Jeffers, 2016-04-30 *The Irish Novel at the End of the Twentieth Century* Gender Bodies and Power interprets a wide variety of the most interesting Irish novels of the last ten years of the century from a perspective that focuses on the regulated sexual and constructed gendered body The demarcating line of identity the perennial Irish problem can be gauged at the basic level of sexual and gender identity in contrast to or in alliance with political social religious or cultural norms All mechanisms that have gone into controlling the body gender regulation violence desire religious taboos can all be reinterpreted through the body in motion *Demons, Hamlets and Femmes Fatales* Jayne Steel, 2007 The book provides a lively discussion of the ways in which popular fiction appropriates the figure of the Provisional IRA activist and the political conflict within the north of Ireland It looks at how authors recreations or transformations of Irish republicanism might reveal self referential images that are ultimately a product of national identity and or gender identity An important focus of the book interrogates British fascination and fixation with the Provisional IRA and its terrors The many novels discussed in this study include Gerald Seymour Harry's Game Campbell Armstrong Jig Bernard MacLaverty Cal Mary Costello Titanic Town Jennifer Johnston *Shadows on our Skin* Deidre Madden *One by One through the Darkness* **Literature and Culture in Northern Ireland Since 1965** Richard Kirkland, 2016-07-01 This study considers writing within the cultural context of Northern Ireland and discusses how writing creates a sense of community and the different forms this takes when written from loyalist or republican perspectives The book takes its major theoretical energy from readings of Antonio Gramsci's concept of hegemony and Walter Benjamin's work on historiography these are applied to major writers such as Seamus Heaney Tom Paulin Paul Muldoon and Edna Longley and to institutions such as the Ulster Folk and Transport Museum

Literary Representations of Precarious Work, 1840 to the Present Michiel Rys, Bart Philipsen, 2022-01-03 *Literary Representations of Precarious Work 1840 to the Present* sheds new light on literary representations of precarious labor from 1840 until the present With contributions by experts in American British French German and Swedish culture this book examines how literature has shaped the understanding of socio economic precarity a concept that is mostly used to describe living and working conditions in our contemporary neoliberal and platform economy This volume shows that authors tried to develop new poetic tools and literary techniques to translate the experience of social regression and insecurity to readers While some authors critically engage with normative models of work by zooming in on the physical and affective backlash of being a precarious worker others even find inspiration in their own situations as writers trying to survive Furthermore this volume shows that precarity is not an exclusively contemporary phenomenon and that literature has always been a central

medium to critically register forms of social insecurity By retrieving parts of that archive this volume paves the way to a historically nuanced view on contemporary regimes of precarious work **Edinburgh Companion to Contemporary Scottish Literature** Berthold Schoene,2007-04-11 The Edinburgh Companion to Contemporary Scottish Literature examines the ways in which the cultural and political role of Scottish writing has changed since the country's successful referendum on national self rule in 1997 In doing so it makes a convincing case for a distinctive post devolution Scottish criticism Introducing over forty original essays under four main headings Contexts Genres Authors and Topics the volume covers the entire spectrum of current interests and topical concerns in the field of Scottish studies and heralds a new era in Scottish writing literary criticism and cultural theory It records and critically outlines prominent literary trends and developments the specific political circumstances and aesthetic agendas that propel them as well as literature's capacity for envisioning new and alternative futures Issues under discussion include class sexuality and gender nationhood and globalisation the New Europe and cosmopolitan citizenship postcoloniality London Irish Fictions Tony Murray,2012-01-01 Examines the specific role that the metropolis plays in literary portrayals of Irish migrant experience as an arena for the performance of Irishness as a catalyst in the transformations of Irishness and as an intrinsic component of second generation Irish identities

Sub-versions Ciaran Ross,2010 From Swift's repulsive shit flinging Yahoos to Beckett's dying but never quite dead moribunds Irish literature has long been perceived as being synonymous with subversion and all forms of subversiveness But what constitutes a subversive text or a subversive writer in twenty first century Ireland The essays in this volume set out to redefine and rethink the subversive potential of modern Irish literature Crossing three central genres one common denominator running through these essays whether dealing with canonical writers like Yeats Beckett and Flann O'Brien or lesser known contemporary writers like Sebastian Barry or Robert McLiam Wilson is the continual questioning of Irish identity Irishness going from its colonial paradigm and stereotype of the subaltern in MacGill to its uneasy implications for gender representation in the contemporary novel and the contemporary drama A subsidiary theme inextricably linked to the identity problematic is that of exile and its radical heritage for all Irish writing irrespective of its different genres *Sub Versions* offers a cross cultural and trans national response to the expanding interest in Irish and postcolonial studies by bringing together specialists from different national cultures and scholarly contexts Ireland Britain France and Central Europe The order of the essays is by genre This study is aimed both at the general literary reader and anyone particularly interested in Irish Studies **Literature of an Independent England** C. Postcolonial and Gender Perspectives in Irish Studies

Marisol Morales Ladrón, 2007 This book represents an attempt to tackle questions related to fragmented and often conflicting ideologies within Irish studies Although a collective outcome with contributions in English and Spanish its unifying concern has been the appliance of postcolonial and gender perspectives to the analysis of Irish literature prose drama and verse and cinema as well as to the aesthetic production of both the Republic of Ireland and Northern Ireland Along the volume while some authors have chosen to delve into the broad theoretical debate concerning the position of Irish studies within postcolonial and feminist theories others offer detailed examinations of specific literary pieces and authors that fit in this panorama All in all the chapters are wide and diverse enough to trace a spatial and temporal map of the evolution of these paradigms within contemporary Irish studies North and South of the border
