Rightful Resistance In Rural China Cambridge Studies In Contentious Politics:

Rightful Resistance in Rural China Kevin J. O'Brien, Lianjiang Li, 2006-02-13 How can the poor and weak work a political system to their advantage Drawing mainly on interviews and surveys in rural China Kevin O'Brien and Lianjiang Li show that popular action often hinges on locating and exploiting divisions within the state Otherwise powerless people use the rhetoric and commitments of the central government to try to fight misconduct by local officials open up clogged channels of participation and push back the frontiers of the permissible This rightful resistance has far reaching implications for our understanding of contentious politics As O'Brien and Li explore the origins dynamics and consequences of rightful resistance they highlight similarities between collective action in places as varied as China the former East Germany and the United States while suggesting how Chinese experiences speak to issues such as opportunities to protest claims radicalization tactical innovation and the outcomes of contention *Collective Killings in Rural China during the Cultural Revolution* Yang Su, 2011-02-21

The violence of Mao's China is well known but its extreme form is not In 1967 and 1968 during the Cultural Revolution collective killings were widespread in rural China in the form of public execution Victims included women children and the elderly This book is the first to systematically document and analyze these atrocities drawing data from local archives government documents and interviews with survivors in two southern provinces This book extracts from the Chinese case lessons that challenge the prevailing models of genocide and mass killings and contributes to the historiography of the Cultural Revolution in which scholarship has mainly focused on events in urban areas

Contentious Politics in China Manfred Elfstrom, Yao Li, 2019-12-16 China has become a land of protests though the Chinese state possesses considerable administrative capacity In this volume Manfred Elfstrom and Yao Li provide an overview of Chinese contentious politics They dig deep into major forms of social conflict explore structural explanations for why protest occurs in China and describe the ways in which various organizations and framings of issues by citizens affect how protests play out Shifting to where grassroots activism ultimately leads Elfstrom and Li survey China's coercive and conciliatory institutions for maintaining social control document and explain patterns in the state's handling of different types of resistance and examine the social and political impact of unrest This work not only contributes to a deeper understanding of contentious politics and governance in China but also provides insights for studies of social movements and authoritarian politics in general

Resistance in Digital China Sally Xiaojin Chen, 2020-05-28 By investigating the Southern Weekly Incident in which censorship of the prominent Chinese newspaper Southern Weekly triggered mass online contention in Chinese society *Resistance in Digital China* examines how Chinese people engage in resistance on digital networks whilst cautiously safeguarding their life under authoritarian rule Chen's in depth analysis of the Southern Weekly Incident ties together overlapping debates in internet studies Chinese studies social movement studies political communication and cultural studies to discuss issues of civic connectivity emotions embodiment and the construction of a public sphere in digital China

Resistance in Digital China demonstrates a valuable methodology for conducting in depth empirical examination of an act of resistance in order to explore political cultural and sociological meanings of Chinese people s resistance within party limits Fruitfully combining 45 interviews with key players in the Southern Weekly Incident with largely Western based communications theory Chen develops an understanding of the ongoing formation of the Chinese public sphere as elite led and emotional at once invoked and rejected by Chinese citizens China's Unruly Journalists Jonathan Hassid,2015-12-22 Despite operating in one of the most tightly controlled media environments in the world Chinese journalists sometimes take extraordinary risks braving the perils of job loss or imprisonment to report sensitive stories As a result a group of journalists stands at the forefront of some of China s most dramatic social and political changes This book is the first to systematically explore why some Chinese journalists decide to challenge Communist Party power holders and the censorship system Based on 18 months of fieldwork interviews with over 70 Chinese journalists and academics and analysis of nearly 20 000 Chinese newspaper articles it investigates the motivation behind news workers who often brave the perils of challenging an authoritarian system Rather than being driven by commercial pressures or financial inducements the book suggests that many aggressive journalists push the limits of acceptable coverage because of their sense of public spirit and their professional role orientation It argues that ultimately these advocate journalists matter because they challenge specific policies and are changing China one article at a time By investigating these path breaking journalists the book engages with literature across the social sciences on contentious politics and social movements political communication media theory and the sociology of professions Therefore it will be of great interest to students and scholars of Chinese Studies Politics and Media Studies **Politics of Economic Inequality in China** Shuai Jin,2023-08-29 This book applies a novel theory of unbalanced responsiveness to the issue of economic inequality in China to better understand the relationship between authoritarian regimes and their citizens The book highlights how the Chinese Communist Party CCP has responded to dissatisfaction over inequality with both propaganda and policy revealing how the responsiveness in these two arenas is unbalanced Arguing that while CCP propaganda claims to reduce inequality its welfare programs have been stratified unfair and regressive aggravating instead of alleviating inequalities By utilizing data from multiple national surveys the book reveals that the discrepancy between propaganda and policy ultimately generates further dissatisfaction and strong demands for redistribution The findings of this study indicate how unmitigated and prolonged economic inequality could be a real threat to the sustained rule of the CCP regime Providing a new theory applicable to authoritarian and especially communist regimes demonstrated through the lens of China this book will be a valuable resource to students and scholars of Chinese studies political science and public policy *Authoritarian Legality in China* Mary E. Gallagher,2017-09-07 Can authoritarian regimes use democratic institutions to strengthen and solidify their rule The Chinese government has legislated some of the most protective workplace laws in the world and opened up the judicial system to adjudicate workplace conflict

emboldening China's workers to use these laws This book examines these patterns of legal mobilization showing which workers are likely to avail themselves of these new protections and find them effective Gallagher finds that workers with high levels of education are far more likely to claim these new rights and be satisfied with the results However many others left disappointed with the large gap between law on the books and law in reality reject the courtroom for the streets Using workers narratives surveys and case studies of protests Gallagher argues that China's half hearted attempt at rule of law construction undermines the stability of authoritarian rule New workplace rights fuel workers rising expectations but a dysfunctional legal system drives many workers to more extreme options including strikes demonstrations and violence

Civil Society Networks in China and Vietnam A. Wells-Dang, 2012-07-31 This book brings a fresh original approach to understand social action in China and Vietnam through the conceptual lens of informal environmental and health networks It shows how citizens in non democratic states actively create informal pathways for advocacy and the development of functioning civil societies

China and Islam Matthew S. Erie, 2016-09-01 China and Islam examines the intersection of two critical issues of the contemporary world Islamic revival and an assertive China questioning the assumption that Islamic law is incompatible with state law It finds that both Hui and the Party State invoke interpret and make arguments based on Islamic law a minjian unofficial law in China to pursue their respective visions of the good Based on fieldwork in Linxia China's Little Mecca this study follows Hui clerics youthful translators on the New Silk Road female educators who reform traditional madrasas and Party cadres as they reconcile Islamic and socialist laws in the course of the everyday The first study of Islamic law in China and one of the first ethnographic accounts of law in postsocialist China China and Islam unsettles unidimensional perceptions of extremist Islam and authoritarian China through Hui minjian practices of law **To**

Get Rich Is Glorious Jacques deLisle, Avery Goldstein, 2019-09-24 In 1978 China launched economic reforms that have resulted in one of history's most dramatic national transformations The reforms removed bureaucratic obstacles to economic growth and tapped China's immense reserves of labor and entrepreneurial talent to unleash unparalleled economic growth in the country In the four decades since China has become the world's second largest economy after the United States and a leading force in international trade and investment As the contributors to this volume show China also faces daunting challenges in sustaining growth continuing its economic transformation addressing the adverse consequences of economic success and dealing with mounting suspicion from the United States and other trade and investment partners China also confronts risks stemming from the project to expand its influence across the globe through infrastructure investments and other projects under the Belt and Road Initiative At the same time China's current leader Xi Jinping appears determined to make his own lasting mark on the country and on China's use of its economic clout to shape the world around it The Social Roots of Authoritarianism Natalia Forrat, 2024-10-25 Why are some authoritarian regimes highly competitive and others highly unified Do they function differently And what does it mean for our understanding of democracy and

democratization In *The Social Roots of Authoritarianism* Natalia Forrat describes two models of authoritarianism the first in which people see the state as their team leader and the other where they trust informal non state leaders and see the state as a source of perks or punishment Depending on which vision of the state is dominant in society she argues that autocrats must use different tools to consolidate their regimes or risk a pushback If people view the state as their team leader autocrats rely on social conformity and teamwork logic If people view the state as an outsider autocrats rely on clientelist bargains and utility maximization logic Unpacking the grassroots mechanisms maintaining unity based and division based authoritarianisms further Forrat compares the structures of political machines in four Russian regions She finds that the two regions with centralized organizational structures bound by social solidarity and team logic delivered predictable stable results across multiple elections But the other two regions that relied on decentralized structures with multiple levels of brokers acting independently of each other were less effective in delivering stable results Carefully crafted and sophisticated Forrat's theory of authoritarian power sheds new light on state society relations in Russia But it is also broadly applicable beyond Russia and helps explain the divergent patterns of regime maintenance strategies in authoritarian countries throughout the world

Contentious Performances Charles Tilly, 2008-08-04 How can we get inside popular collective struggles and explain how they work *Contentious Performances* presents a distinctive approach to analyzing such struggles drawing especially on incomparably rich evidence from Great Britain between 1758 and 1834 The book accomplishes three main things First it presents a logic and method for describing contentious events occasions on which people publicly make consequential claims on each other Second it shows how that logic yields superior explanations of the dynamics in such events both individually and in the aggregate Third it illustrates its methods and arguments by means of detailed analyses of contentious events in Great Britain from 1758 to 1834 *World Development Report 2017* World Bank Group, 2017-02-02 Why are carefully designed sensible policies too often not adopted or implemented When they are why do they often fail to generate development outcomes such as security growth and equity And why do some bad policies endure *World Development Report 2017 Governance and the Law* addresses these fundamental questions which are at the heart of development Policy making and policy implementation do not occur in a vacuum Rather they take place in complex political and social settings in which individuals and groups with unequal power interact within changing rules as they pursue conflicting interests The process of these interactions is what this Report calls governance and the space in which these interactions take place the policy arena The capacity of actors to commit and their willingness to cooperate and coordinate to achieve socially desirable goals are what matter for effectiveness However who bargains who is excluded and what barriers block entry to the policy arena determine the selection and implementation of policies and consequently their impact on development outcomes Exclusion capture and clientelism are manifestations of power asymmetries that lead to failures to achieve security growth and equity The distribution of power in society is partly determined by history Yet there is room for positive change This Report reveals

that governance can mitigate even overcome power asymmetries to bring about more effective policy interventions that achieve sustainable improvements in security growth and equity This happens by shifting the incentives of those with power reshaping their preferences in favor of good outcomes and taking into account the interests of previously excluded participants These changes can come about through bargains among elites and greater citizen engagement as well as by international actors supporting rules that strengthen coalitions for reform

International Conference on Political Economy of Water Purnima George, Elvis Thomas, Meghna Vesvikar, 2016-05-11 Access to water is a fundamental right of all human beings given that it significantly affects quality of life and enables people especially the poor to live with dignity A significant number of organisations and governments throughout the world are working on this challenge and developing sustainable intervention models There are several community driven approaches which attempt to bring water within the reach of people and to help establish people s ownership and rights over it The social work profession with its commitment to working with the marginalised and the underprivileged cannot be immune to the challenges posed by the scarcity of water and must inevitably join the various efforts made the world over to tackle this problem head on This book examines specific nuances of water scarcity and develops viable social work intervention strategies based on the experiences of successful intervention models

Social Issues in China Zhidong Hao, Sheying Chen, 2013-08-23 Since 1978 the opening up and reform in China has brought tremendous economic and social changes While China s economic progress has been commendable the social problems that go with economic changes have raised serious concerns Some of those concerns are related to gender ethnic labor and environmental issues This book is about what has happened in these arenas in China since the opening up and reform in 1978 The study of gender ethnicity labor and environment touches on some of the fundamental problems of modernization especially the development of individuals and groups So even though gender ethnicity labor and environment seem to be separate issues they are in fact related in some fundamental ways That s what this book will explore as well To understand is one thing and to do is another This book also incorporates studies of NGO practices to see how NGOs have helped in transforming gender ethnic labor and environment interplay Our study of NGOs in helping improve such interplay sheds light on how specifically civil society can prod the state to transform social relations for the better This book is an attempt to assess the changes both positive and negative in gender ethnic ethnic and environmental relations in China especially in the past 30 years of opening up and reform especially regarding national identity formation

Living in the Margins in Mainland China, Hong Kong and India Wing Chung Ho, Florence Padovani, 2020-05-06 With a range of case studies from Asia this book sheds light on empirical realizations of marginality in a globalized context using first hand original research In the late 2000s the financial crisis witnessed the fragility of high levels of market integration and the vulnerability of globalisation Since then the world seems to have entered an epoch of anxiety featuring populism with varying degrees of protectionism and nationalism What is the nature of this populist mood as a backlash against globalisation How do

people feel about it and act upon it Why should specific intellectual attention be paid to the increasingly marginalised by the recent macroscopic structural changes These are the questions addressed by the contributors of this book illustrated with specific cases from mainland China Hong Kong and India all of which have undergone substantial populist or nationalist movements since 2010 A valuable resource for sociologists looking to understand the impacts of globalization especially those with a particular interest in Asia

Beyond Neoliberalism Marian Burchardt, Gal Kirn, 2017-02-20 This book explores how changes that occurred around 1989 shaped the study of the social sciences and scrutinizes the impact of the paradigm of neoliberalism in different disciplinary fields The contributors examine the ways in which capitalism has transmuted into a seemingly unquestionable triumphant framework that globally articulates economics with epistemology and social ontology The volume also investigates how new narratives of capitalism are being developed by social scientists in order to better understand capitalism's ramifications in various domains of knowledge At its heart Beyond Neoliberalism seeks to unpack and disaggregate neoliberalism and to take readers beyond the analytical limitations that a traditional framework of neoliberalism entails This book is a result of discussions at and support from the Irmgard Coninx Foundation

Handbook of Protest and Resistance in China Teresa Wright, 2019 Featuring contributions from top scholars and emerging stars in the field the Handbook of Protest and Resistance in China captures the complexity of protest and dissent in contemporary China while simultaneously exploring a number of unifying themes Examining how when and why individuals and groups have engaged in contentious acts and how the targets of their complaints have responded the volume sheds light on the stability of China's existing political system and its likely future trajectory

Identity, Inequity and Inequality in India and China Ayo Wahlberg, 2017-07-05 This volume explores how difference is constructed manifested mobilised and obscured in socially uneven societies particularly those fuelled by neoliberal economic growth in the recent years The book approaches difference as a double edged concept that allows one to make sense of the tensions that are played out between cosmopolitan convergence and multicultural diversity between expanding middle classes and increasingly disenfranchised poor groups between the global and the local The chapters in this volume present a series of empirical explorations of how difference is articulated desired levelled governed and even subverted in the socio economically uneven landscapes of India and China They examine how difference emerges out of daily practice categorisation processes dividing practices nation building efforts and identity projects Through these empirical studies we see how difference is articulated along a number of axes differentiations of groups or persons according to hierarchies of superiority inferiority the demarcation of difference as something that is potentially disruptive and therefore in need of containment the celebration of difference as diversity and finally the ways in which difference comes to be internalised in the shaping of individual identities Another common theme that binds a number of contributions is the exploration of the role of the state in constructing and controlling these differences and the ways in which these interventions rearrange the social political landscapes This book was published as a

special issue of Third World Quarterly Charting China's Future Jae Ho Chung, 2006-08-24 China has become an undisputed global phenomenon yet twenty five years ago its remarkable accomplishments were largely unforeseen In an ambitious effort to predict China's coming decades this book explores not only the economic development that has been a key indicator of its success but the often veiled political social and international determinants that will be crucial Leading scholars draw on their years of experience and on the ground understanding of current trends to make informed estimates of China's path positing that its future may well hold neither threat nor collapse All of the contributors provide a set of scenarios and order them in terms of likelihood including the seven factors they have identified as central to charting China's future the Communist Party local electoral reforms and rule of law the federalist possibility social unrest foreign policy orientations Sino American relations and the Taiwan conundrum This book is a must read for anyone who wants to understand China as it rises in power on the world stage Contributions by Jean Pierre Cabestan Jae Ho Chung Bruce J Dickson Peter Hays Gries Tao chiu Lam Yawei Liu Gilbert Rozman and Shiping Tang

Rightful Resistance In Rural China Cambridge Studies In Contentious Politics Book Review: Unveiling the Magic of Language

Rightful Resistance In Rural China Cambridge Studies In Contentious Politics Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Rightful Resistance In Rural China Cambridge Studies In Contentious Politics PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making

research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Rightful Resistance In Rural China Cambridge Studies In Contentious Politics PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Rightful Resistance In Rural China Cambridge Studies In Contentious Politics free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Rightful Resistance In Rural China Cambridge Studies In Contentious Politics Books

What is a Rightful Resistance In Rural China Cambridge Studies In Contentious Politics PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rightful Resistance In Rural China Cambridge Studies In Contentious Politics PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rightful Resistance In Rural China Cambridge Studies In Contentious Politics PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rightful Resistance In Rural China Cambridge Studies In Contentious Politics PDF to another file format?** There are multiple ways to convert a PDF to

another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rightful Resistance In Rural China Cambridge Studies In Contentious Politics PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
