Holt, 2003-05-01 Here Michael F Holt gives us the only comprehensive history of the Whigs ever written He offers a panoramic account of the

tumultuous antebellum period a time when a flurry of parties and larger than life politicians Andrew Jackson John C Calhoun Martin Van Buren and Henry Clay struggled for control as the U S inched towards secession It was an era when Americans were passionately involved in politics when local concerns drove national policy and when momentous political events like the Annexation of Texas and the Kansas Nebraska Act rocked the country Amid this contentious political activity the Whig Party continuously strove to unite North and South emerging as the nation s last great hope to prevent secession

The Rise of the Shame Society Marcel H. Van Herpen, 2022-06-01 American society is often characterized as a guilt culture as opposed to non Western shame cultures But is this distinction still valid today Through examples like shaming penalties in criminal law fat shaming and cyberbullying on the social media The Rise of the Shame Society America s Change from a Guilt Culture into a Shame Culture shows how shame is increasingly invading our lives leading to feelings of humiliation and depression Marcel Van Herpen identifies three causes of this phenomenon new childrearing methods the advent of the social media and a transformation of Western individualism He weighs the arguments for and against a shame society and concludes that a guilt centered approach remains preferable Although shame increasingly permeates everyday life the author argues that its rise is not a fatality He emphasizes that shame is a dynamic phenomenon and that one can observe trends which lead to an increase of shame as well as to its decrease Examples of the latter are a growing sensitivity to the pain caused by anti Black racism the decrease of anti LGBTQIA prejudices and efforts to end the stigmatization of people with disabilities Along with exploring its increase The Rise of the Shame Society demonstrates that there are ways to overcome shame

The Duty of a Rising Christian State to Contribute to the World's Well-being and Civilization, and the Means by which it May Perform the Same Alexander Crummell, 1856

The Geography of Good and Evil Andreas Kinneging, 2023-04-04 Do good and evil exist Absolutely In this bracing book the eminent Dutch philosopher Andreas Kinneging turns fashionable thinking on its head revealing how good and evil are objective universal and unchanging and how they must be rediscovered in our age In mapping the geography of good and evil Kinneging reclaims and reintroduces us to the great tradition of ancient and Christian thought Traditional wisdom enables us to address the eternal questions of good and evil that confront us in both public and private life Though it is common to accept uncritically the blessings of modernity and its intellectual sources the Enlightenment and Romanticism Kinneging shows that traditional thinking is richer and more realistic Indeed we see how in more than a few respects the Enlightenment and Romanticism brought not progress but deterioration Kinneging skillfully

reformulates and defends the insights of traditional thinking for today's readers demonstrating how an objective morality is to be understood and how we can know what morality demands of us At a time when the traditional virtues have practically disappeared from our language that is all but one tolerance he lays out the foundations of virtue and vice Ultimately Kinneging reveals the lasting significance of these seemingly archaic notions to our own lives to our families to our culture and to civilization This profound award winning work establishes Andreas Kinneging as one of our wisest moral philosophers

Animus Rising Bernard X. Bovasso, 2010-02-05 The subject of Dr Freud's Oedipal Complex deals essentially with Fathers and sons Neglected however in much psychological exegesis is something equivalent as Mothers and daughters In the following work as much has been attempted and with special attention given to what Dr C G Jung called the animus the unconscious maleness of the feminine psyche However the animus is not limited to the feminine estate simply because it is engendered as Spirit per se and with broader implication as zeitgeist It is thus included as an aspect of Western culture and collective consciousness The World Animus makes its first pre historic appearance in what is known as a standing stone The giant phallus thus serves as an image exemplifying what I refer to as Animus Rising and as such not only represents a momentous event in the early period of European and Western culture but the modern culture trend especially noticeable in the U S A toward a matricentric society

Psychology: the Motive Powers, Emotions, Conscience, Will James McCosh, 1887 In this volume I unfold the characteristics of the motive powers as they are called the oreotive the appetent the impulsive powers the feelings the sentiments the affections the heart as distinguished from the Gnostic the cognitive the intellect the understanding the reason the head These motive powers fall under three heads the emotions the conscience the will It is not to be understood that these are unconnected with each other or with the cognitive emotions contain an idea which is cognitive The conscience may be regarded as combining characteristics of each of the two grand classes being cognitive as discerning good and evil and motive as leading to action the will has to use the other powers as

going on to action Emotion occupies more room than the other two in this treatise inasmuch as its operations are more varied and as the account usually given of it so it appears to me is more defective Introduction PsycINFO Database Record c 2010 APA all rights reserved **The Rising Laity** Massimo Faggioli, 2016 The Duty of a Rising Christian State to contribute to the World's Well being and Civilization, and the means by which it may perform the same. The annual oration before the Common Council and the citizens of Monrovia, Liberia, July 26, 1855, etc Alexander CRUMMELL, 1856 **The Cross and Reaganomics** Eric R. Crouse, 2013-05-16 The Cross and Reaganomics Conservative Christians Defending Ronald Reagan by Eric R Crouse offers important insights on why Reaganomics was a major reason conservative Christians supported Reagan at the polls On election night in November 1980 Americans witnessed the victory of a conservative to the presidency With the United States experiencing economic stagnation and high inflation many were hopeful of Ronald Reagan s deeds matching his optimistic rhetoric of America s potential What followed was a decade of economic transformation military buildup and a political awakening of conservatism One story that has not received much attention is the relationship between conservative Christians and Ronald Reagan s economic policies Crouse argues that conservative Christians were among the strongest champions of limited government free enterprise particularly small business and anticommunism A surprising number of conservative Christian leaders discussed the works of major free market economists Conservative Christians embraced and tapped into the traditional American values of individual opportunity personal responsibility and human freedom all themes they believed were front and center in Reaganomics Although American pluralism prevented any plan to Christianize the nation by politics in the sphere of economics conservative Christians did witness political and cultural gains
