Right To Belong Citizen And National Identity In Britain 19401960:

The Independence of Scotland Michael Keating, 2009-09-10 After three hundred years the Anglo Scottish Union is in serious difficulty This is not because of a profound cultural divide between England and Scotland but because recent decades have seen the rebuilding of Scotland as a political community while the ideology and practices of the old unionism have atrophied Yet while Britishness is in decline it has not been replaced by a dominant ideology of Scottish independence Rather Scots are looking to renegotiate union to find a new place in the Isles in Europe and in the world There are few legal constitutional or political obstacles to Scottish independence but an independent Scotland would need to forge a new social and economic project as a small nation in the global market place and there has been little serious thinking about the implications of this Short of independence there is a range of constitutional options for renegotiating the Union to allow more Scottish self government on the lines that public opinion seems to favour The limits are posed not by constitutional principles but by the unwillingness of English opinion to abandon their unitary conception of the state The end of the United Kingdom may be provoked not by Scottish nationalism but by English unionism **Free World?** Peter Gatrell, 2011-01-13 A unique study of a postwar campaign by the UN NGOs governments and individuals to address the global refugee crisis **La independencia de Escocia** Michael Keating, 2012-11-19 Trescientos años después de su fundación la Unión entre Inglaterra y Escocia está en cuestión y se anuncia un referéndum sobre la independencia escocesa No porque haya un grave problema identitario o una profunda división cultural y lingüística sino porque en las últimas décadas se ha asistido a la reconstrucción de Escocia como comunidad política como democracia nacional mientras la ideología y las prácticas del viejo unionismo se han mostrado inmovilistas Hay pocos obstáculos legales constitucionales o democráticos a una Escocia independiente pero también existe una amplia gama de posibilidades constitucionales que permitirán otorgar mayor autogobierno a Escocia Los límites los pone la escasa disposición de una parte de la opinión inglesa a abandonar la concepción unitarista El fin de Gran Bretaña podrá ocasionarlo no el nacionalismo escocés sino el unionismo inglés *Royal Historical Society Annual Bibliography of British and Irish History: Publications of 1998* Austin Gee, 1999-10-28 The Royal Historical Society's Annual Bibliography of British and Irish History provides a comprehensive and authoritative survey of books and articles on historical topics published in a single calendar year The volume covers all periods of British and Irish history from Roman Britain to the late twentieth century and also includes a section on imperial and commonwealth history It is the most complete and up to date bibliography of its type and an indispensable tool for historians **Annual Bibliography of British and Irish History**, 1998 *Hong Kong* Steve Tsang, 1997-08-15 Hong Kong faces the greatest challenge in its history as it returns to Chinese rule in 1997 How will it be affected by the pressures of the hand over period and what lessons can be drawn from its relations with China and its other neighbors in recent years Hong Kong has survived crises in the past most notably after the Japanese takeover in 1941 In the course of the Pacific War it came under the Allied Theater for which the nationalist Chinese

leader Chiang Kai shek was Supreme Commander and in 1945 its future as a British colony was seriously threatened Although Hong Kong did ultimately return to British rule an appointment was made with China for the year 1997 Hong Kong was to rejoin mother China Despite the assurances of business leaders and politicians from both East and West that no radical changes are planned doubts remain over the course that has been mapped out for Hong Kong in the next millennium Hong Kong An Appointment with China provides a much needed introduction for the general reader to the background and implications of this historic hand over including the problems which have threatened the process particularly the impact of the Tiananmen massacre and disputes over democratization *Bookseller*,1998 **Subject Guide to Books in Print**,2001 **Books in Print** ,2005 The Right to Belong Richard Weight,Abigail Beach,2017-12-30 The period 1940 1960 was a time of considerable change in British society It saw the emergence of mass democracy a world war and then unprecedented affluence Change brought uncertainty among Britain s elites which in turn encouraged them to reflect more acutely on the direction the nation was taking Questions were posed what was the social role of ordinary men and women in 20th century Britain What were their needs their rights their responsibilities How did they stand in relation not only to the State but to their regions and communities And how were those objects of loyalty or disloyalty defined Who in other words were the British and by what processes did they come to be so considered The contributors explore the development of these ideas by a variety of individuals and organizations and the relationship between these opinion makers and political parties They also examine the extent to which their conclusions were translated into social policy in an attempt to shape the evolution of modern Britain Palestinian Chicago Loren D. Lybarger,2020-07-07 A free open access ebook is available upon publication Learn more at www.luminosoa.org Chicago is home to one of the largest most politically active Palestinian immigrant communities in the United States For decades secular nationalism held sway as the dominant political ideology but since the 1990s its structures have weakened and Islamic institutions have gained strength Drawing on extensive fieldwork and interview data Palestinian Chicago charts the origins of these changes and the multiple effects they have had on identity across religious political class gender and generational lines The perspectives that emerge through this rich ethnography challenge prevailing understandings of secularity and religion offering critical insight into current debates about immigration and national belonging **Hong Kong** Steve Tsang,1997-12-31 Forthcoming Books Rose Arny,2004 *Which People's War?* Sonya O. Rose,2023 The author examines how national belonging or British national identity was envisaged in the public culture of the World War II home front Who was included as British how did the British describe themselves as a singular people and what were the consequences of those depictions Which People's War? Sonya O. Rose,2003-05-08 *Which People s War* examines how national belonging or British national identity was envisaged in the public culture of the World War II home front Using materials from newspapers magazines films novels diaries letters and all sorts of public documents it explores such questions as who was included as British and what did it mean to be British How

did the British describe themselves as a singular people and what were the consequences of those depictions It also examines the several meanings of citizenship elaborated in various discussions concerning the British nation at war This investigation of the powerful constructions of national identity and understandings of citizenship circulating in Britain during the Second World War exposes their multiple and contradictory consequences at the time It reveals the fragility of any singular conception of Britishness even during a war that involved the total mobilization of the country's citizenry and cost 400 000 British civilian lives

The Enigmatic Realm of **Right To Belong Citizen And National Identity In Britain 19401960**: Unleashing the Language is Inner Magic
