmonologist holism might mean the whole respiratory system to a geneticist holism might mean the whole family history but who is treating the whole person This groundbreaking book sheds light on the limitations of integrative healthcare in exploring the full potential of homeopathy in treating the whole person It argues that we don t need a new approach definition or understanding of holism We sometimes just need to step out of the systems hierarchy model of the reductionist paradigm itself to get a larger view and redefine the boundaries of what constitutes the wholeness of a person With a clear and engaging writing style the book takes readers on a journey through the history and evolution of the concept of whole and presents a compelling case for the adoption of an anthroposophic paradigm as a more comprehensive and effective approach

to holism healing and homeopathy Whether you are a homeopath a healthcare practitioner a patient or simply interested in holistic medicine this is a must read book that will challenge your assumptions and expand your understanding of what it means to treat the whole person **Solariad** Surazeus Astarius,2017-10-15 Solariad of Surazeus Guidance of Solaria presents 114 920 lines of verse in 1 660 poems lyrics ballads sonnets dramatic monologues eulogies hymns and epigrams written by Surazeus 2006 to 2011 **Night Passages** Elisabeth Bronfen,2013 In the beginning was the night All light shapes language and subjective consciousness as well as the world and art depicting them emerged from this formless chaos In fantasy we seek to return to this original darkness Particularly in literature visual representations and film the night resiliently resurfaces from the margins of the knowable acting as a stage and state of mind in which exceptional perceptions discoveries and decisions play out Elisabeth Bronfen follows nocturnal spaces in which extraordinary events unfold enabling the irrational exploration of desire transformation ecstasy transgression spiritual illumination and moral choice She begins with classical myths depicting the creation of the world and moves through nocturnal scenes in Shakespeare and Milton Gothic figurations Hegel s romantic philosophy and Freud s psychoanalysis In modern times she shows how literature and film particularly film noir transmit that piece of night the modern subject carries within From Mozart s Queen of the Night to Virginia Woolf s oscillation between day and night life and death and chaos and aesthetic form Bronfen renders something visible conceivable and tellable from the dark realms of the unknown **Philosophical Provocations** Colin McGinn,2017-08-18 Pithy direct and bold essays that propose new ways to think about old problems spanning a range of philosophical topics In Philosophical Provocations Colin McGinn offers a series of short sharp essays that take on philosophical problems ranging from the concept of mind to paradox altruism and the relation between God and the Devil Avoiding the usual scholarly apparatus and embracing a blunt pithiness McGinn aims to achieve as much as possible in as short a space as possible while covering as many topics as possible Much academic philosophical writing today is long leaden citation heavy dense with qualifications and painful to read The essays in Philosophical Provocations are short direct and engaging often challenging philosophical orthodoxy as they consider issues in mind language knowledge metaphysics biology ethics and religion McGinn is looking for new ways to think about old problems Thus he writes about consciousness I think we have been all wrong and goes on to suggest that both consciousness and the unconscious are mysteries Summing up his proposal on altruism he remarks My suggestion can now be stated somewhat brutally as follows human altruism is the result of parasitic manipulation He takes a moment to reflect I really don t know why it is good to be alive though I am convinced that the standard suggestions don t work McGinn gets straight to the point and states his position with maximum clarity These essays offer provocative invitations to think again The Passive Eye Branka Arsi?,2003 The Passive Eye is a revolutionary and historically rich account of Berkeley s theory of vision In this formidable work the author considers the theory of the embodied subject and its passions in light of a highly dynamic conception of infinity Arsic shows the profound

affinities between Berkeley and Spinoza and offers a highly textual reading of Berkeley on the concept of an exhausted subjectivity The author begins by following the Renaissance universe of vision particularly the paradoxical elusive nature of mirrors then shows how this conception of vision was translated into the optical devices and in what way the various ways of deception could be conceived Reading Berkeley against the backdrop of competing theories in relation to Leibniz Spinoza Newton Malebranche Hume Locke Molyneux and others this book gives a meticulous historic reconstruction of Berkeley's theory This excellent scholarly work presents Berkeley's theory in a new and radical light The book presented in three parts begins by presenting the conceptions of vision prior to Berkeley's intervention In the second part the author moves through a careful study of Descartes theory of vision to arrive at Berkeley The third part addresses the author's version of Berkeley in which the eye and the image become inseparable due to the collapse of the universe of representation The problem of vision becomes not that of representation but of presentation Through an erudite historic reading of Berkeley's theory and astute comparative assessments the author uncovers Berkeley's place as a contemporary theoretician corresponding with such thinkers as Deleuze Lacan Foucault and Derrida

The Gnostic Bible: The Pistis Sophia Unveiled Samael Aun Weor, 2025-02-01 The words of Jesus unedited and clearly explained It came to pass when Jesus had risen from the dead that he passed eleven years discoursing with his disciples and instructing them The Pistis Sophia The Apostles wrote down what Jesus taught them during those eleven years resulting in The Pistis Sophia the most important Gnostic scripture This edition includes an extensive commentary by Samael Aun Weor The Pistis Sophia is a sophisticated and deeply mystical teaching given by Jesus about the suffering of Sophia as she attempts to ascend to the highest spiritual truth This scripture is remarkable for its profound mysticism its clear rebuke of unethical behavior and its perspective on the spiritual role of women Having read this text it becomes very clear why the established religious powers attempted to obliterate the Gnostics but failed Study of this teaching also inspires a re evaluation of how the Christian Gospels have been interpreted for centuries Most importantly the teachings presented here provide a remarkable insight into the true requirements for genuine spiritual development About this scripture the commentary author Samael Aun Weor said The Hebrew Bible clearly connotes the Word of the Eternal One However we the Gnostics also have our very special Bible I want to emphatically declare that this is The Pistis Sophia whose original is in Coptic It was found underground in Egypt the land of the Pharaohs The Pistis Sophia contains all the words of the adorable Savior of the world It was written by the Apostles Thus all the Esoteric Christic instructions that Jesus Christ gave to his disciples on the Mount of the Olives and other holy places is written within this book This book had been conserved in secret for many centuries In this book the Adorable One left an extraordinary formidable body of doctrine The Pistis Sophia Unveiled is a message for all humankind in every corner of the world [An Anthology of Philosophy in Persia, Vol. 4](#) Mehdi Aminrazavi, S.
