## Rise And Fall Of The Preb Box:

*Choctaws and Missionaries in Mississippi, 1818-1918* Clara Sue Kidwell, 1997-02-01 The present day Choctaw communities in central Mississippi are a tribute to the ability of the Indian people both to adapt to new situations and to find refuge against the outside world through their uniqueness Clara Sue Kidwell whose great great grandparents migrated from Mississippi to Indian Territory along the Trail of Tears in 1830 here tells the story of those Choctaws who chose not to move but to stay behind in Mississippi As Kidwell shows their story is closely interwoven with that of the missionaries who established the first missions in the area in 1818 While the U S government sought to civilize Indians through the agency of Christianity many Choctaw tribal leaders in turn demanded education from Christian missionaries The missionaries allied themselves with these leaders mostly mixed bloods in so doing the alienated themselves from the full blood elements of the tribe and thus failed to achieve widespread Christian conversion and education Their failure contributed to the growing arguments in Congress and by Mississippi citizens that the Choctaws should be move to the West and their territory opened to white settlement The missionaries did establish literacy among the Choctaws however with ironic consequences Although the Treaty of Dancing Rabbit Creek in 1830 compelled the Choctaws to move west its fourteenth article provided that those who wanted to remain in Mississippi could claim land as individuals and stay in the state as private citizens The claims were largely denied and those who remained were often driven from their lands by white buyers yet the Choctaws maintained their communities by clustering around the few men who did get title to lands by maintaining traditional customs and by continuing to speak the Choctaw language Now Christian missionaries offered the Indian communities a vehicle for survival rather than assimilation

**HIV drug resistance** World Health Organization, 2024-03-01 This brief report summarizes recent information on HIV drug resistance HIVDR in the era of integrase strand transfer inhibitors INSTI for HIV prevention and treatment In this report WHO documents high levels of HIV viral load suppression 90% in populations receiving dolutegravir DTG containing antiretroviral therapy ART However recent observational data reveal that HIVDR to DTG is emerging at levels exceeding those observed in clinical trials Few countries have reported people not achieving viral suppression while receiving DTG containing ART However amongst the surveys reported levels of DTG resistance ranged from 3.9% to 8.6% with levels as high as 19.6% observed among highly treatment experienced people who transitioned to a DTG containing ART while having high HIV viral loads Levels of observed DTG resistance in real world populations receiving ART appear to be higher than anticipated from clinical trials WHO recommends that countries routinely implement standardised surveillance of HIVDR to follow the prevalence and patterns of resistance among people not achieving suppressed viral load The use of long acting cabotegravir CAB LA for pre exposure prophylaxis PrEP greatly reduces the risk of acquiring HIV However INSTI resistance has been observed in some cases with recent CAB LA exposure and delayed detection and confirmation of HIV infection can increase the risk of selection of INSTI drug resistance associated mutations

Despite the possible risk the roll out of CAB LA for PrEP should not be hindered Scale up of PrEP should be accompanied by standardized surveillance of drug resistance among people testing positive for HIV while receiving PrEP

**The Presbyterian** ,1908 The Cross and the Rising Sun A. Hamish Ion,2006-01-01 Drawing on both Canadian and Japanese sources this book investigates the life work and attitudes of Canadian Protestant missionaries in Japan Korea and Taiwan the three main constituent parts of the pre 1945 Japanese empire from the arrival of the first Canadian missionary in East Asia in 1872 until 1931 Canadian missionaries made a significant contribution to the development of the Protestant movement in the Japanese Empire Yet their influence also extended far beyond the Christian sphere Through their educational social and medical work their role in introducing new Western ideas and social pursuits and their outspoken criticism of the brutalities of Japanese rule in colonial Korea and Taiwan the activities of Canadian missionaries had an impact on many different facets of society and culture in the Japanese Empire Missionaries residing in the Japanese Empire served as a link between citizens of Japan and Canada and acted as trusted interpreters of things Japanese to their home constituents *Presbyterian Survey* ,1921 *The Westminster* ,1907 **The Record of the Presbyterian Church in the United States of America** Presbyterian Church in the U.S.A.,1869 The Accounts of the Presbyterian Church in England ... 1847[-53, 59, 60]. Conant: Harvard to Hiroshima and the Making of the Nuclear Age James Hershberg,2019-07-31 James B Conant 1893 1978 was one of the titans of mid 20th century American history attaining prominence and power in multiple fields Usually remembered as an educational leader he was president of Harvard University for two tumultuous decades from the Depression to World War II to the Cold War and McCarthyism To take that job he gave up a scientific career as one of the country s top chemists and he

left it twenty years later to become Eisenhower's top diplomat in postwar Germany. Hershberg's prize-winning study however examines a critical aspect of Conant's life that was long obscured by government secrecy: his pivotal role in the birth of the nuclear age. During World War II as an advisor to Roosevelt and then Truman on the elite Interim Committee that considered how to employ the bomb against Japan, Conant was intimately involved in the decisions to build and use the atomic bomb. During and after the Manhattan Project, he also led efforts to prevent a postwar nuclear arms race between the United States and the Soviet Union that he feared threatened the survival of civilization, an apocalyptic prospect he glimpsed in the first instant of the new age when he witnessed the first test of the new weapon at Alamogordo on July 16, 1945.

a vivid inquiry, a model of historiography, evocative reading. Conant was central to atomic policy and progress; the bomb would be as much Conant's as it was anyone's in Government. His inner response to that burden, responsibility has long been obscured, but it is illuminated here.

Philip Morrison, *The New York Times Book Review*: In his splendid portrait of Conant, James Hershberg has illuminated the life of a pivotal figure in the making of U.S. nuclear, scientific, educational, and foreign policy for almost a half century. But the book is much more. It is not only an insightful narration of Conant's life; it is also a brilliant and important account of the making of the nuclear age, a chronicle that contains much that is new.

Hershberg's superb study is a chronicle of Conant's moral journey, and we are the wiser for his having charted Conant's path.

S.S. Schweber, *Washington Post Book World*: James G. Hershberg ably comes to grips with Conant and his hazardous times. His book is vibrantly written and compelling, and it breaches Conant's shield of public discretion in masterly fashion, making extensive use of unpublished interviews, diaries, reports, and correspondence pried from private and governmental repositories. It is a huge, ambitious work, a history of the Cold War as Conant encountered it, as well as a study of the man.

Daniel J. Kevles, *The New Yorker*: a well-written, comprehensive, nonjudgmental but sensitive biography. Conant was involved in so many and such critical events that students of almost any aspect of our public life over the past half century will find useful the new material and helpful insights in this book.

This fine biography of one of the most important and complicated of America's twentieth-century leaders immediately establishes James Hershberg as one of America's outstanding young historians.

Stephen E. Ambrose, *Foreign Affairs*: magnificent. Any reader interested in nuclear weapons, Cold War history, or American politics from FDR to JFK will find this biography riveting.

Priscilla McMillan, *Chicago Tribune*: masterful. The prose is clear, the narrative forceful, and the author's judgments are balanced and judicious. This is simply splendid biography. The highest praise one can give for a book of this sort is that the historian has not shrunk from speaking truth to power. This book quietly but insistently does so. It should be read by the public at large as one of the definitive texts on the Cold War and the nuclear age.

Hershberg's triumph is that he has prevailed over all the official lies to give us one more layer of the historical truth.

Kai Bird, *The Nation*: riveting, an impressive achievement, honest and comprehensive in its scholarship, the author has shown himself to be a historian of notable achievement and promise.

McGeorge Bundy, *Nature*: Hershberg's outstanding, balanced biography lifts the self

imposed secrecy surrounding a key architect of U S Cold War policy and of the nuclear age Publisher s Weekly an impressive and substantial achievement Hershberg has used the life of one strategically placed individual to illuminate the most important issues surrounding America s role and conduct in the nuclear age His book will be invaluable to scholars assessing the impact and legacy of the group who acquired the epithet wise men now that the Cold War has receded Carol S Gruber Science definitive a far more textured picture than one finds in Conant s own guarded and unrevealing autobiography an important and rewarding book illuminating Conant led a remarkable and eventful life in remarkable and eventful times James Hershberg has explored that life and those times in exhaustive and revealing detail Paul Boyer The New Republic James G Hershberg has achieved the impossible He has written a huge biography of a Harvard president that is fascinating informative and as valuable a piece of American history as anything I have read in years Mr Hershberg has brought us back vividly to an age that seems remote so long ago but the questions about nuclear proliferation are the same even while the answers are still ambiguous As we watch men struggling with unanticipated post Cold War problems and civil wars sprouting like Jason s men at arms it is good to read this story about a complex man who deserves an important place in our history because he helped make that history possible Arnold Beichman The Washington Times engrossing A magisterial study of an awesome and intriguing public career Kirkus Reviews entertaining thought provocative Dick Teresi The Wall Street Journal Hershberg s book helps us more clearly understand the postwar Establishment and offers a challenging appraisal of the role of elites of universities and of the state Gar Alperovitz In These Times Hershberg deserves great credit for cracking a tough New England walnut analyzing this very important public figure demonstrating how he fit into his own time and showing us what we can learn from the man Daniel R Mortensen The Friday Review of Defense Literature a compelling account an engaging examination of one of the central figures of the nuclear age It succeeds in showing one man s intersection with great events and issues and in the process illuminates those issues for us all American Historical Review well written Conant s participation in one of our country s most dynamic periods is thanks to Hershberg now much better understood Library Journal A reader of the book will enter the realm of the greats the shapers of worlds created by the atomic blasts at Hiroshima and Nagasaki Conant was no bit player in Cold War history the book is very successful in weaving Conant s subsurface persona in with his ups and downs as a prominent and committed public figure And it leaves out little detail in describing top level decisions involving the Cold War geopolitics of nuclear weaponry Conant was a participant in most of these decisions with Presidents Roosevelt and Truman themselves their Secretaries of War and State and of course all the major scientific figures of the time Chemical Engineering News A wonderfully rich portrait that emerges from a carefully documented account of Conant s role in the development of the atomic bomb and post war nuclear policy An extraordinarily well written text Hershberg lays bare the person behind the persona warts dimples and all Stanley Goldberg Bulletin of the Atomic Scientists
