## **Right Minds A Sourcebook Of American Conservative Thought:**

*Right Minds* Gregory Wolfe, *The Conservative Tradition in America* Charles W. Dunn, J. David Woodard, 2003 This comprehensive account identifies different strands of conservative thought while it analyzes the current state and future prospects of conservatism *Right Minds* Gregory Wolfe, 1987 **Conservative Intellectuals and Richard Nixon** S. Mergel, 2010-01-04 Conservative Intellectuals and Richard Nixon explores the relationship between postwar conservatives and the president from 1968 to 1974 Seemingly casting those years out of their history conservatives have never fully explored how Richard Nixon affected their movement They fail to realize the extent his presidency helped refocus their fight against liberalism and communism Mergel uses the Nixon years as a window into the Right's effort to turn ideology into successful politics It combines an assessment of Nixon's presidency through the eyes of conservative intellectuals with an attempt to understand what the Right gained from its experience with Nixon Larry Schweikart Fouad Sabry, 2024-02-07 Who is Larry Schweikart Larry Earl Schweikart is an American historian and retired professor of history at the University of Dayton During the 1980s and 1990s he authored numerous scholarly publications In recent years he has authored popular books including *A Patriot's History of the United States* 2004 and *48 Liberal Lies About American History* According to professors Guy Burton and Ted Goertzel Schweikart and Allen are both history professors with distinguished publication records How you will benefit I Insights about the following Chapter 1 Larry Schweikart Chapter 2 Robert Peary Chapter 3 Panic of 1837 Chapter 4 American exceptionalism Chapter 5 Mugwumps Chapter 6 Regnery Publishing Chapter 7 Panic of 1857 Chapter 8 Danny Peary Chapter 9 Richard Weikart Chapter 10 Business history Chapter 11 Sentinel publisher Chapter 12 The Slave Community Chapter 13 A Patriot's History of the United States Chapter 14 Dave Richard Palmer Chapter 15 James R Whelan Chapter 16 Bibliography of conservatism in the United States Chapter 17 American business history Chapter 18 White Southerners Chapter 19 Jean Baptiste Abel Chapter 20 Lionel M Jacobs Chapter 21 Samuel W Mitcham Who this book is for Professionals undergraduate and graduate students enthusiasts hobbyists and those who want to go beyond basic knowledge or information about Larry Schweikart **Review of Austrian Economics, Volume 10** Murray Rothbard, 1997

**Freedom Is Not Enough** Nancy MacLean, 2008-03-15 MacLean shows how African American and Mexican American civil rights activists and feminists concluded that freedom alone would not suffice access to jobs at all levels is a requisite of full citizenship This book chronicles the cultural and political advances that have irrevocably changed our nation over the past 50 years **Right Face** Niels Bjerre-Poulsen, 2002 Right Face tells the compelling story of how the American conservative movement in the two decades following World War II managed to move from obscurity to the center stage of national politics When Dwight D Eisenhower in 1952 defeated the conservative champion Robert Taft and won the Republican presidential nomination many on the American right felt that they had become homeless within the established party system The brand of liberalism which permeated the nation's intellectual life had also become bipartisan political

doctrine The feeling of cultural and political ostracism triggered a quest for an independent conservative network of organizations with the hope of either taking back the Republican Party or creating a viable alternative The first part of *Right Face* recounts the often bitter struggle to define the meaning of conservatism in modern America Part two concerns the search for influential national outlets for conservative opinion whereas part three focuses on the movement's actual plunge into electoral politics not least on its well planned takeover of the Republican Party machinery in 1964 and the resulting presidential nomination of Senator Barry Goldwater An epilogue attempts to trace main currents in the evolution of American conservatism since the 1960s as well as to assess the extent to which American conservatives have managed to create the Counter Establishment they set out to create more than half a century ago In a sense the conservatives actually set out on two different quests One was for intellectual respectability The other was for political power As this study reveals the two goals were not always compatible Based on extensive archival sources *Right Face* provides an incisive analysis of the conservative movement and the forces that shaped it With its blending of intellectual and organizational developments it adds an important chapter to the history of American political culture in the 20th century

### **A Time for Choosing**

Jonathan Schoenwald, 2001-08-16 How did American conservatism little more than a collection of loosely related beliefs in the late 1940s and early 1950s become a coherent political and social force in the 1960s What political strategies originating during the decade enabled the modern conservative movement to flourish And how did mainstream and extremist conservatives frequently at odds over tactics and ideology each play a role in reshaping the Republican Party In the 1960s conservatives did nothing less than engineer their own revolution *A Time for Choosing* tells the remarkable story behind this transformation Where previous accounts of conservatism's rise tend to speed from 1964 through the start of the Reagan era in 1980 *A Time for Choosing* explores in dramatic detail how conservatives took immediate action following the Goldwater debacle William F Buckley Jr's 1965 bid for Mayor of New York City and Reagan's 1966 California governor's campaign helped turn the tide for electoral conservatism By decade's end independent splinter groups vied for the right to bear the conservative standard into the next decade demonstrating the movement's strength and vitality Although conservative ideology was not created during the 1960s its political components were Here then is the story of the rise of the modern conservative movement Provocative and beautifully written *A Time for Choosing* is a book for anyone interested in politics and history in the postwar era

### **Economic and Strategic Issues in U. S. Foreign Policy**
