## **Righteous Empire:**

*Righteous Empire: the Protestant Experience in America*, 1977      **Oracles of Empire** David S. Shields, 2010-06-15 This innovative look at previously neglected poetry in British America represents a major contribution to our understanding of early American culture Spanning the period from the Glorious Revolution 1690 to the end of King George's War 1750 this study critically reconstitutes the literature of empire in the thirteen colonies Canada and the West Indies by investigating over 300 texts in mixed print and manuscript sources including poems in pamphlets and newspapers British America's poetry of empire was dominated by three issues mercantilism's promise that civilization and wealth would be transmitted from London to the provinces the debate over the extent of metropolitan prerogatives in law and commerce when they obtruded upon provincial rights and interests and the argument that Britain's imperium pelagi was an ethical empire because it depended upon the morality of trade while the empires of Spain and France were immoral empires because they were grounded upon conquest In discussing these issues Shields provides a virtual anthology of poems long lost to students of American literature      **Empire Islands** Rebecca Weaver-Hightower, Through a detailed unpacking of the castaway genre's appeal in English literature *Empire Islands* forwards our understanding of the sociopsychology of British Empire Rebecca Weaver Hightower argues convincingly that by helping generations of readers to make sense of and perhaps feel better about imperial aggression the castaway story in effect enabled the expansion and maintenance of European empire *Empire Islands* asks why so many colonial authors chose islands as the setting for their stories of imperial adventure and why so many postcolonial writers write back to those island castaway narratives Drawing on insightful readings of works from Thomas More's *Utopia* to Caribbean novels like George Lamming's *Water with Berries* from canonical works such as *Robinson Crusoe* and *The Tempest* to the lesser known *A Narrative of the Life and Astonishing Adventures of John Daniel* by Ralph Morris Weaver Hightower examines themes of cannibalism piracy monstrosity imperial aggression and the concept of going native Ending with analysis of contemporary film and the role of the United States in global neoimperialism Weaver Hightower exposes how island narratives continue not only to describe but to justify colonialism Rebecca Weaver Hightower is assistant professor of English and postcolonial studies at the University of North Dakota      Religion and US Empire Tisa Wenger, Sylvester A. Johnson, 2022-08-23 This book shows how imperialism molded American religion both the category of religion and the traditions designated as religions and reveals the multifaceted roles of American religions in structuring enabling surviving and resisting the U S Empire      *A War of Empires* Robert Lyman, 2021-11-11 SHORTLISTED FOR THE RUSI DUKE OF WELLINGTON MEDAL FOR MILITARY HISTORY 2022 This is a superb book James Holland In 1941 and 1942 the British and Indian Armies were brutally defeated and Japan reigned supreme in its newly conquered territories throughout Asia But change was coming New commanders were appointed significant training together with restructuring took place and new tactics were developed *A War of Empires* by acclaimed historian Robert Lyman expertly records these

coordinated efforts and describes how a new volunteer Indian Army rising from the ashes of defeat would ferociously fight to turn the tide of war But victory did not come immediately It wasn't until March 1944 when the Japanese staged their famed March on Delhi that the years of rebuilding paid off and after bitter fighting the Japanese were finally defeated at Kohima and Imphal This was followed by a series of extraordinary victories culminating in Mandalay in May 1945 and the collapse of all Japanese forces in Burma Until now the Indian Army's contribution has been consistently forgotten and ignored by many Western historians but Robert Lyman proves how vital this hard fought campaign was in securing Allied victory in the east Detailing the defeat of Japanese militarism he recounts how the map of the region was ultimately redrawn guaranteeing the rise of an independent India free from the shackles of empire

Polpop James E. Combs, 1984 This book discusses various components of popular culture and the effects they have on politics Some of the areas of mass culture which are discussed are popular dramas folk heritage the Western myth sports religion media propaganda and show business

**Derrida and Law** Pierre Legrand, 2017-07-05 This volume gathers together sixteen seminal articles all written by leading scholars which articulate and effectuate the influence of Derrida's scholarship on the field of law The articles included in this collection are underpinned by the authors shared belief that the intellectual challenges posed by Derrida's work to legal scholarship are as challenging as they are pressing and as profound as they are inescapable In addition to a thorough introduction addressing salient aspects of Jacques Derrida's engagement with law this book comes with an extensive bibliography of sources in English This provides the reader with a carefully selected list of more than one hundred texts all of which serve as introductory pathways to Derrida's philosophy and in particular to the interaction between Derrida and law A fine reminder of the trans disciplinary influence of Jacques Derrida's thought this landmark collection is destined to generate substantial interest in philosophy departments and law schools alike

*Theology and Globalisation* Rowan Gill, 2005 This book is a critique and commentary on globalisation from a theological perspective Drawing on the works of theologians such as Augustine Rahner Luther Newbigin Moe Lobeda McFague Jesnon Wainwright de Chardin McCaughey and Kung the author critiques globalisation and those who espouse it defend and promote it For Gill globalisation is an economic phenomenon with political ramifications whereby economic and political aspects of the world become predicated of the whole world itself Central to it is a spirit of competition by which the world is globalised and results in a sense of one globe For the author following Milbank the response to globalisation needs to be a theological one based on the new city of God the Kingdom of God The author is a Minister of the Word in the Uniting Church in Australia who studied theology in Melbourne and undertook post graduate studies in Boston USA

**Diversity and Dominion** Kyle S. Van Houtan, Michael S. Northcott, 2010-02-15 This book records a set of dialogues between scientists theologians and philosophers on what can be done to prevent a global slide into ecological collapse It is a uniquely multidisciplinary book that exemplifies the kinds of cultural and scholarly dialogue urgently needed to address the threat to the earth represented by our super industrial

civilization The authors debate the conventional account of nature conservation as protection from human activity In contrast to standard accounts they argue what is needed is a new relationship between human beings and the earth that recovers a primal respect for all things This approach seeks to recover forgotten resources in ancient cultures and in the foundational narratives of Western civilization contained in the Bible and in the culture of classical Greece

**The Complete Idiot's Guide to Evangelical Christianity** David Cobia, D.Min.,2007-04-03 The word on spreading the word The Evangelical Christian movement is the fastest growing segment of American religion with 42% of all Christians in America identifying themselves as Evangelicals Now Evangelical Pastor David Cobia shares the genesis history and culture of this religion in America with a balanced accessible tone He also touches upon the controversies it s spawned regarding such topics as school curriculum abortion gay rights and family structure Written both for those inside the movement and those wanting to know more it gives a clear factual portrait of what this growing Christian movement is all about Balanced positive yet objective tone and presentation of information Provides a complete history of the movement details about specific services and rituals and interviews with Evangelical Christians about their beliefs and lifestyles Discusses controversial topics and how Evangelical Christians feel about them

**Against the Protestant Gnostics** Philip J. Lee,1993-08-19 In this penetrating and provocative assessment of the current state of religion and its effects on society at large Philip J Lee criticizes conservatives and liberals alike as he traces gnostic motifs to the very roots of American Protestantism With references to an extraordinary spectrum of writings from sources as diverse as John Calvin Martin Buber Tom Wolfe Margaret Atwood and Emily Dickinson he probes the effects of gnostic thinking on a wide range of issues Calling for the restoration of a dialectical faith and practice the book points to positive ways of restoring health to endangered Protestant churches

[America's Road to Jerusalem](#) Jason M. Olson,2018-11-15 This study examines the role of the Six Day War in American Protestant politics and culture The author argues that American foreign policy towards the Arab Israeli conflict culminating in the Trump Administration s 2017 recognition of Jerusalem as Israel s capital and the domestic Evangelical communities who supported it has a direct correlation with the long term consequences of the 1967 Six Day War For most of America s history biblical literalists or Evangelicals dominated the religious culture of the country But in 1925 the Scopes trial on science evolution and religion embarrassed Evangelicals and caused them to retreat from American culture and politics Modern and liberal Protestants won dominance and established control in nearly all of the Mainline seminaries publishing houses and denominations leading to the creation of the National Council of Churches by 1950 This book argues that the Six Day War reversed that power structure in American religion with Evangelicals returning to a place of prominence in American culture and politics Whereas the Scopes trial showed much of American Protestantism that the Modernists had the right understanding of the Bible the Six Day War demonstrated that ironically Evangelicals may have had it right all along They used this historic leverage to vaunt themselves into the highest planes of American life with Billy Graham becoming America

s Pastor In this historic process the 1967 war between Israel and the surrounding Arab states clarified the way those different branches of American Protestantism thought about the Arab Israeli conflict particularly the issue of Jerusalem Indeed the nature of the Six Day War was deep and appeared to be of Biblical proportions Because Israel gained territories in Jerusalem Bethlehem and the ancient Biblical heartlands formerly held by Jordan historical messianic and even apocalyptic intrusions entered the various branches of American Protestantism In some branches supersessionism a belief that the Church had replaced the Jewish people as God s chosen was stoked In other branches supersessionism was rejected and the nature of Judaism and its connection to the Holy Land was re evaluated The important point is that the territories that Israel captured had thick theological meaning and this would force all branches of American Protestantism to reconsider their assumptions about Judaism and Zionism as well as Islam and Palestinian nationalism

**Evangelicalism** *Denominationalism* Russell E. Richey, 2010-10-01 With Protestantism now experiencing a decline in growth and expansion many people are concerned about the future of denominations Church budgets are being slashed and dissident groups are increasing in number on the denominational fringe To provide a better understanding of and respect for the potentials and limitations of denominations Dr Richey presents the varying perspectives of acknowledged authorities to explain first of all what denominationalism a basic form of the American church is How did denominationalism begin what is its essence and what is the denominational pattern of the Christian church Ten articles explore these questions from different viewpoints and give alternative explanations Dr Richey provides an introduction to each of the articles calling attention to its particular contributions and divergences from other interpretations while raising important critical questions The question What is the future of denominations cannot be answered without a more explicit understanding of the phenomenon of denominationalism The articles presented here together with their introductions represent Russell Richey s attempt to penetrate both the vagueness that surrounds denominationalism and the causes of the current malaise afflicting individual denominations

**Stewards of the Gospel** Ronald E. Vallet, 2011-07-22 The word stewardship comes across as stale and mildly distasteful to many in the church today as a term limited in its scope to euphemistic conversations about financial giving Yet as Ronald Vallet points out when the apostle Paul refers to stewards of the mysteries of God 1 Cor 4 1 he s talking about something much deeper and richer than fund raising In *Stewards of the Gospel* Vallet recovers a more adequate understanding of Christian stewardship in light of both the New Testament and the realities facing today s church as it deals with challenges to justice to the environment and even to faith itself He then applies his reinvigorated concept of stewardship in practical ways to congregations to their pastors and leaders and to the seminaries and denominational structures that mold and support those leaders Enhancing Vallet s broad gospel oriented vision of stewardship are thoughtful responses from six seasoned theological educators Daniel Aleshire David L Bartlett Bruce C Birch Terry Parsons Eugene F Roop and L E Ted Sivers

**Doing Theology in the Age of Trump** Jeffrey W. Robbins, Clayton Crockett, 2018-11-08 This book is a work of

theological resistance It is not so much about the presidency of Donald Trump as it is about what his popularity and rise to power reveal about the state of Christianity and the moral character of the evangelical Right in the United States today More specifically it is about the threat of white Christian nationalism which is the particular form that the nationalist populist movement of Trumpism has adopted for itself The contributors are all fellows from the Westar Institute s academic seminar on God and the Human Future and include many of the leading figures in theology and Continental philosophy of religion This volume provides a form of theopolitical resistance based on intersectionality The authors recognize how the various forms of oppression interrelate to contribute to a vast dynamic and seeming impenetrable network of systemic injustice and marginalization These essays demonstrate that politics need not be played as a zero sum game with a winner take all mentality and that a critical theology is as urgently needed and as relevant now as ever Literalist ,1841 *The First Resurrection Considered in a Series of Letters: Occasioned by a Treatise of the Late Rev. H. Gipps* Joseph D'Arcy SIRR,1833

**A Tale of Sorcery...** Chris Colfer,2021-09-28 The thrilling third book in Chris Colfer s 1 New York Times bestselling A Tale of Magic series Brystal Evergreen is running out of time It s almost been a year since she made a deal with Death to find and destroy the Immortal in exchange for her life and she still hasn t found a single clue about who or where the Immortal is To make matters worse something dark and malignant has risen from deep within the earth that threatens life as we know it To stop this new evil the fairies and witches must work with all the kingdoms and territories including the Righteous Brotherhood and their Army of the Dead But is the threat more familiar than they expected And why are a secretive group of Sorcerers convinced Xanthous Hayfield is connected to it *A Tale of Witchcraft...* Chris Colfer,2020-09-29 In this enchanting story from the New York Times bestselling author of A Tale of Magic a group of friends grow suspicious of a potentially dangerous which all while their once peaceful kingdom begins to crack When a mysterious new witch arrives at the academy the celebrations are cut short As the witch begins recruiting faeries into her rival school of witchcraft it becomes clear she has dark intentions And soon Brystal s friend Lucy becomes embroiled in an ominous plot against mankind Elsewhere the fragile peace is on the brink of shattering Outrage has spread throughout the kingdoms in opposition to the legalization of magic And a dangerous and centuries old clan known as the Righteous Brotherhood has resurfaced with one goal in mind to exterminate all magical life forever starting with Brystal The enchanting sequel to the New York Times bestselling A Tale of Magic is filled with brand new adventures and a cast of memorable characters both familiar and new

**The American Evangelical Story** Douglas A. Sweeney,2005-08-01 The American Evangelical Story surveys the role American evangelicalism has had in the shaping of global evangelical history Author Douglas Sweeney begins with a brief outline of the key features that define evangelicals and then explores the roots of the movement in English Pietism and the Great Awakening of the eighteenth century He goes on to consider the importance of missions in the development of evangelicalism and the continuing emphasis placed on evangelism Sweeney next examines the different subgroups of

American evangelicals and the current challenges faced by the movement concluding with reflections on the future of evangelicalism Combining a narrative style with historical detail and insight this accessible illustrated book will appeal to readers interested in the history of the movement as well as students of church history

## **Righteous Empire Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Righteous Empire has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Righteous Empire has opened up a world of possibilities. Downloading Righteous Empire provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Righteous Empire has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Righteous Empire. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Righteous Empire. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Righteous Empire, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Righteous Empire has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of

continuous learning and intellectual growth.
