Right Face Organizing The American Conservative Movement 194565 Paperback:

Right Face Niels Bjerre-Poulsen, 2002 *Right Face* tells the compelling story of how the American conservative movement in the two decades following World War II managed to move from obscurity to the center stage of national politics When Dwight D Eisenhower in 1952 defeated the conservative champion Robert Taft and won the Republican presidential nomination many on the American right felt that they had become homeless within the established party system The brand of liberalism which permeated the nation's intellectual life had also become bipartisan political doctrine The feeling of cultural and political ostracism triggered a quest for an independent conservative network of organizations with the hope of either taking back the Republican Party or creating a viable alternative The first part of *Right Face* recounts the often bitter struggle to define the meaning of conservatism in modern America Part two concerns the search for influential national outlets for conservative opinion whereas part three focuses on the movement's actual plunge into electoral politics not least on its well planned takeover of the Republican Party machinery in 1964 and the resulting presidential nomination of Senator Barry Goldwater An epilogue attempts to trace main currents in the evolution of American conservatism since the 1960s as well as to assess the extent to which American conservatives have managed to create the Counter Establishment they set out to create more than half a century ago In a sense the conservatives actually set out on two different quests One was for intellectual respectability The other was for political power As this study reveals the two goals were not always compatible Based on extensive archival sources *Right Face* provides an incisive analysis of the conservative movement and the forces that shaped it With its blending of intellectual and organizational developments it adds an important chapter to the history of American political culture in the 20th century

The Making of the American Conservative Mind Jeffrey Hart, 2014-05-06 *National Review* has been the leading conservative national magazine since it was founded in 1955 and in that capacity it has played a decisive role in shaping the conservative movement in the United States In *The Making of the American Conservative Mind* Jeffrey Hart provides an authoritative and high spirited history of how the magazine has come to define and defend conservatism for the past fifty years He also gives a firsthand account of the thought and sometimes colorful personalities including James Burnham Willmoore Kendall Russell Kirk Frank Meyer William Rusher Priscilla Buckley Gerhart Niemeyer and of course the magazine's founder William F Buckley Jr who contributed to *National Review*'s life and wide influence As Hart sees it *National Review* has regularly veered toward ideology but it has also regularly corrected its course toward in Buckley's phrase a politics of reality Its catholicity and originality attributable to Buckley's magnanimity and sense of showmanship has made the magazine the most interesting of its kind in the nation concludes Hart His highly readable and occasionally contrarian history the first history of *National Review* yet published marks another milestone in our understanding of how the conservatism now so influential in American political life draws from and in some ways repudiates the intellectual project that *National Review* helped launch a half century ago

The Conservative

Intellectual Movement in America Since 1945 George H. Nash, 2023-03-28 First published in 1976 George H Nash's celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the book's thirtieth anniversary includes a new preface and conclusion by the author and will continue to instruct anyone interested in how today's conservative movement was born *Political Conversion* Don Waisanen, 2018-04-20 Stories of religious conversion have been told for millennia Yet many prominent figures such as Ronald Reagan Hillary Clinton and Rick Perry have also used stories of their change from one political worldview to another as a communication strategy aimed at winning the hearts and minds of the public This book is about political conversion stories in public discourse in their evolution from and interactions with religion From a historical perspective it charts the development of conversion narratives from religious contexts to their contemporary applications as specifically political messages Since these narratives continue to be used in the culture wars this book examines several related autobiographies that contributed to the use of this strategy in contemporary U S politics Each case shows how shifts during the postwar period called for conversion texts under varying guises and illustrates how and why the majority of these stories have been of conversions from the ideological left to the right Examining political conversion as a form of public persuasion *Political Conversion* ultimately provides insight into what these types of civic religious stories mean for democratic communication and communities *America's Right* Robert B. Horwitz, 2013-07-10 Conservatism has been the most important political doctrine in the United States for nearly four decades It has dominated the intellectual debate and largely set the policy agenda even during years of Democratic electoral control But 21st century conservatism has moved far beyond even the Reagan Revolution of small government lower taxes and a respect for tradition The alliance of libertarians neoconservatives and the Christian right has launched anxious and angry attacks on the purported homosexual agenda the hoax of climate change the rule by experts and elites and the banishment of religion from the public realm In the foreign policy arena it has tried to remake the world through the cleansing fire of violence Contemporary American conservatism practices a politics that is disciplined uncompromising utopian and enraged seeking to take back our country This is anti establishment conservatism whose origin can be traced back to the right wing that battled both the reigning post World War II liberal consensus and the moderate establishment Republican Party This book examines the nature of anti establishment conservatism traces its development from the 1950s to the Tea Party and explains its political ascendance *Phyllis Schlafly and Grassroots Conservatism* Donald T. Critchlow, 2018-06-05 Longtime activist author and antifeminist leader Phyllis Schlafly is for many the symbol of the conservative movement in America In this provocative new book historian Donald T Critchlow sheds new light on Schlafly's life and on the unappreciated role her grassroots activism played in transforming America's political landscape Based on exclusive and unrestricted access to Schlafly's papers as well as sixty other archival collections the book reveals for the first time the inside story of this Missouri born mother of six who became one of the most

controversial forces in modern political history It takes us from Schlafly's political beginnings in the Republican Right after the World War II through her years as an anticommunist crusader to her more recent efforts to thwart same sex marriage and stem the flow of illegal immigrants Schlafly's political career took off after her book *A Choice Not an Echo* helped secure Barry Goldwater's nomination With sales of more than 3 million copies the book established her as a national voice within the conservative movement But it was Schlafly's bid to defeat the Equal Rights Amendment that gained her a grassroots following Her anti ERA crusade attracted hundreds of thousands of women into the conservative fold and earned her a name as feminism's most ardent opponent In the 1970s Schlafly founded the Eagle Forum a Washington based conservative policy organization that today claims a membership of 50 000 women Filled with fresh insights into these and other initiatives Phyllis Schlafly and Grassroots Conservatism provides a telling profile of one of the most influential activists in recent history Sure to invite spirited debate it casts new light on a major shift in American politics the emergence of the Republican Right

Hayek: A Collaborative Biography Robert Leeson, 2018-05-15 Funded by the tobacco and fossil fuel industries the Mises and Hayek inspired free market has adopted The Slogan of Liberty but should their faith based assertions be accorded the same epistemological status as a science If Austrian economics is a branch of divinely revealed knowledge as the epigone Godfather Hans Sennholz insists what validity do its policy recommendations have Should those who falsely claim to have PhDs be tax funded as Post Doctoral Fellows and Professors This volume examines the consequences of the free market colonisation of economics climate change financial crises and the corruption of academic discourse

Cover Up the Dirty Parts! Dena Shottenkirk, 2009 *Cover Up the Dirty Parts* takes on directly not only questions regarding the relationship between government funding for the arts and political censorship but also deeper philosophical questions regarding liberty the definition of art the role of vague terms in language and law and the epistemological role of both free expression and art itself The issue of arts funding sits in the terrain of overlap between aesthetics and political philosophy and thus elicits aesthetic questions regarding the purpose of art and how art is defined political questions regarding the nature of freedom and the role of government and epistemological questions regarding the sources of knowledge and how it is we acquire it As both an analytic philosopher and a practicing artist Shottenkirk has incorporated the insights and sensitivities of both worlds in this analysis of why art is important and why freedom of expression within cultural development must be respected if we are to embrace a society able to provide the maximum degree of stimulation and safety for all its members In this context art is viewed as valuable both as a tool for knowledge acquisition for the individual and as a source of consensus building for the culture As a device for consensus building art has the role of practicing respect for differing opinions and balancing competing points of view as well as serving as self expression for the individual Interviews with two artists the first of whom is an American central to the funding debates of the last few decades and the second of whom is a contemporary Iranian writer imprisoned for her writing combine with both narrative and philosophical analysis to give a complete picture of the

issues and what is at stake for all of us who care not only about art but about freedom as well While the distinction between censorship and non funding is explored also analyzed is the need for tolerance in the face of offense as well as respect for others TM rights and cultural differences

Messengers of the Right Nicole Hemmer, 2016-08-10 From Rush Limbaugh and Sean Hannity to Glenn Beck and Matt Drudge Americans are accustomed to thinking of right wing media as integral to contemporary conservatism But today's well known personalities make up the second generation of broadcasting and publishing activists Messengers of the Right tells the story of the little known first generation Beginning in the late 1940s activists working in media emerged as leaders of the American conservative movement They not only started an array of enterprises publishing houses radio programs magazines book clubs television shows they also built the movement They coordinated rallies founded organizations ran political campaigns and mobilized voters While these media activists disagreed profoundly on tactics and strategy they shared a belief that political change stemmed not just from ideas but from spreading

those ideas through openly ideological communications channels In *Messengers of the Right* Nicole Hemmer explains how conservative media became the institutional and organizational nexus of the conservative movement transforming audiences into activists and activists into a reliable voting base Hemmer also explores how the idea of liberal media bias emerged why conservatives have been more successful at media activism than liberals and how the right remade both the Republican Party and American news media *Messengers of the Right* follows broadcaster Clarence Manion book publisher Henry Regnery and magazine publisher William Rusher as they evolved from frustrated outsiders in search of a platform into leaders of one of the most significant and successful political movements of the twentieth century

Teaching and Studying U.S. History in Europe Cornelis A. van Minnen, Sylvia L. Hilton, 2007 Offering a much needed report on the academic study of U S history in Europe this collection of essays provides a historical overview of its development in 13 European countries It offers insight into the possible connections between governmental policies on both sides of the Atlantic popular interest student demand and individual scholars commitment to this academic pursuit These essays also contribute towards a better understanding of the complex ways in which European historians of the United States have navigated the different and often conflicting demands constraints and opportunities that arise from their official job descriptions and various institutional affiliations

In Our Hands Elizabeth Palley, Corey S. Shdaimah, 2017-03 Working mothers are common in the United States In over half of all two parent families both parents work and women s paychecks on average make up 35 percent of their families incomes Most of these families yearn for available and affordable child care but although most developed countries offer state funded child care it remains scarce in the United States And even in prosperous times child care is rarely a priority for U S policy makers In *In Our Hands The Struggle for U S Child Care Policy* Elizabeth Palley and Corey S Shdaimah explore the reasons behind the relative paucity of U S child care and child care support Why they ask are policy makers unable to convert widespread need into a feasible political agenda They examine the history of child care advocacy and legislation in the United States from the Child Care Development Act of the 1970s that was vetoed by Nixon through the Obama administration s Child Care Development Block Grant The book includes data from interviews with 23 prominent child care and early education advocates and researchers who have spent their careers seeking expansion of child care policy and funding and an examination of the legislative debates around key child care bills of the last half century Palley and Shdaimah analyze the special interest and niche groups that have formed around existing policy arguing that such groups limit the possibility for debate around U S child care policy Ultimately they conclude we do not need to make minor changes to our existing policies We need a revolution

Program of the Annual Meeting - American Historical Association American Historical Association, 2003 Some programs include also the programs of societies meeting concurrently with the association

Choice, 2004 *Rating America's Presidents* Robert Spencer, 2020-08-25 Most historians of the American presidency walking in lockstep with today s hard Left academic establishment favor presidents who were big government statist and

globalists They dislike presidents who lowered taxes protected American workers and avoided getting the United States entangled in foreign conflicts that had nothing to do with protecting the American people It is through that prism that they see all of American history It s time for a change Nowadays with socialism massively discredited and internationalism facing more opposition than it has since before World War II it s time to reevaluate what the Leftist historians have told us Donald Trump was elected president pledging to put America First as any nation s leader should put his or her own people first There needs to be an America First reevaluation of him and his predecessors This book therefore rates the presidents not on the basis of criteria developed by socialist internationalist historians but on their fidelity to the United States Constitution and to the powers and limits to those powers of the president as delineated by the Founding Fathers America s presidents are rated on the extent to which they put America First not in the sense of a narrow isolationism but whether they really advanced the interests of the American people This upends the conventional wisdom about a great deal of American history and present day reality and is intended to do so This book offers what should be the only criteria for rating the occupants of the White House were they good for America

Ronald Reagan and the 1980s C. Hudson,G. Davies,2008-10-27 By the end of the 1980s many Americans looked at the state of the nation with a renewed optimism which was personified by an enduring American president Ronald Wilson Reagan The essays in this volume revisit the 1980s in order to examine the factors that contributed to his political and cultural triumphs and assess his legacy

How Two Political Entrepreneurs Helped Create the American Conservative Movement, 1973-1981 Alf Tomas Tonnessen,Alf Tomas Tønnessen,2009 How Two Political Entrepreneurs Helped Create the American Conservative Movement 1973 1981 The Ideas of Richard Viguerie and Paul Weyrich

Right Face Organizing The American Conservative Movement 194565 Paperback Introduction

In today's digital age, the availability of Right Face Organizing The American Conservative Movement 194565 Paperback books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Right Face Organizing The American Conservative Movement 194565 Paperback books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Right Face Organizing The American Conservative Movement 194565 Paperback books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Right Face Organizing The American Conservative Movement 194565 Paperback versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Right Face Organizing The American Conservative Movement 194565 Paperback books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Right Face Organizing The American Conservative Movement 194565 Paperback books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Right Face Organizing The American Conservative Movement 194565 Paperback books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers.

Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Right Face Organizing The American Conservative Movement 194565 Paperback books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Right Face Organizing The American Conservative Movement 194565 Paperback books and manuals for download and embark on your journey of knowledge?
