Moore, 2020-04-01 The founding idea of America has been based largely on the expected sweeping away of Native Americans to make room for EuroAmericans and their cultures In this authoritative study David L Moore examines the works of five well known Native American writers and their efforts beginning in the colonial period to redefine an America and American identity that includes Native Americans That Dream Shall Have a Name focuses on the writing of Pequot Methodist minister William Apess in the 1830s on Northern Paiute activist Sarah Winnemucca in the 1880s on Salish M tis novelist historian and activist D Arcy McNickle in the 1930s and on Laguna poet and novelist Leslie Marmon Silko and on Spokane poet novelist humorist and filmmaker Sherman Alexie both in the latter twentieth and early twenty first centuries Moore studies these five writers stories about the conflicted topics of sovereignty community identity and authenticity always tinged with irony and often with humor He shows how Native Americans have tried from the beginning to shape an American narrative closer to its own ideals one that does not include the death and destruction of their peoples This compelling work offers keen insights into the relationships between Native and American identity and politics in a way that is both accessible to newcomers and compelling to those already familiar with these fields of study Native American Justice Laurence French, 2003 Tracing the history of U S Indian policy from the eighteenth century to the present this book explores how the Euro American ethos of Manifest Destiny fueled a devastating campaign of ethnic cleansing against Native Americans After decimating the Indian population through organized massacres the U S government forcibly removed the survivors from their homelands to live on reservations Physical genocide gave way to attempts at cultural eradication through policies designed to Christianize and civilize the Indians These policies included the traumatic separation of children from their families for indoctrination and abuse in remote boarding schools Treaties and policies are linked to the concept of federal paternalism and its relationship to pervasive health and social problems endemic in Indian country including substance abuse and addiction The book is divided into three main parts Part I covers the US government s treatment of Indians from the colonial era to the present Part II

describes how the Cherokees aboriginal concept of blood vengeance gave way to justice models based on the Protestant ethic Part II also discusses governmental restrictions of religious expression by Indians Part III delves into the judicial system within Indian country looking at tribal courts the Navajo court system law enforcement and corrections An epilogue covers the incompleteness of social justice in Indian country as reflected in problems such as the misuse of Indian money by the federal government A Burnham Publishers book Indi'n Humor Kenneth Lincoln,1993-05-27 Drawing upon history psychology folklore linguistics anthropology and the arts this book challenges wooden Indian stereotypes to redefine negative attitudes and humorless approaches to Native American peoples Moving from tribal culture to interethnic literature Lincoln covers the traditional Trickster of origin myths historical ironies Euroamericans playing Indian feminist Indian humor at home contemporary painters and playwrights reinventing Coyote popular mixed blood music and Red English and three Native American novelists Louise Erdrich James Welch and N Scott Momaday Indi n Humor documents and interprets the contexts of laughter among Native Americans as they see and are seen by the rest of the world The study comes to focus comically on the poets visual artists playwrights and novelists who make up the cultural renaissance of the past twenty years
