Peter Stanfield

Riot The Movie:

Hollywood Riots Doug Dibbern, 2015-12-17 The large literature about the politics of Hollywood in the period of McCarthy and the blacklist has largely overlooked political filmmaking during those agitated years *Hollywood Riots* examines the most vibrant cycle of independently produced political films made while House Committee on Un American Activities was investigating communists in the film industry In doing so it shifts the focus from the politics of Washington to the politics of Los Angeles and from the films of the Hollywood Ten to the more politically complex films of the progressive community at large Dibbern shows how the movies produced by progressives at the end of the 1950s including *The Lawless* *The Sound of Fury* *The Underworld* were the logical cinematic parallel to their political and journalistic advocacy fighting the conservative newspapers In these films they were recasting political events from California's recent past as politically engaged narratives that were inflected with their own fears of persecution *Hollywood Riots* reviews the work of notable directors like Joseph Losey and Cy Endfield as well as introducing unheralded political screenwriters and directors such as Daniel Mainwaring Jo Pagano and Leo C Popkin

The Cool and the Crazy Peter Stanfield, 2015-04-08 Explosive Amazing Terrifying You won't believe your eyes Such movie taglines were common in the 1950s as Hollywood churned out a variety of low budget pictures that were sold on the basis of their sensational content and topicality While a few of these movies have since become canonized by film fans and critics a number of the era's biggest fads have now faded into obscurity *The Cool and the Crazy* examines seven of these film cycles including short lived trends like boxing movies war pictures and social problem films detailing the sordid and violent life of teenagers as well as uniquely 1950s takes on established genres like the gangster picture Peter Stanfield reveals how Hollywood sought to capitalize upon current events moral panics and popular fads making movies that were ripped from the headlines on everything from the Korean War to rock and roll As he offers careful readings of several key films he also considers the broader historical and commercial contexts in which these films were produced marketed and exhibited In the process Stanfield uncovers surprising synergies between Hollywood and other arenas of popular culture like the ways that the fashion trend for blue jeans influenced the 1950s Western Delivering sharp critical insights in jazzy accessible prose *The Cool and the Crazy* offers an appreciation of cinema as a pop medium unabashedly derivative faddish and ephemeral By studying these long burst bubbles of 1950s pop Stanfield reveals something new about what films do and the pleasures they provide

Riot On Sunset Strip Domenic Priore, 2007-07-12 On the Sunset Strip in Los Angeles in 1965 and 1966 an electrifying scene appeared out of nowhere exploded into creativity and then just as suddenly vanished So much remarkable music art and social revolution came from one place at one time it's difficult now to grasp how it all happened In that moment rock n roll displaced movies as the centre of action in Hollywood This book tells the story of that astonishing time The nightlife was a heady mix of modernist design pop art and beat aesthetics From the moment The Byrds debuted at Ciro's on March 26th 1965 with Bob Dylan joining them on stage right up

to the demonstrations of November 1966 Sunset Strip nightclubs nurtured and broke The Doors Love Buffalo Springfield Frank Zappa s Mothers Of Invention Captain Beefheart His Magic Band The Turtles The Mamas The Papas and many others The Strip was a hotbed for garage punk bands such as The Standells The Seeds The Music Machine and The Electric Prunes Folk rock and psychedelia were born there and it was a favourite hangout and inspiration for The Beatles The Rolling Stones Them The Velvet Underground and The Yardbirds Pop art and rock n roll combined and the new fusion quickly permeated television animation and New Hollywood s indie cinema

Feminism's Queer Temporalities Sam McBean,2015-07-16 Despite feminism s uneven movements it has been predominantly understood through metaphors of generations or waves Feminism s Queer Temporalities builds on critiques of the limitations of this linear model to explore alternative ways of imagining feminism s timing It finds in feminism s literary and cultural archive narratives of temporality that might now be diagnosed as queer where queer designates modes of being historical that exceed the linear and the generational Few theorists have looked to popular feminist figures literature and culture to theorize feminism s timing Through methodologically creative readings McBean explores non generational anti linear and asynchronous time in the figure of Antigone Marge Piercy s Woman on the Edge of Time the film Ladies and Gentlemen The Fabulous Stains Valerie Solanas and SCUM Manifesto and Alison Bechdel s Fun Home The first to substantially bring together the ways in which time has come to matter in both feminist and queer disciplines this book will appeal to students and scholars of feminist queer and gender studies cultural studies and literary studies

Crime and Racial Constructions Jeanette Covington,2010-04-12 Crime and Racial Constructions Cultural Misinformation about African Americans in Media and Academia focuses on how film images of dangerous hedonistic blacks

have assumed greater significance since blacks protested racial injustice during the Civil Rights Movement and the Black Power Movement of the 1960s and 1970s It does so by reviewing a number of films that have been released from the 1970s until the present in which black males are depicted as violent and threatening It likewise considers how these same films represent black females as prostitutes drug addicts and irresponsible abusive mothers who spawn violence in their children Because these on screen images of a violent apolitical and immoral black underclass find their way into the criminological literature the book also takes a look at how criminologists use these images to link crime to underclass culture Both Hollywood and criminologists alike manage to ignore how black activism during the 1960s social movements actually sparked black opposition to the kind of black on black crime that is routinely depicted on screen By taking a critical look at these negative images Crime and Racial Constructions seeks to correct some of the distortions that arise from the undue academic and cinematic focus on black criminals at the expense of racially conscious blacks

The Stranger from Omaha Jason Sperb, 2025 Alexander Payne's directorial career began with the satiric hit *Citizen Ruth* and continued with other successes such as *Election* *About Schmidt* *The Descendants* *Nebraska* and most

recently *The Holdovers* Jason Sperb here provides the first monographic study on Payne's career and auteurship focusing on the theme of travel through his films Drawing on theories of tourism whiteness masculinity nostalgia and class Sperb structures his book using typical filmic plot points moving from Payne's backstory to the status quo his characters find themselves in before a catalyst spurs them to begin a journey that leads to a crisis and then of course resolution He uses each point to explore various of Payne's films such as exploring how the characters status quo in *About Schmidt* *The Descendants* and *Downsizing* lead them to a white savior mentality to help others with less privilege Through the characters journeys Sperb is able to focus on the Midwesternness of Payne's films even those that are located elsewhere based on Payne's roots in Omaha and his love of Westerns He concludes by examining the ways in which Payne's characters finish their journeys not necessarily by addressing past crises or having a moment of growth but with fleeting moments of emotional release or experiencing moments of grace from others

The New Woman's Film Hilary Radner, 2017-01-20 With the chick flick arguably in decline film scholars may well ask what has become of the woman's film Little attention has been paid to the proliferation of films often from the independent sector that do not sit comfortably in either the category of popular culture or that of high art films that are perhaps the corollary of the middle brow novel or smart chick flicks This book seeks to fill this void by focusing on the steady stream of films about and for women that emerge out of independent American and European cinema and that are designed to address an international female audience The new woman's film as a genre includes narratives with strong ties to the woman's film of classical Hollywood while constituting a new distinctive cycle of female centered films that in many ways continue the project of second wave feminism albeit in a modified form Topics addressed include *The Bridges of Madison County* Clint Eastwood 1995 the feature length films of Nicole Holofcener 1996 2013 the film roles of Tilda Swinton Rachel Getting Married Jonathan Demme 2008 *Blue Jasmine* Woody Allen 2013 Frances Ha Noah Baumbach 2012 *Belle Amma* Asante 2013 *Fifty Shades of Grey* Sam Taylor Johnson 2015 and Jane Campion's *Top of the Lake* Sundance Channel 2013

Law and Order Michael W. Flamm, 2005 Law and Order offers a valuable new study of the political and social history of the 1960s It presents a sophisticated account of how the issues of street crime and civil unrest enhanced the popularity of conservatives eroded the credibility of liberals and transformed the landscape of American politics Ultimately the legacy of law and order was a political world in which the grand ambitions of the Great Society gave way to grim expectations In the mid 1960s amid a pervasive sense that American society was coming apart at the seams a new issue known as law and order emerged at the forefront of national politics First introduced by Barry Goldwater in his ill fated run for president in 1964 it eventually punished Lyndon Johnson and the Democrats and propelled Richard Nixon and the Republicans to the White House in 1968 In this thought provoking study Michael Flamm examines how conservatives successfully blamed liberals for the rapid rise in street crime and then skillfully used law and order to link the understandable fears of white voters to growing unease about changing moral values the civil rights movement urban disorder and antiwar protests Flamm documents how conservatives constructed a persuasive message that argued that the civil rights movement had contributed to racial unrest and the Great Society had rewarded rather than punished the perpetrators of violence The president should conservatives also contended promote respect for law and order and contempt for those who violated it regardless of cause Liberals Flamm argues were by contrast unable to craft a compelling message for anxious voters Instead liberals either ignored the crime crisis claimed that law and order was a racist ruse or maintained that social programs would solve the root causes of civil disorder which by 1968 seemed increasingly unlikely and contributed to a loss of faith in the ability of the government to do what it was above all sworn to do protect personal security and private property Congressional Record United States.
