

The book cover features a photograph of Alan K. Simpson, a man with glasses and a mustache, wearing a dark suit and a patterned tie. He is sitting in a chair, leaning back with his right hand on his hip and his left hand resting on his knee. The background is a solid red color. The title 'RIGHT IN THE OLD GAZOO' is written in large, bold, white capital letters on the left side. Above the title, the subtitle 'A LIFETIME OF SCRAPPING WITH THE PRESS' is written in smaller, white capital letters. At the bottom, the author's name 'ALAN K. SIMPSON' is written in large, bold, white capital letters. There is a stack of newspapers or papers in the bottom left corner.

J. H. Snider

Right In The Old Gazoo A Lifetime Of Scrapping With The Press:

Right in the Old Gazoo Alan K. Simpson, 1997-01-06 A former United States senator expounds upon the press and its relationship to government and includes tales of his encounters with Gulf War reporter Peter Arnett NPR's Nina Totenberg during the Clarence Thomas hearings and the Robert Bork hearings Tour **Speak Softly and Carry a Big Stick** J. H. Snider, 2005 Broadcasters have always been coddled by politicians and *Speak Softly* explains how and why J H Snider tells the story with the rigor of a scholar the doggedness of an investigative reporter and the zeal of a reformer Paul Taylor Executive Vice President Pew Research Center J H Snider offers an extremely comprehensive and well documented look behind the curtain at how the National Association of Broadcasters drives its national legislative agenda This is must reading for not only political scientists but for all who are interested in media policy and how it gets made in Washington Chellie Pingree President and CEO Common Cause This astute book is a first rate work of original scholarship It also provides an unsettling description of broadcasters policy influence When their own interests are involved broadcasters cannot be trusted to act in the way they demand of all others in society Readers will no doubt question whether J H Snider's recommended solution is a practical one But no reader will question his call for new measures Thomas E Patterson Bradlee Professor of Government and the Press Harvard University Having played a role in the mad cap drama of telecommunications legislation Snider documents I can tell you he has captured the essence of the machinations strange bedfellows and almost single minded righteous self interest that drives the telecommunications debate Like it or not this is how the power game is really played Stephen R Effros Former President 1976 1999 Cable Telecommunications Association *Speak Softly* documents the broadcast industry's striking influence on public policy including the landmark Telecommunications Act of 1996 As Congress gears up to re write the Act J H Snider's analysis is particularly timely Kevin Werbach Professor The Wharton School University of Pennsylvania **The Cultural Politics of U.S. Immigration** Leah Perry, 2016-09-27 How the immigration policies and popular culture of the 1980's fused to shape modern views on democracy In the 1980s amid increasing immigration from Latin America the Caribbean and Asia the circle of who was considered American seemed to broaden reflecting the democratic gains made by racial minorities and women Although this expanded circle was increasingly visible in the daily lives of Americans through TV shows films and popular news media these gains were circumscribed by the discourse that certain immigrants for instance single and working mothers were feared censured or welcomed exclusively as laborers In *The Cultural Politics of U S Immigration* Leah Perry argues that 1980s immigration discourse in law and popular media was a crucial ingredient in the cohesion of the neoliberal idea of democracy Blending critical legal analysis with a feminist media studies methodology over a range of sources including legal documents congressional debates and popular media such as *Golden Girls* *Who's the Boss* *Scarface* and *Mi Vida Loca* Perry shows how even while multicultural immigrants were embraced they were at the same time disciplined through gendered discourses of respectability Examining the

relationship between law and culture this book weaves questions of legal status and gender into existing discussions about race and ethnicity to revise our understanding of both neoliberalism and immigration *Uncertain Guardians* Bartholomew H. Sparrow,1999-05-04 The news media are often seen as a fourth branch of government serving as a check on the other three This text argues that this is a mistaken notion the media s decisions affect the government s policy making as well as the processes and outcomes of the political system The Argument Culture Deborah Tannen,2012-10-24 In her number one bestseller *You Just Don t Understand* Deborah Tannen showed why talking to someone of the other sex can be like talking to someone from another world Her bestseller *Talking from 9 to 5* did for workplace communication what *You Just Don t Understand* did for personal relationships Now Tannen is back with another groundbreaking book this time widening her lens to examine the way we communicate in public in the media in politics in our courtrooms and classrooms once again letting us see in a new way forces that have been powerfully shaping our lives *The Argument Culture* is about a pervasive warlike atmosphere that makes us approach anything we need to accomplish as a fight between two opposing sides The argument culture urges us to regard the world and the people in it in an adversarial frame of mind It rests on the assumption that opposition is the best way to get anything done The best way to explore an idea is to set up a debate the best way to cover the news is to find spokespeople who express the most extreme polarized views and present them as both sides the best way to settle disputes is litigation that pits one party against the other the best way to begin an essay is to oppose someone and the best way to show you re really thinking is to criticize and attack Sometimes these approaches work well but often they create more problems than they solve Our public encounters have become more and more like having an argument with a spouse You re not trying to understand what the other person is saying you re just trying to win the argument But just as spouses have to learn ways of settling differences without inflicting real damage on each other so we as a society have to find constructive and creative ways of resolving disputes and differences Public discussions require making an argument for a point of view not having an argument as in having a fight The war on drugs the war on cancer the battle of the sexes politicians turf battles in the argument culture war metaphors pervade our talk and shape our thinking Tannen shows how deeply entrenched this cultural tendency is the forms it takes and how it affects us every day sometimes in useful ways but often causing rather than avoiding damage In the argument culture the quality of information we receive is compromised and our spirits are corroded by living in an atmosphere of unrelenting contention Tannen explores the roots of the argument culture the role played by gender and how other cultures suggest alternative ways to negotiate disagreement and mediate conflicts and make things better in public and in private wherever people are trying to resolve differences and get things done *The Argument Culture* is a remarkable book that will change forever the way you perceive the world You will listen to our public voices in a whole new way *Destiny and Power* Jon Meacham,2016-10-18 1 NEW YORK TIMES BESTSELLER In this illuminating USA Today biography Pulitzer Prize winning author Jon Meacham chronicles the life of George Herbert

Walker Bush *Destiny and Power* reflects the qualities of both subject and biographer judicious balanced deliberative with a deep appreciation of history and the personalities who shape it **The New York Times Book Review ONE OF THE WASHINGTON POST S TEN BEST BOOKS OF THE YEAR A BEST BOOK OF THE YEAR** The New York Times Book Review Time NPR St Louis Post Dispatch Drawing on President Bush s personal diaries on the diaries of his wife Barbara and on extraordinary access to the forty first president and his family Meacham paints an intimate and surprising portrait of an intensely private man who led the nation through tumultuous times From the Oval Office to Camp David from his study in the private quarters of the White House to Air Force One from the fall of the Berlin Wall to the first Gulf War to the end of Communism *Destiny and Power* charts the thoughts decisions and emotions of a modern president who may have been the last of his kind This is the human story of a man who was like the nation he led at once noble and flawed From the Pacific to the presidency *Destiny and Power* charts the vicissitudes of the life of this quietly compelling American original Meacham sheds new light on the rise of the right wing in the Republican Party a shift that signaled the beginning of the end of the center in American politics *Destiny and Power* is an affecting portrait of a man who driven by destiny and by duty forever sought ultimately to put the country first **The Coming of the Frontier Press** Barbara Cloud,2008-10-22 Western expansion and journalism have had a symbiotic relationship By examining this relationship along its entire timeline this book argues that newspapers played a crucial role in pushing aside both wildlife and Native Americans to make room for the settlers who would become their readers **The Report of the Iraq Study Group** United States. Congress. Senate. Committee on Armed Services,2007 **What's Fair?** Robert H. Giles,Robert W. Snyder, What s fair It is an old question in journalism In 1999 it seems more difficult to answer than ever The cycle of story spin and counterspin that surrounds the White House is only the most obvious part of the problem In the past 25 years the practice of journalism has changed enormously particularly in the United States The demarcation of public and private life that once ruled certain kinds of stories out of bounds has eroded leaving reporters with the unenviable challenge of having to cover events whose seaminess inevitably taints all who touch them Commercial pressures and a tidal wave of information and entertainment media have engulfed the news business leaving the definitions of journalism and journalistic standards vague and uncertain And the technology of news reporting is speeding up news cycles in ways that leave little time for sober and measured judgments What s Fair is a collection of essays from experts in the field that are sure to spark compelling questions and ideas about journalism and its place in our time In *Fairness A Struggle* journalists explore a subject that they normally share only with close friends and colleagues their own struggles with fairness that occurred in places as different as South Africa Washington and the South Bronx In *Fairness A History* nine contributors examine the history of the fairness question specifically the establishment of the Hutchins Commission report of 1947 which is evaluated here by a historian a journalist and a First Amendment authority In a comparative vein two authorities on international communications law examine British regulations

for fairness in broadcasting at the end of the 20th century In Fairness A Goal contributors explore what struggles for fairness mean in a variety of contexts from American newsrooms to post Communist Poland to Northern Ireland Many discussions of fairness are either numbingly abstract or impossibly righteous To avoid those hazards Robert Giles and Robert Snyder have grounded this volume in stories the kind of stories journalists tell each other and the kind of stories people tell about journalism This volume is a testament to journalism that is free yet fair probing yet credible and authoritative in content yet open to many voices Robert Giles is editor in chief of Media Studies Journal senior vice president of the Freedom Forum and executive director of Media Studies Center Formerly the editor and publisher of The Detroit News he is the author of Newsroom Management A Guide to Theory and Practice Robert W Snyder is editor of the Media Studies Journal a historian and most recently author of Transit Talk New York s Bus and Subway Workers Tell Their Stories He has taught at Princeton University and New York University from which he holds a doctorate in history

Persian Words of Wisdom Bahman Solati, 2015-10-05 What is the secret of happiness What is the nature of love What makes us good hosts or good guests What traits should we seek out in friends and seek to embody as friends ourselves How should we approach the sensual beauties of this world when do they induce us to error and when are they signs of God The poets and bards of many traditions have long sought answers to such questions but perhaps no culture has taken up this challenge with more passionate urgency than that of Persia from the ninth century AD to modern day Iran These eleven centuries of poetic tradition include poets who have become well known in the West such as Umar Khayyam Rumi and Hafiz as well as many others whom Westerners have yet to discover In Iran these poems remain part of everyday popular culture with people of all classes and levels of education able to recite them from memory even if they may not always be sure who the poets were where they came from or what precisely was the spiritual intent behind the verse In Persian Words of Wisdom the US based Iranian scholar Bahman Solati has compiled hundreds of examples reflecting his country s religious and spiritual traditions especially the Shia branch of Islam and Islamic Sufism but also the Zoroastrian faith This bilingual edition with his own English translations further illuminates the sometimes enigmatic poems with parallel Western proverbs as well as comparison quotations from Christian Jewish and Buddhist scripture and secular sources ranging from Mark Twain to Dale Carnegie One of Solati s goals in this anthology is to build a cultural bridge through poetry between the West and Iran making these treasures of Persian culture more available both to Westerners generally and most specifically to young people of Iranian descent who have grown up in the English speaking world perhaps without fully understanding the wealth of their heritage For them and all readers this will be a book of discovery

Reflections Barbara Bush, 2003-10-30 There is a myth in the United States you ve heard it many times It says that all American mothers hope that their child will grow up to be President of the United States Barbara Bush Not since Abigail Adams has one woman been both the wife and mother of presidents Barbara Bush s prominent place in American history is matched only by her extraordinary popularity Republicans and Democrats alike appreciate her wit her

compassion and her devotion to her family Dignified loyal and unpretentious the former First Lady defied skeptics to become one of the most admired first ladies in history and she remains a beloved public figure today In this inspiring follow up to her number one bestselling memoir Mrs Bush covers the momentous eight years between President George H W Bush s leaving office and President George W Bush s 2001 inauguration Reflections comprises Mrs Bush s diary entries travelogues family photographs even secret recipes She discusses her experiences in the White House on the campaign trail and in the public eye as well as her own views about such controversial issues as her husband s resignation from the NRA the caning of an American student in Singapore and in her candid epilogue her family s reactions to September 11 2001 Throughout the extraordinary amount of love and pride Mrs Bush feels for her husband five children and fourteen grandchildren is always clear Reflections will delight Barbara Bush s millions of admirers with her touching anecdotes and personal revelations from the past decade of a full and fascinating life

American Shame Myra Mendible, 2016-03-29 Essays examining the role of shame as an American cultural practice and how public shaming enforces conformity and group coherence On any given day in America s news cycle stories and images of disgraced politicians and celebrities solicit our moral indignation their misdeeds fueling a lucrative economy of shame and scandal Shame is one of the most coercive painful and intriguing of human emotions Only in recent years has interest in shame extended beyond a focus on the subjective experience of this emotion and its psychological effects The essays collected here consider the role of shame as cultural practice and examine ways that public shaming practices enforce conformity and group coherence Addressing abortion mental illness suicide immigration and body image among other issues this volume calls attention to the ways shaming practices create and police social boundaries how shaming speech is endorsed judged or challenged by various groups and the distinct ways that shame is encoded and embodied in a nation that prides itself on individualism diversity and exceptionalism Examining shame through a prism of race sexuality ethnicity and gender these provocative essays offer a broader understanding of how America s discourse of shame helps to define its people as citizens spectators consumers and moral actors An eclectic anthology it offers the readers more than one argument and perspective which makes the volume itself lively and rich Ron Scapp coeditor of Fashion Statements On Style Appearance and Reality

Ted Kennedy John A. Farrell, 2022-10-25
LONGLISTED FOR THE 2022 NATIONAL BOOK AWARD FOR NONFICTION An enthralling and ground breaking new biography of one of modern America s most fascinating and consequential political figures drawing on important new sources by an award winning biographer who covered Kennedy closely for many years John A Farrell s magnificent biography of Edward M Kennedy is the first single volume life of the great figure since his death Farrell s long acquaintance with the Kennedy universe and the acclaim accorded his previous books including his New York Times bestselling biography of Richard Nixon a finalist for the Pulitzer Prize helped garner him access to a remarkable range of new sources including segments of Kennedy s personal diary and his private confessions to members of his family in the days that followed the

accident on Chappaquiddick Farrell is without question one of America's greatest political biographers and a storyteller of deep wisdom and empathy His book does full justice to this famously epic and turbulent life of almost unimaginable tragedy and triumph As the fourth son of the close knit but fiercely competitive Kennedy clan Ted was the runt of the litter Expelled from Harvard University for cheating he was a fun loving playboy who nevertheless served his brothers loyally and effectively It was easy to take Ted lightly and many did But when he was elected to the United States Senate at the age of thirty to fill his brother Jack's seat something unexpected happened he found his home and his calling there Over time Ted Kennedy would build arguably the most significant senatorial career in American history His life was buffeted by heartbreak the violent deaths of his three older brothers his own terrible plane crash his children's bouts with cancer and the hideous self inflicted wounds of Chappaquiddick and stretches of drinking and womanizing that caused irreparable damage to an already fragile first marriage Those wounds scarred Ted deeply but also tempered his character and eventually he embarked on a run as legislator party elder and paterfamilias of the Kennedy family that would change America for the better John A Farrell brings us the man as he was in strength and weakness his profound but complicated inheritance and his vital legacy as only a great biographer can do Without the story this book tells no understanding of modern America can be complete *The Man I Knew* Jean Becker, 2021-06-01 A heartfelt portrait of President George H W Bush and his post presidential life by the confidante who knew him best *Modern American Political Dynasties* Kathleen Gronnerud, Scott J. Spitzer, 2018-10-18 This collection offers a front seat view of the rise reign and fall of powerful modern political families and examines the effects they have had on political social and economic issues in American society *Modern American Political Dynasties A Study of Power Family and Political Influence* is a unique research resource and fascinating read that explores the dynamics and modern America's most influential political families It provides a thorough study of approximately 20 of the best known surnames in 20th century American politics More than just a biography it highlights how these families dynamics have influenced political practice and thought providing a holistic context for the evolution of political dynasties in the United States The text includes a historically grounded examination of the crossroads of family and politics as it charts the origins development peak strength and decline of each family It is the only published volume to include biographical and contextual information on major political dynasties in addition to fascinating research on high profile personalities *The Age of Impeachment* David E. Kyvig, 2008 A Bancroft Prize winning historian chronicles the modern history of impeachment and the shift in American politics and constitutional culture revealed by its evolving interpretation and use **Guarding the Golden Door** Roger Daniels, 2005-01-12 Immigration is now front page news and to grasp the background of current issues this is the book to read David Reimers author of *Unwanted Strangers American Identity and the Turn Against Immigration* As renowned historian Roger Daniels shows in this brilliant new work America's inconsistent often illogical and always cumbersome immigration policy has profoundly affected our recent past The federal government's efforts to pick and choose among the

multitude of immigrants seeking to enter the United States began with the Chinese Exclusion Act of 1882 Conceived in ignorance and falsely presented to the public it had undreamt of consequences and this pattern has been rarely deviated from since Immigration policy in Daniels skilled hands shows Americans at their best and worst from the nativist violence that forced Theodore Roosevelt s 1907 gentlemen s agreement with Japan to the generous refugee policies adopted after World War Two and throughout the Cold War And in a conclusion drawn from today s headlines Daniels makes clear how far ignorance partisan politics and unintended consequences have overtaken immigration policy Irreverent deeply informed and authoritative Guarding the Golden Door presents an unforgettable interpretation of modern American history Engaging and lively Publishers Weekly As Americans continue to debate immigration in a world divided by international terrorism few books offer a fuller context for the key issues Booklist A powerful and provocative argument about why the United States has remained an immigrant country and why it should stay one for its own benefit Eric Rauchway author of Murdering McKinley

Clash Jon Marshall,2022-05 Clash describes the powerful political technological economic and social forces that shape the relationship between presidents and the press and how that relationship shapes public opinion Jon Marshall argues that the press now faces new threats and must grow stronger American democracy depends on it **Fix This War!** , A Call to Heroism Peter H. Gibbon,2007-12-01 An engaging and provocative exploration of American history s heroic figures from how we define a hero to the monuments we build to honor them Arthur Schlesinger Jr Heroic ideals are fundamental to the enterprise of American liberty and to the fabric of our nation s culture Throughout history men and women such as George Washington Thomas Edison Martin Luther King Jr and Lucretia Mott have brought together our society of dreamers and achievers In A Call to Heroism Harvard research associate Peter H Gibbon surveys the lives struggles and accomplishments of these and other great individuals It also considers the meaning of seven monuments and artworks dedicated to heroes examining what these memorials say about the America of their time and what they mean for us today The result forges an enlightening understanding of what it means to be a hero With a foreword by Peter J Gomes Fascinating and inspiring Gibbon s book emphasizes the importance of guiding young people to more realistic definitions of hero The Christian Science Monitor A concise history of the hero in America and a realistic formula for determining who deserves the accolade The Tampa Tribune This book is a delightful Grand Tour taking us from war to sports to great literature You will enjoy it Jay Mathews The Washington Post Lively fare for classrooms and board rooms throughout the country Arthur Schlesinger Jr
