**Modernism and Theology** Joanna Rzepa, 2021-03-16 This is the first book length study to examine the interface between literary and theological modernisms It provides a comprehensive account of literary responses to the modernist crisis in Christian theology from a transnational and interdenominational perspective It offers a cultural history of the period considering a wide range of literary and historical sources including novels drama poetry literary criticism encyclicals theological and philosophical treatises periodical publications and wartime propaganda By contextualising literary modernism within the cultural religious and political landscape the book reveals fundamental yet largely forgotten connections between literary and theological modernisms It shows that early twentieth century authors poets and critics including Rainer Maria Rilke T S Eliot and Czesaw Miłosz actively engaged with the debates between modernist and neo scholastic theologians raging across Europe These debates contributed to developing new ways of thinking about the relationship between religion and literature and informed contemporary critical writings on aesthetics and poetics

**The Translingual Imagination** Steven G. Kellman, 2000-01-01 It is difficult to write well even in one language Yet a rich body of translingual literature by authors who write in more than one language or in a language other than their primary one exists The Translingual Imagination is a pioneering study of the phenomenon which is as ancient as the use of Arabic Latin Mandarin Persian and Sanskrit as linguae francae Colonialism war mobility and the aesthetics of alienation have combined to create a modern translingual canon Opening with an overview of this vast subject Steven G Kellman then looks at the differences between ambilinguals those who write authoritatively in

more than one language and monolingual translinguals those who write in only one language but not their native one Kellman offers compelling analyses of the translingual situations of African and Jewish authors and of achievements by authors as varied as Mary Antin Samuel Beckett Louis Begley J M Coetzee Joseph Conrad Eva Hoffman Vladimir Nabokov and John Sayles While separate studies of individual translingual authors have long been available this is the first in depth study of the general phenomenon of translingual literature    **Rainer Maria Rilke und das Theater** Erika Otto ,2018 Rilke und das Theater ist die erste Monografie zu diesem Thema Sie verbindet die gewissenhafte Rekonstruktion aller vom Dichter besuchten und kommentierten Theater und Tanzvorstellungen mit Analysen darauf Bezug nehmender Gedichte des Autors In den veröffentlichten Briefwechseln finden sich Belege f r Rilkes Rezeption unterschiedlichster Auff hrungen und den Kontakt mit Regisseuren Darstellern und T nzern Viele dieser Begegnungen waren Anlass f r eigene Gedichte die selbst wiederum nicht nur motivische sondern auch strukturelle Bez ge zum Theater aufweisen So l st sich schlie lich eine am performativen Effekt des Theaters angelehnte Poetik nachweisen    **Zur Kulturgeschichte Österreichs und Ungarns 1890-1938**

Ben Hutchinson,2017-12-02 Rainer Maria Rilkes early verse is often seen as having little relevance to the great achievement of the middle years the Neue Gedichte Yet the very different styles of the juvenilia and this new maturity are united by a preoccupation with processes of motion and growth which governs both his life and work In this meticulous philological study Ben Hutchinson reassesses every level of Rilkes early poetry from its motives and metaphors to its very grammar and syntax in order to trace what he terms a poetics of becoming With careful attention to rhythm resonance and linguistic detail he illuminates both the hidden patterns of the poetry and the artistic context of the fin de siecle From its roots in the intellectual climate of the 1890s to the poems inspired by Rodin in 1908 Rilkes stylistic development is set against the surprising consistency with which he pursues this poetics of becoming    *Reading with a Difference* Arthur F. Marotti,1993 Reading with a Difference is a collection of eighteen essays that examines how issues of gender race and cultural identity inform texts from the seventeenth century to the present Together the contributions document recent significant shifts occurring in the theoretical approach to the texts they study and illustrate how shifts in each of these categories affect how

the others are viewed. The first section of this anthology explores the notion that identity particularly gender identity is a cultural construct. The essays in the second section consider ways in which race and gender intersect with cultural identity and how encounters between different cultures challenge any identity constructed in isolation. First published in the journal Criticism these essays offer no blueprint for reading. Instead they encourage a rereading of canonical texts and a questioning of how these texts face matters of gender, race and cultural identity, how they respond to the differences and the incongruities within the cultures from which they arise and to which they speak.

**Freud's Russia** James L. Rice, 2017-07-05

Freud's lifelong involvement with the Russian national character and culture is examined in James Rice's imaginative combination of history, literary analysis and psychoanalysis. Freud's Russia opens up the neglected Eastern Front of Freud's world, the Russian roots of his parents, colleagues and patients. He reveals that the psychoanalyst was vitally concerned with the events in Russian history and its nineteenth century cultural greats. Rice explores how this intense interest contributed to the evolution of psychoanalysis at every critical stage. Freud's mentor Charcot was a physician to the Tsar; his best friends in Paris were gifted Russian doctors and some of his most valued colleagues Max Eitingon, Moshe Wulff, Sabina Spielrein and Lou Andreas-Salomé were also from Russia. These acquaintances intrigued Freud and precipitated his inquiry into the Russian psyche. Rice shows how Freud's major works incorporate elements overtly and covertly from his Russia. He describes Freud's most famous case, the Wolf Man, Sergei Pankeev, and traces how his personality fused in Freud's imagination with that of Feodor Dostoevsky. Beyond this, Rice reveals the remarkable influence Dostoevsky had on Freud, surveying Freud's extensive library holdings and sources of biographical information on the Russian novelist. Initially inspired by the Freud-Jung letters that appeared in 1974, Freud's Russia breaks new ground. Its fresh perspective will be of significant interest to psychoanalysts, historians of European culture, biographers of Freud and students of Dostoevsky in comparative literature. It is a major work in fusing European intellectual history with the founding father of psychoanalysis.
