Rise Corruption And Coming Fall Of The House Of Saud:

The Rise, Corruption and Coming Fall of the House of Saud Saïd K. Aburish, 2005-08-15 The explosive story of the dynasty whose greed and corruption have brought Saudi Arabia to the very brink of bankruptcy a dynasty now on the verge of collapse *The Rise, Corruption, and Coming Fall of the House of Saud* Saïd K. Aburish, 1996 Force and Fanaticism Simon Ross Valentine, 2015-01-09 Wahhabism is an Islamic reform movement found mainly in Saudi Arabia Closely linked to the Saudi monarchy it enforces a strict code of morality and conduct monitored by mutawa religious police and governs every facet of Saudi life according to its own strict interpretation of Shariah including gender segregation Wahhabism also prohibits the practice of any other faith even other forms of Islam in Saudi Arabia which is also the only country that forbids women from driving But what exactly is Wahhabism This question had long occupied Valentine so he lived in the Kingdom for three years familiarizing himself with its distinct interpretation of Islam His book defines Wahhabism and Wahhabi beliefs and considers the life and teaching of Muham mad ibn Abd al Wahhab and the later expansion of his sect Also discussed are the rejection of later developments in Islam such as bid ah harmful innovations among them celebrating the prophet s birthday and visiting the tombs of saints the destruction of holy sites due to the fear of idolatry Wahhabi law which imposes the death sentence for crimes as archaic as witch craft and sorcery and the connection of Wahhabism with militant Islam globally Drawing on interviews with Saudis from all walks of life including members of the feared mutawa this book appraises of one of the most significant movements in contemporary Islam **Historical Dictionary of Saudi Arabia** J.E. Peterson, 2020-03-06 The Kingdom of Saudi Arabia now has been under the spotlight of Western curiosity for more than 80 years More than 15% of the world s total oil reserves lie underneath Saudi Arabia and in the early 1990s the kingdom became the world s largest crude oil producer Not surprisingly a world highly dependent on oil regards the desert kingdom as an area of intense strategic concern as reflected in the coalition of forces assembled on Saudi soil to oust Iraq from Kuwait in 1991 Also it played a major role in the invasion of Saddam Husayn s Iraq in 2003 and shares concern with the West over Iran s nuclear intentions throughout the 21st century This third edition of Historical Dictionary of Saudi Arabia contains a chronology an introduction and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Saudi Arabia *Conflict and War in the Middle East* Bassam Tibi, 1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through

escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi s examination of the Middle East wars in the period 1967-91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War

Qatar Allen J. Fromherz, 2017-06-01 What role does Qatar play in the Middle East and how does it differ from the other Gulf states How has the ruling Al Thani family shaped Qatar from a traditional tribal society and British protectorate to a modern state How has Qatar become an economic superpower with one of the highest per capita incomes in the world What are the social political and economic consequences of Qatar s extremely rapid development In this groundbreaking history of modern Qatar Allen J Fromherz analyzes the country s crucial role in the Middle East and its growing regional influence within a broader historical context Drawing on original sources in Arabic English and French as well as his own fieldwork in the Middle East the author deftly traces the influence of the Ottoman and British Empires and Qatar s Gulf neighbors prior to Qatar s meteoric rise in the post independence era Fromherz gives particular weight to the nation s economic and social history from its modest origins in the pearling and fishing industries to the considerable economic clout it exerts today a clout that comes from having the region s second highest natural gas reserves He also looks at what the future holds for Qatar s economy as the country tries to diversify beyond oil and gas The book further examines the paradox of Qatar where monarchy traditional tribal culture and conservative Islamic values appear to coexist with ultramodern development and a large population of foreign workers who outnumber Qatari citizens This book is as unique as the country it documents a multifaceted picture of the political cultural religious social and economic makeup of modern Qatar and its significance within the Gulf Cooperation Council and the wider region

Saudi Arabia Anders Jerichow, 2020-11-25 Based on interviews with sources ranging from dissidents to diplomats the book takes the reader behind the wall of piety and medievalism that guards Saudi sensitivities Discussing the ruling family s self awarded birthright to wealth and power Anders Jerichow questions whether it is possible to ignore the rules of the world and still enjoy the protection of the international community

Hatred's Kingdom Dore Gold, 2012-04-01 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

All in the Family Michael Herb, 2016-03-22 Michael Herb proposes a new paradigm for understanding politics in Saudi Arabia and the Gulf He critiques the theory of the rentier state and argues that we must put political institutions and specifically monarchism at the center of any explanation of Gulf politics All in the Family provides a compelling and fresh analysis of the importance of monarchism in the region and points out the crucial role of the ruling families in creating monarchical regimes It addresses the issue of democratization in the Middle Eastern monarchies arguing that the prospects for the gradual emergence of constitutional monarchy are better than is often thought

Offering the first in depth exploration of Saudi Arabia s political social and diplomatic role in the Six Day War this study sheds light on the kingdom s overlooked but pivotal contributions to one of the most consequential conflicts in modern Middle Eastern history Drawing on both newly available material and a fresh analytical approach it also highlights how the war influenced Saudi Arabia s evolving identity and regional positioning Far from being a peripheral actor Saudi Arabia played a crucial role in shaping Arab responses to Israel during and after the 1967 war from economic warfare via the oil embargo to internal shifts in leadership ideology and governance Drawing on archival material and extensive analysis this book situates Saudi Arabia s wartime decisions within the broader framework of its internal transformations and evolving regional ambitions Through a close examination of King Faisal s leadership domestic tensions oil diplomacy and the kingdom s strategic recalibration this study reveals how the Six Day War became a pivotal moment in Saudi Arabia s emergence as a regional power It shows how the conflict reshaped Saudi Israeli dynamics and laid the foundation for the kingdom s complex and at times contradictory approach to Israel in the decades that followed Essential reading for scholars and students of Middle East politics Gulf studies and international relations this book also appeals to anyone seeking to understand the historical roots of today s Saudi Israeli engagement It offers fresh insights into the intersection of domestic upheaval and regional diplomacy
