Verdugo, 2019-04-01 The volume examines the effect racial stratification had on the economic and social lives of Mexican Americans and Anglo residents in a community that was majority Mexican American The impact was felt economically as the community was a one crop economy and also in creating social disharmony between Mexican Americans and the politically and economically dominant Anglo community This is an historical study since it is based on a survey conducted in 1969 It is one of only a few complete Mexican American community studies ever conducted Destiny's Consul Michael P. Riccards, 2012-06-19 What makes a great president Certainly leadership accomplishments crisis management political skill character and integrity are part of the equation but the great presidents have something more They not only govern well but are part of something lasting their presidencies influence the thoughts and beliefs of generations These powerful men are not flawless leaders they have made mistakes and miscalculations but in the end their decisions have changed the nation and often the world In Destiny's Consul America's Greatest Presidents presidential scholar Michael P Riccards provides a concise introduction to the lives presidencies and personal qualities of ten great individuals whom Riccards argues are our greatest presidents Organized chronologically George Washington Thomas Jefferson Andrew Jackson James K Polk Abraham Lincoln Theodore Roosevelt Woodrow Wilson Franklin D Roosevelt Harry S Truman and Ronald Reagan are shown to truly be great It will be of interest to anyone interested in the presidency of American history The Rio Grande, River of Destiny Laura Gilpin, 1949 The Rio Grande River of Destiny is a monumental study of the Rio Grande and the people along its banks Near the once fabulous now ghost town of Creede Colorado flow the springs and the trickles of melting snow which make the Rio Grande Here at 14 000 feet is born a river which irrigates 1 751 700 acres of farmland in the United States and Mexico In the course of its violent precipitous meandering laze descent to the Gulf of Mexico 1800 miles away the Rio Grande is beauty and history and legend and economics and social problems a touchstone river of American life a river of destiny indeed Excerpt from Book Jacket Destiny's Journey Robert Ruiz Jr., 2014-10-14 Children and younger adolescents in todays world are bombarded with information from the electronic media and in particular the internet Much of what they see and read has little redeeming social value Computer games are particularly violent and teach the lesson that in order to have your way it is okay to resort to strength and violence Robert Ruiz Jr in writing Destinys Journey sought to provide children and youth with an imaginative adventure story rooted in the values of family and friendship that stand the test of time love joy peace kindness gentleness faith and patience Inculcated in the story are the concepts of a Creator and a plan of life that is greater than any individual or group of individuals on earth There is indeed a divine plan for all living things The author in

developing the Chiles family was particularly interested in engaging Mexican and Hispanic American children and youth many of whom have been raised in the produce fields of Mexico and the United States Thus Chiles family characters serve as the vehicle to share values that make any society strong The interdependence of the characters in this story clearly demonstrates that no man is an island entire of it self All of us need each other regardless of race age or background in order to not only survive but thrive in todays world And above all we must recognize that there is a higher power at work in each of Manifest destiny's path Louis J.
