Purpose of the Church in Its Ministry Helmut Richard Niebuhr, 1956
Local Church Today Bill Scheidler, 2002 This book is intended to help you better understand God's glorious purpose in the Church and your individual part in that purpose. It will give you the vision from God's perspective rather than man's. Your faith will be strengthened to see the Church of Jesus Christ fulfill everything that God has purposed.
The Ministry of the Missional Church Craig Van Gelder, 2007-08-01 In a time when churches are focusing on finding strategies and techniques to guarantee success, a movement toward the missional church is emerging. Missional churches are communities created by the Spirit with a unique nature and identity. Purpose and strategies of the church are derivative dimensions of the activities that flow naturally from the church that is focused on Spirit-led ministry. The Ministry of the Missional Church leads pastors, ministry leaders, and laypersons through three simple arguments: the church is what the church does, what the church is, and what the church organizes. What it does in order to make sense of how missional churches work. And by focusing the work of the church as the work of the Triune God, this unique book will change the way readers think about the church and the world.
Missional Ecclesiologies in Creative Tension Joon-Sik Park, 2007 In this masterful study of the critical issues in missional ecclesiology, Joon Sik Park reflects on two prominent twentieth-century theologians: H. Richard Niebuhr (1894-1962) and John Howard Yoder (1927-1997) and integrates the insights of their respective traditions. Although ecclesiology was a major concern to both Niebuhr and Yoder, their views on the nature and calling of the church were distinct. Whereas Niebuhr, a theologian in the Evangelical and Reformed tradition, was concerned with defining the church in relation to a universal community, Yoder, standing within the Mennonite tradition, was interested in representing the church as an alternative community. Although Niebuhr was reluctant to distinguish the church sharply from the world, Yoder stressed the distinctiveness of the church from the world and considered the Christian faith a decisive difference between believing and unbelieving communities. Seeking to construct an integral missional ecclesiology, Joon Sik Park carefully engages Niebuhr and Yoder and proposes a critical synthesis of their strengths. He holds in creative tension the contradistinctive ecclesiologies of Niebuhr and Yoder by means of Lesslie Newbigin's logic of election, providing a way to overcome an impasse between the two theologians.

Church and Ministry Strategic Planning R. Henry Migliore, Robert E. Stevens, David L. Loudon, 1994 Spiritual management is required for spiritual organization, and yet a ministry's master plan should be the Master's plan for that ministry. Church and Ministry Strategic Planning assists readers

in developing a Biblically based blueprint for carrying out the many activities in which the church or ministry is involved. The authors show clearly how careful planning is inspired by the Scriptures. Suppose one of you wants to build a tower. Will he not first sit down and estimate the cost to see if he has enough money to complete it? Luke 14:28 and how it improves making decisions today which ultimately affect the ministry's effectiveness tomorrow. Church and Ministry Strategic Planning covers all areas of this type of planning and can be read and reviewed quickly. Through the use of a model of the strategic planning process, the authors show how to develop mission statements, define strategic objectives, develop strategy options, and operating strategies, appraise performance, and monitor strategic planning. Readers are led step by step through these key areas of creating a strategic plan. Examples and worksheets at the end of each chapter enable pastors, administrators, and lay leaders to develop a strategic plan fitting to their specific ministry or church. The appendixes provide tools used in planning as well as a complete sample strategic plan for a large church. Put these concepts to immediate use in decisionmaking and pursue God's purpose and vision for the church or ministry. If readers take the time and effort to study this book, apply its format, and prayerfully keep God in every step of the plan, here is what the authors believe plan administrators can expect:

- 1 A sense of enthusiasm in the church or ministry
- 2 A 5 year plan in writing to which everyone is committed
- 3 A sense of commitment by the entire church to its overall direction
- 4 Time for the leaders to do what they have been called to do
- 5 Clear job duties and responsibilities
- 6 Clear and evident improvement in the health and vitality of every member of the church staff
- 7 Measurable improvement in the personal lives of all those in responsible positions with time for vacations, family, and personal pursuits
- 8 The ability to measure very specifically the growth and contribution made by senior pastors or evangelists at the close of their careers
- 9 Guaranteed leadership of the church or ministry because a plan is in place in writing and is understood. Even more importantly, a management team and philosophy will be in place to guide the church or ministry into its next era of growth.

Explore this Biblical perspective on planning and develop a strategic plan that is systematic and continuous and allows the church or ministry to assess its market position, establish goals, objectives, priorities, and strategies to be completed within specified time periods, achieve greater staff and member commitment, and teamwork aimed at meeting challenges and solving problems, and muster its resources to meet these changes through anticipation.

National Conference of Charities and Correction (U.S.). Annual Session, 1911 **The Responsibility of the Church for Society and Other Essays** H. Richard Niebuhr, 2008-04. This collection of essays from one of America's great theological minds explores the nature and meaning of Christian community. First published between 1945 and 1960, these essays make clear for the first time H. Richard Niebuhr's moral theology of the church. Understanding Christianity itself as a movement and not an institution, Niebuhr argues that at their best, Christian communities should express the ongoing transforming relation of God and the world. The Library of Theological Ethics series focuses on what it means to think theologically and

ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field
