Modern Yiddish Culture Emanuel Goldsmith, 1997 The phenomenal rise of Yiddish language and culture is one of the most interesting and colorful sagas of modern Jewish history In this significant book Dr Goldsmith relates the growth of Yiddish to the explosion of Jewish literature the surge of Zionism and the popularity of Socialism that impacted upon the Jews of Europe America and Israel Including a study of the major personalities associated with the first Yiddish Language Conference 1908 this is the first comprehensive work to explore a movement that affected the lives of millions of Jews before the Holocaust and continues to influence Jewish life throughout the world *The Emergence Of Modern Jewish Politics* Zvi Gitelman, 2010-06-15 The Emergence of Modern Jewish Politics examines the political social and cultural dimensions of Zionism and Bundism the two major political movements among East European Jews during the first half of the twentieth century While Zionism achieved its primary aim the founding of a Jewish state the Jewish Labor Bund has not only practically disappeared but its ideals of socialism and secular Jewishness based in the diaspora seem to have failed Yet as Zvi Gitelman and the various contributors to this volume argue it was the Bund that more profoundly changed the structure of Jewish society politics and culture In thirteen essays prominent historians political scientists and professors of literature discuss the cultural and political contexts of these movements their impact on Jewish life and the reasons for the Bund's demise and they question whether ethnic minorities are best served by highly ideological or solidly pragmatic movements **Modern**

religious tradition and that to achieve this result the Bible and Midrash would need to exist in modern Yiddish translation Modern Yiddish culture developed in the midst of these opposing concepts Fishman follows the rise of the culture to its apex the founding of the Yiddish Scientific Institute YIVO in Vilna in 1925 and concludes with the dramatic story of the individual efforts that preserved the books and papers of YIVO during the destruction and annihilation of World War II and in postwar Soviet Lithuania The Rise of Modern Yiddish Culture like those efforts preserves the cultural heritage of east European Jews with thorough research and fresh insights

Karlip, 2013-06-01 The Tragedy of a Generation is the story of a failed ideal an autonomous Jewish nation in Europe It traces the origins of two influential strains of Jewish thought Yiddishism and Diaspora Nationalism and documents the waning hopes and painful reassessments of their leading representatives against the rising tide of Nazism and the Holocaust

Collect and Record! Laura Jockusch, 2012-09-20 This book describes the vibrant activity of survivors who founded Jewish historical commissions and documentation centers in Europe immediately after the Second World War In the first postwar decade these initiatives collected thousands of Nazi documents along with testimonies memoirs diaries songs poems and artifacts of Jewish victims They pioneered in developing a Holocaust historiography that placed the experiences of Jews at the center and used both victim and perpetrator sources to describe the social economic and cultural aspects of the everyday life and death of European Jews under the Nazi regime This book is the first in depth monograph on these survivor historians and the organizations they created A comparative analysis it focuses on France Poland Germany Austria and Italy analyzing the motivations and rationales that guided survivors in chronicling the destruction they had witnessed while also discussing their research techniques archival collections and historical publications It reflects growing attention to survivor testimony and to the active roles of survivors in rebuilding their postwar lives It also discusses the role of documenting testifying and history writing in processes of memory formation rehabilitation and coping with trauma Jockusch finds that despite differences in background and wartime experiences between the predominantly amateur historians who created the commissions the activists found documenting the Holocaust to be a moral imperative after the war the obligation of the dead to the living and a means for the survivors to understand and process their recent trauma and loss Furthermore historical documentation was vital in the pursuit of postwar justice and was deemed essential in counteracting efforts on the part of the Nazis to erase their wartime crimes The survivors who created the historical commissions were the first people to study the development of Nazi policy towards the Jews and also to document Jewish responses to persecution a topic that was largely ignored by later generations of Holocaust scholars

Catastrophe and Utopia Ferenc Laczo, Joachim von Puttkamer, 2017-11-20 Catastrophe and Utopia studies the biographical trajectories intellectual agendas and major accomplishments of select Jewish intellectuals during the age of Nazism and the partly simultaneous partly subsequent period of incipient Stalinization By focusing on the relatively underexplored region of Central and Eastern Europe which was the primary centre of Jewish life

prior to the Holocaust served as the main setting of the Nazi genocide but also had notable communities of survivors the volume offers significant contributions to a European Jewish intellectual history of the twentieth century Approaching specific historical experiences in their diverse local contexts the twelve case studies explore how Jewish intellectuals responded to the unprecedented catastrophe how they renegotiated their utopian commitments and how the complex relationship between the two evolved over time They analyze proximate Jewish reactions to the most abysmal discontinuity represented by the Judeocide while also revealing more subtle lines of continuity in Jewish thinking Ferenc Lacz is assistant professor in History at Maastricht University and Joachim von Puttkamer is professor of Eastern European History at Friedrich Schiller University Jena and director of the Imre Kert sz Kolleg

Homecoming Veterans in Literature and Culture Niels Boender, 2025-03-28 From Homer's Odyssey itself the return of the veteran to his or her home has been a central trope of the literary canon Huge bureaucracies and a panoply of global organisations are deeply concerned with facilitating a painless return to stable homes This book presents homecoming as an analytical lens to better understand veterans return and reintegration after conflict Home is held to be multidimensional a concept encapsulating the physical and the social particularly disrupted by experiences of violence Homecoming is therefore not a mere moment but a process that can unfold over years and decades as old and new bonds of familiarity are forged Struggles over the home and homecoming are moreover endlessly political
