Purloined Letter:

The Purloined Letter and Other Stories Edgar Allan Poe, 2017-12-29 The Purloined Letter is a short story by American author Edgar Allan Poe. It is the third of his three detective stories featuring the fictional C Auguste Dupin, the other two being *The Murders in the Rue Morgue* and *The Mystery of Marie Rogêt*. These stories are considered to be important early forerunners of the modern detective story. It first appeared in the literary annual *The Gift* for 1845/1844 and was soon reprinted in numerous journals and newspapers. The unnamed narrator is discussing with the famous Parisian amateur detective C Auguste Dupin some of his most celebrated cases when they are joined by the Prefect of the Police, a man known as G. The Prefect has a case he would like to discuss with Dupin. A letter has been stolen from the boudoir of an unnamed woman by the unscrupulous Minister D. It is said to contain compromising information. D was in the room, saw the letter, and switched it for a letter of no importance. He has been blackmailing his victim. The Prefect makes two deductions with which Dupin does not disagree. The contents of the letter have not been revealed as this would have led to certain circumstances that have not arisen. Therefore, Minister D still has the letter in his possession. The ability to produce the letter at a moment's notice is almost as important as actual possession of the letter. Therefore, he must have the letter close at hand. The Prefect says that he and his police detectives have searched the Ministerial hotel where D stays and have found nothing. They checked behind the wallpaper and under the carpets. His men have examined the tables and chairs with magnifying glasses and then probed the cushions with needles but have found no sign of interference. The letter is not hidden in these places. Dupin asks the Prefect if he knows what he is seeking, and the Prefect reads off a minute description of the letter, which Dupin memorizes. The Prefect then bids them good day. The Purloined Letter (□□□□) Edgar Allan Poe, 2011-06-15 This early work by Edgar Allan Poe was originally published in 1845. Born in Boston, Massachusetts, in 1809, Poe became an orphan at a very early age. After being taken in by a couple in Richmond, he spent a brief spell in the United Kingdom before returning to enrol at the University of Virginia. Poe struggled for many years to make a living as a writer and frequently had to move city to city to stay in employment as a critic. Even for his greatest success, *The Raven*, he only received 9¢ and, although becoming a household name, his financial position remained far from stable. Poe died in 1849, aged just 40, yet his legacy is a formidable one. He is seen today as one of the greatest practitioners of Gothic and detective fiction that ever lived, and popular culture is replete with references to him. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive.
