Maternal Instincts brings together seven new essays exploring conflicting visions of motherhood and sexuality in a period during which both terms were undergoing radical change Representations of both concepts mutated to accommodate different cultural contexts and individual ideologies Drawing upon sources including literature film medical handbooks popular science and legal records the articles collected here construct a vision of motherhood as alternately idealized discredited and fragmented by virtue of its connection with sexualities licit and illicit **Mādhyaṃika and Yogācāra**

HIV/AIDS in Young Adult Novels Melissa Gross,Annette Y. Goldsmith,Debi Carruth,2010-10-11 Not long after becoming public health concerns in the 1980s HIV and AIDS were featured in a number of works of fiction though such titles were written primarily for adult readers Mirroring the disease s indiscriminate nature however the subject would soon be incorporated into novels aimed at young adults Despite a need for accessible information on the subject it is difficult to identify fiction that contains material about HIV AIDS as these books are seldom catalogued for this content nor is this content consistently acknowledged in published reviews In HIV AIDS in Young Adult Novels An Annotated Bibliography the authors address this gap by identifying and assessing the full range of young adult novels that include HIV AIDS content This resource is comprised of two major parts The first part summarizes findings from a content analysis performed on novels written for readers aged 11 19 published since 1981 and featuring at least one character with HIV AIDS The second part is an annotated bibliography of the more than 90 novels identified for use in the study Each entry in the bibliography contains an annotation that summarizes the plot and how HIV AIDS is depicted in the story an indication of the accuracy of the HIV AIDS content a note on how central HIV AIDS is to the story and an evaluation of the literary quality of the book This work
